LYNN CRANE

*Pearson Science New
South Wales Houghton
Mifflin Harcourt*
A classic work of
American literature

that has not stopped
changing minds and
lives since it burst onto
the literary scene, *The
Things They Carried* is
a ground-breaking
meditation on war,
memory, imagination,
and the redemptive
power of storytelling.

The Things They Carried depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. The Things They Carried won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune

Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Teaching Secondary Mathematics Simon and Schuster Nineteen Eighty-Four (1949) was George Orwell's final novel and was completed in difficult conditions shortly before his early death. It is one of the most influential and widely-read novels of the post-war period.
