"Any readers who have been fans of Dan Brown's conspiracies will enjoy." --New York Journal of Books on Sunfail Alibi Island is the one place on earth where the rich and famous are kings. Back in America they're just rich. They're surrounded by the cult of celebrity their wealth brings, but they can never be themselves. They can never indulge in their darkest desires and let the beast that is their true nature out. The place is legendary. Few ever get the black and gold card inviting them to indulge, and fewer still can afford the stay. But there is a dark side to paradise. The island is the hub of a human trafficking operation that sees children stolen from their families in India and Asia and familiar faces of milk cartons in the United States. Every taste and perversion needs to be catered for on the Island. And when the young sex slaves are finally broken and used up then they become fair game in a murderous hunt where, with nowhere to go, they are forced to run for their lives. Alibi Island is lucrative business. What happens on the island stays on the island. That's

the promise. But it is a lie. Everything that happens is recorded. All of that footage becomes blackmail material down the line, as the islands secret power brokers look to cement their stranglehold on power. And when a Senator's daughter's disappearance is linked to the island all of its darkest secrets are at risk..

NEW YORK TIMES BESTSELLER "Freaky pleasure...it scratches a nostalgic itch for those who grew up on Saturday morning Scooby-Doo cartoons and sugar-bombed breakfast cereal" --USA Today "Deliriously wild, funny and imaginative. Cantero is an original voice." --Charles Yu, author of *How to Live in a Science Fictional Universe* With raucous humor and brilliantly orchestrated mayhem, *Meddling Kids* subverts teen detective archetypes like the Hardy Boys, the Famous Five, and Scooby-Doo, and delivers an exuberant and wickedly entertaining celebration of horror, love, friendship, and many-tentacled, interdimensional demon spawn. SUMMER 1977. The Blyton Summer Detective Club (of Blyton Hills, a small mining town in Oregon's Zoinx River Valley) solved their final mystery and unmasked the elusive Sleepy Lake monster—another low-life fortune hunter trying to get his dirty hands on the legendary riches hidden in Deboën Mansion. And he would have gotten away with it too, if it weren't for those meddling kids. 1990. The former detectives have grown up and apart, each haunted by disturbing memories of their final night in the old haunted house. There are too many strange, half-remembered encounters and events that cannot be dismissed or explained away by a guy in a mask. And Andy, the once intrepid tomboy now wanted in two states, is tired of running from her demons. She needs answers. To find them she will need Kerri, the one-time kid genius and budding biologist, now drinking her ghosts away in New York with Tim, an excitable Weimaraner descended from the original canine member of the club. They will also have to get Nate, the horror nerd currently residing in an asylum in Arkham, Massachusetts. Luckily Nate has not lost contact with Peter, the handsome jock turned movie star who was once their team leader . . . which is remarkable, considering Peter has been dead for years. The time has come to get the team back together, face their fears, and find out what actually happened all

those years ago at Sleepy Lake. It's their only chance to end the nightmares and, perhaps, save the world. A nostalgic and subversive trip rife with sly nods to H. P. Lovecraft and pop culture, Edgar Cantero's *Meddling Kids* is a strikingly original and dazzling reminder of the fun and adventure we can discover at the heart of our favorite stories, no matter how old we get.

An existentially frightening book." —Paul Tremblay, author of *Survivor Song* "Hold on, this isn't a ride, it's a slide, and it doesn't care whether you're ready or not." —Stephen Graham Jones, author of *The Only Good Indians* A widower battles his grief, rage, and the mysterious evil inhabiting his home smart speaker, in this mesmerizing horror thriller from Gus Moreno. It was Vera's idea to buy the Itza. The "world's most advanced smart speaker!" didn't interest Thiago, but Vera thought it would be a bit of fun for them amidst all the strange occurrences happening in the condo. It made things worse. The cold spots and scratching in the walls were weird enough, but peculiar packages

started showing up at the house—who ordered industrial lye? Then there was the eerie music at odd hours, Thiago waking up to Itza projecting light shows in an empty room. It was funny and strange right up until Vera was killed, and Thiago's world became unbearable. Pundits and politicians all looking to turn his wife's death into a symbol for their own agendas. A barrage of texts from her well-meaning friends about letting go and moving on. Waking to the sound of Itza talking softly to someone in the living room . . . The only thing left to do was get far away from Chicago. Away from everything and everyone. A secluded cabin in Colorado seemed like the perfect place to hole up with his crushing grief. But soon Thiago realizes there is no escape—not from his guilt, not from his simmering rage, and not from the evil hunting him, feeding on his grief, determined to make its way into this world. A bold, original horror novel about grief, loneliness and the oppressive intimacy of technology, *This Thing Between Us* marks the arrival of a spectacular new talent.

This collection offers a new lens through which to examine Spain's cinema production following the isolation imposed by the Franco regime. The seventeen key films analysed in the volume span a period of 35 years that have been crucial in the development of Spain, Spanish democracy and Spanish cinema.

They encompass different genres (horror, thriller, melodrama, social realism, documentary), both popular (*Los abrazos rotos/Broken Embraces*, *Vicky Cristina Barcelona*) and more select art house fare (*En la ciudad de Sylvia/In the City of Sylvia*, *El espíritu de la colmena/Spirit of the Beehive*) and are made in English (as both first and second language), Basque, Castilian, Catalan and French. Offering an expanded understanding of 'national' cinemas, the volume explores key works by Guillermo del Toro and Lucrecia Martel alongside an examination of the ways in which established auteurs (Almodóvar, José Garci, Carlos Saura) and younger generations of filmmakers (Cesc Gay, Amenábar, Bollaín) have harnessed cinematic language towards a commentary on the nation-state. The result is a bold new study of the ways in which film has created new prisms that have determined how Spain is positioned in the global marketplace.
