How to Start a Blog and Make Money Sams Publishing
Blogging is one of the few hobbies that can grow into a way to make money and work from anywhere. Despite the possibilities it offers, not everyone can get their breakthrough from blogging. This is unless you have the right information and skillset. This skillset doesn't necessarily mean having exceptional writing skills; it is merely knowing the proper ways to promote and monetize

the blog. These two areas are where a lot of bloggers miss the opportunities that abound in the blogosphere. In this book, the authors offer all the information you need regarding how to start a blog from scratch. It also introduces some essential information that you must know if you are about to create a successful blog that will earn you money. If you're considering publishing your own blog for the first time, now is the time to do it. Blogs are one of the hottest communication

tools on the 'net. The number of active bloggers online continues to grow each day—estimated to reach over 31 million by 2020. Getting started with blogging can seem overwhelming. And I'm not going to lie: It takes a lot of work to set up your website, but once it's up and running, your blog becomes a personal space for expression, creativity, and for the ambitious among you, a way to build an audience and, if you are lucky, supplement to your income. In this eBook, we'll be going over the

fundamentals of blogging—from deciding on a host, to topics, to tags, and even the finer details like scheduling and optimizing your blog for the search engines. Once you've gotten your feet wet, you'll be on your way to writing in no time. *Blog for Bucks Grow Your Networking Business* We started *Asymmetrical* for a laundry list of reasons, but all those reasons point back to one underlying goal: Adding Value. If *Asymmetrical* has a single objective, that's it. We know that if

we add enough value to enough people through Asymmetrical, then we'll be able to raise the tide of Independent Publishing, not just our own work, but Indie Publishing as a whole. That way everyone benefits; a rising tide lifts all boats. Adding Value is the reason we've put together this Guide. We want to prove to you that you needn't worship at the altar of the old guard, that you needn't "submit" to anyone. You can successfully publish on your own, soup to nuts, controlling every morsel

of the Process. The present day is the most exciting time in history to be an Author. No longer are you beholden to the gatekeepers; no longer must you compromise your art. For the first time in publishing history, you are in control. We know this first hand. The Authors of this Guide aren't some hacks who just write about writing. Nope. Rather, when we weren't happy with the publishing landscape, we took matters into our own hands; we refused to wait for someone else's

permission to publish our work. And guess what: we've been successful. We've published over 30 Books (nonfiction, fiction, and memoirs), several of which have been bestsellers; we've toured internationally; and we've established audiences larger than most Traditionally Published Authors. But that's because we're not just Authors, and neither are you. Over the course of is Guide, we'll show you, based on our own experience as successful Independent Authors, how

to publish an Indie Book. This book includes six chapters: 1. How to Write a Book 2. How to Edit and Proofread Your Book 3. How to Create a Book Cover, Author Bio, and Synopsis for Your Book 4. How to Format Your Book for Print, Ebook, and Audiobook 5. How to Distribute Your Book via Various Sales Channels 6. How to Successfully Promote Your Book to an Audience
