*History of the Philippine Islands*

Bright Girl Books

When the Japanese began their brutal occupation of the Philippines in early 1942, 76,000 ill and starving Filipinos and many Americans were left to defend Bataan, Manila, and

surrounding islands. During the three violent years of occupation that followed, Allied sympathizers smuggled supplies and information to guerilla fighters and prisoner camps around the country. Theresa Kaminski's Angels of the Underground tells the story of two such members of this lesser-known resistance movement - American women known only as Miss U and High Pockets. Incredibly adept at skirting occupation authorities to support the Allied effort, the very nature of their clandestine wartime work meant that the truth behind their dangerous activities had to be obscured as long as the Japanese occupied the Philippines. Were

their identities revealed, they would be arrested, tortured, and executed. Throughout the war, Miss U and High Pockets remained hidden behind a veil of deceit and subterfuge. Angels of the Underground offers the compelling tale of two ordinary American women propelled by extraordinary circumstances into acts of heroism. Married to servicemen, Peggy Utinsky and Claire Phillips, the women behind Miss U and High Pockets, hoped that their clandestine efforts would reunite them with their husbands. Both men died at the hands of the Japanese, but Utinsky and Phillips stayed on through the occupation, working in hospitals, moving

supplies, and building their networks. Utinsky narrowly survived a month of torture at Fort Santiago, then joined John Boone's guerilla band and became a brevet second lieutenant before returning to the Red Cross until the end of the war. Phillips barely escaped execution in 1943, and was sentenced to hard labor in a prison camp, where she remained until February 1945. Angels of the Underground illuminates the complex political dimensions of the occupied Philippines and its importance to the war effort in the Pacific. Kaminski's narrative sheds light on the Japanese-occupied city of Manila; the Bataan Death March and subsequent

incarceration of American military prisoners in camps O'Donnell and Cabanatuan under horrific conditions; and the formation of guerrilla units in the mountains of Luzon. *Angels of the Underground* makes a significant contribution to the work on women's wartime experiences. Through the lens of Utinsky and Phillips, who never wavered in their belief that it was their duty as patriotic American women to aid the Allied cause, Kaminski highlights how women have always been active participants in war, whether or not they wear a military uniform. An impressive work of scholarship grounded in archival research and personal interviews, this is also

a stunning story of courage and heroism in wartime.

"Deft and lovely...The

perfect weight, in all ways. It's suitable for a vacation, and you can describe it in one inviting line, but then it keeps unfolding and deepening, taking unexpected turns."

—The New York Times Book Review To four girls who have nothing, their friendship is everything: they are each other's confidants, teachers, and family. The girls are all named Guinevere—Vere, Gwen, Ginny, and Win—and it is the surprise of finding another Guinevere in their midst that first brings them together. They come to The Sisters of the Supreme Adoration convent by different paths, delivered by their families, each with her own complicated, heartbreaking story

that she safeguards. Gwen is all Hollywood glamour and swagger; Ginny is a budding artiste with a sentiment to match; Win's tough bravado isn't even skin deep; and Vere is the only one who seems to be a believer, trying to hold onto her faith that her mother will one day return for her.

However, the girls are more than the sum of their parts and together they form the all powerful and confident The Guineveres, bound by the extraordinary coincidence of their names and girded against the indignities of their plain, sequestered lives. The nuns who raise them teach the Guineveres that faith is about waiting: waiting for the mail, for weekly wash

day, for a miracle, or for the day they turn eighteen and are allowed to leave the convent. But the Guineveres grow tired of waiting. And so when four comatose soldiers from the War looming outside arrive at the convent, the girls realize that these men may hold their ticket out. In prose shot through with beauty, Sarah Domet weaves together the Guineveres' past, present, and future, as well as the stories of the female saints they were raised on, to capture the wonder and tumult of girlhood and the magical thinking of young women as they cross over to adulthood.

A book about love, loss, and the power of music, perfect for fans of Nick Hornby and Fangirl. Taliah Sahar Abdallat lives and breathes music. Songs have always helped Tal ease the pain of never having known her father. Her mother, born in Jordan and very secretive about her past, won't say a word about who her dad really was. But when Tal finds a shoebox full of old letters from

Julian Oliver—yes, the indie rock star Julian Oliver—she begins to piece the story together. She writes to Julian, but after three years of radio silence, she's given up hope. Then one day, completely out of the blue, Julian shows up at her doorstep, and Tal doesn't know whether to be furious or to throw herself into his arms. Before she can decide, he asks her to go on a trip with him to meet her long-estranged family and to say good-bye to his father, her grandfather, who is dying. Getting to know your father after sixteen years of estrangement doesn't happen in one car ride. But as Tal spends more time with Julian and his family, she begins to untangle her parents'

secret past, and discovers a part of herself she never recognized before. By the acclaimed author of *My Heart and Other Black Holes*, this is an intergenerational story of family and legacy and the way love informs both of those things. It's about secrets and the debt of silence. It's about the power of songs. And most of all, it's about learning how to say hello. And good-bye. *Avenged* Scholastic Inc.

An indispensable guide to understanding—and living or working with—people whose behavior leaves you frustrated and confused. We all have people in our lives who frustrate, annoy, or hurt us: workplace bullies, those who always claim to be right, or those with anxious or obsessive personalities. And most of us hurt others occasionally, too. Now,

authors Dr. Helen McGrath, a clinical psychologist and professor, and Hazel Edwards, a professional writer, offer this highly readable, extremely practical guide to dealing with the difficult personalities we encounter every day—in others, and in ourselves. Taking the American Psychiatric Association’s widely used Diagnostic and Statistical Manual of Mental Disorders (DSM-IV-TR) as its starting point, *Difficult Personalities* helpfully outlines over a dozen different personality traits and types, detailing their common characteristics and underlying motivations. It also equips readers with numerous strategies for dealing with difficult behavior,

including:

- Anger and conflict management
- Optimism and assertion training
- Rational and empathic thinking
- Reexamining your own personality.

Readers will also benefit from sections on making difficult decisions and maintaining romantic relationships. Perfect for anyone who has ever wished that other people came with a handbook, *Difficult Personalities* illuminates the personality differences that so often serve as barriers to cooperation in the workplace and harmony at home. Praise for *Difficult Personalities* “A no-frills resource that is both easy to understand and highly informative.... McGrath and Edwards have avoided scientific

jargon and created a handbook people can put to use immediately. There's nothing difficult about this book, except for the subject it gracefully explicates."—Publisher's Weekly
