Die Geschichte des Films in popigen Bildern nacherzählt: Das Bilderbuch folgt dem Drehbuch jenes 1968 vielbeachteten Beatles-Filmes namens 'Yellow Submarine'. Es lehnt sich an die Bildvorstellungen, die in jener farbigen Flower-Power Zeit Einfluss auf die Stilbildung hatten, und es erzählt die Handlung des Filmes. Dort geht es um Pepperland, welches tief unter dem Meeresspiegel, von langweiligen Blaumeisen bevölkert, mittels Musik erlöst werden soll. Kapt'n Fred holt die vier Liverpooler und führt sie unter der eingängigen Beatles-Musik, die das Buch nicht wiedergibt, zurück nach Pepperland, wo sie die bedauernswerten Einwohner mit ihrem Slogan "all you need is love" befreien und neu zum Leben erwecken. Die Bilder sind popartige und farbenprächtige Nachempfindungen jener im Film. Ab 7 Jahren, möglich, Ruedi W. Schweizer.

Yellow like a Submarine, Purple like the Rain Routledge

The perfect gift for any Beatles fan, *In Their Lives* is an anthology of essays from a chorus of twenty-nine luminaries singing the praises of their favorite Beatles songs. The Beatles' influence—on their contemporaries, on our cultural consciousness, and on the music industry ever after—is difficult to overstate. We all have a favorite song from the band that made us want to fall in love, tune in, and follow our dreams. Arranged chronologically by the date of the song's release, these essays highlight both the Beatles' evolution as well as the span of generations their music affected. Whether they are Beatlemaniacs who grew up listening to the iconic albums on vinyl or new fans who stream their favorite songs on their phones, all of the contributors explore that poignant intersection between Beatles history and personal history. With contributions from twenty-nine authors and musicians—Roz Chast on “She Loves You,” Jane Smiley on “I Want to Hold Your Hand,” Rosanne Cash on “No Reply,” Gerald Early on “I’m a Loser,” Rick Moody on “The End,” Maria Popova on “Yellow Submarine,” David Duchovny on “Dear Prudence,” Chuck Klosterman on “Helter Skelter,” David Hajdu on “You Know My Name (Look Up the Number),” and more—the

breadth of the band's impact is clear. From musings on young love and family strife to explorations of racial boundaries and identity, these essays pay tribute to a band that ran the gamut of human experience in a way no musical group has done before or since. Timed for the fiftieth anniversary of the release of Sgt. Pepper's Lonely Hearts Club Band, this anthology captures the full spectrum of reasons fans still love the Fab Four after all these years. “In Their Lives is full of pleasant surprises.”—New York Times

The fourth book of this critically acclaimed series, "The Beatles Recording Reference Manual: Volume 4: The Beatles through Yellow Submarine (1968 - early 1969)" captures The Beatles as they take the lessons of Sgt. Pepper forward with an ambitious double-album that is equally innovative and progressive. From the first take to the final remix, discover the making of the greatest recordings of all time. Through extensive, fully-documented research, these books fill an important gap left by all other Beatles books published to date and provide a unique view into the recordings of the world's most successful pop music act. The collection and analysis of hundreds of recordings (takes, outtakes, remixes and released versions), books, magazine articles, photos, film and video evidence, and interviews with key engineers who worked on the sessions filter out the noise of myth and conflicting fact to arrive at an accurate telling of the creation of The Beatles' classic recordings. Book features: Commercial releases during the period (albums, singles and extended play (EP) discs) Song-by-song narratives of work during the period in order of first recording (Each narration includes an introduction to the song, information on the technical team responsible for production and a description of the construction of the song from the first take to the final remix, detailing the entire recording process.). An easy to follow diagram of the recording process. A year-by-year overview of the recording studios used by the band, including the available equipment configurations. A year-by-year overview of the instruments and amplifiers used by the band. A session-by-session breakdown of every technical component used in the creation of the songs (listing the session date, location, work completed, technical staff, musicians, instruments used, amplifiers used, recording equipment, microphones and studio effects used). A listing of mono and stereo master remixes, their dates of creation and their release versions (for UK release). Tables outlining the use during the period of electric and acoustic guitars, basses, drums, percussion, keyboards and other instruments, amplifiers, EMI Studios outboard equipment and microphones. An explanation of technical equipment in relation to The Beatles recording sessions. A glossary of terms. A complete bibliography.

(Limelight). Al Brodax was the producer and co-author of the ground-breaking animated film, *Yellow Submarine*. In this book he recalls a frenzied, madcap escapade that came to be reflected in an enduring piece of screen history. In addition to Al and The Beatles, the "cast" included more than a dozen animators, platoons of inkers, background artists, soundmen, cameramen, and various essential expeditors. They produced, aside from the film, more than a dozen pregnancies and one or two marriages. This generously illustrated book is a special gift to fans of the Beatles, of *Yellow Submarine* and of spirited, flavorful writing about movies. (267 pages, 8 x 9.33)

This book examines the relationship that exists between fantasy cinema and the medium of animation. Animation has played a key role in defining our collective expectations and experiences of fantasy cinema, just as fantasy storytelling has often served as inspiration for our most popular animated film and television. Bringing together contributions from world-renowned film and media scholars, *Fantasy/Animation* considers the various historical, theoretical, and cultural ramifications of the animated fantasy film. This collection provides a range of chapters on subjects including Disney, Pixar, and Studio Ghibli, filmmakers such as Ralph Bakshi and James Cameron, and on film and television franchises such as Dreamworks' *How To Train Your Dragon* (2010-) and HBO's *Game of Thrones* (2011-).

A critical evaluation of Philip Roth—the first of its kind—that takes on the man, the myth, and the work Philip Roth is one of the most renowned writers of our time. From his debut, *Goodbye, Columbus*, which won the National Book Award in 1960, and the explosion of *Portnoy's Complaint*

in 1969 to his haunting reimagining of Anne Frank's story in *The Ghost Writer* ten years later and the series of masterworks starting in the mid-eighties—*The Counterlife*, *Patrimony*, *Operation Shylock*, *Sabbath's Theater*, *American Pastoral*, *The Human Stain*—Roth has produced some of the great American literature of the modern era. And yet there has been no major critical work about him until now. Here, at last, is the story of Roth's creative life. *Roth Unbound* is not a biography—though it contains a wealth of previously undisclosed biographical details and unpublished material—but something ultimately more rewarding: the exploration of a great writer through his art. Claudia Roth Pierpont, a staff writer for *The New Yorker*, has known Roth for nearly a decade. Her carefully researched and gracefully written account is filled with remarks from Roth himself, drawn from their ongoing conversations. Here are insights and anecdotes that will change the way many readers perceive this most controversial and galvanizing writer: a young and unhappily married Roth struggling to write; a wildly successful Roth, after the uproar over *Portnoy*, working to help writers from Eastern Europe and to get their books known in the West; Roth responding to the early, Jewish—and the later, feminist—attacks on his work. Here are Roth's family, his inspirations, his critics, the full range of his fiction, and his friendships with such figures as Saul Bellow and John Updike. Here is Roth at work and at play. *Roth Unbound* is a major achievement—a highly readable story that helps us make sense of one of the most vital literary careers of the twentieth and twenty-first centuries.

The Beatles *Magical Mystery Tour and Yellow Submarine* is the latest installment in the Beatles Album Series by Beatles historian Bruce Spizer. The book covers the songs and projects undertaken by the Beatles shortly after completion of their album *Sgt. Pepper's Lonely Hearts Club Band* in April 1967. In following ten months, the group wrote and recorded the song "All You Need Is Love" for the *Our World* TV program that was broadcast by satellite throughout the world, wrote the songs for and filmed the TV spectacular *Magical Mystery Tour*, wrote the songs for their feature length cartoon film *Yellow Submarine*, and recorded the songs "Lady Madonna" and "Across The Universe" before heading to India to study transcendental meditation in mid-February 1968. The book covers these remarkable achievements from the British, American, and Canadian perspectives, and includes chapters on the packaging of the albums and the writing and recording of the songs. It also has chapters on how the Beatles influenced our world, the friendly rivalry between the Beatles and the Rolling Stones, the Beatles Saturday morning cartoons, dozens of fan recollections, and more. The book has over 150 images.
