the AP college credits
you've worked so hard
for... Our savvy test
experts show you the
way to master the test
and score higher. This
new and fully
expanded edition
includes a
comprehensive review
course of all the topics
covered on the exam:
the Colonial Period, the
American Revolution,
the U.S. Constitution,

Westward expansion,
the Civil War,
Reconstruction,
Industrialism, World
War I, the Great
Depression, World War
II, the Vietnam Era,
Watergate, Carter, and
the New Conservatism.
Features 6 full-length
practice exams with all
answers thoroughly
explained. Includes CD-
ROM software
containing 3 of the
book's tests as timed,
computerized exams
that provide actual
exam conditions with
controlled timing and
question order. Your
score and test
performance are
automatically
calculated plus the
program provides
analysis of your
performance with
suggestions for further

study. Follow up your study with REA's test-taking strategies, powerhouse drills and study schedule that get you ready for test day.

DETAILS-

Comprehensive, up-to-date subject review of every US history topic used in the AP exam- 6 full-length practice exams. All exam answers are fully detailed with easy-to-follow, easy-to-grasp explanations.- CD-ROM TESTware program containing 3 of the book's 6 practice exams to give you the closest thing to experiencing an exam live at a computer testing center.- Study schedule tailored to your needs- Packed with proven key exam tips, insights and advice SYSTEM REQUIREMENTSTESTware CD-ROM is both

Windows and Macintosh compatible.
> Suitable for any PC with 16 MB of RAM minimum, Windows 98 or later. > Any Macintosh with a 68020 or higher processor, 16 MB of RAM minimum, System 7.1 through 10.2x.

ABOUT OUR BOOK AND TESTware This book - along with our exclusive AP U.S. History TESTware software - provides an accurate and complete representation of the Advanced Placement Examination in U.S. History. REA's comprehensive course review, frequently cited as the best on the bookshelf, and our six practice exams are based on the format of the latest AP U.S. History Exam. Each of our practice exams includes every type of question that you can expect to encounter when you take the AP exam. Following each REA practice exam is an answer key complete with detailed explanations. Our explanations are designed to contextualize he

material so that it will stick with you and thus boost your command of the subject matter and the ins and outs of the AP itself. Our printed practice exams 4, 5, and 6 are also on CD-ROM are part of our interactive AP U.S. History TESTware. Taking the exams on the computer will afford you additional study features and the benefits of enforced timed conditions, individual diagnostic analysis of what subjects need extra study, and instant scoring. For your convenience, our TESTware has been provided for you in both Windows and Macintosh formats. Many features are included that you will find helpful as you prepare for the AP U.S. History Test. See page

ix for our study schedule and guidance on how to gain maximum benefits from this book and software package. (For instructions on how to install and use our software, please refer to the appendix at the back of the book.) By studying our review section, completing all six practice exams, and carefully checking the answer explanations, students can discover their strengths and weaknesses and prepare themselves effectively for the actual AP U.S. History Examination. Teachers of AP U.S. History courses will also find REA's book and software to be an excellent resource in the classroom. In fact, many AP instructors use it as a

supplementary text because it so comprehensively supports and addresses specific curriculum objectives for the course and exam. Our interactive TESTware software is an outstanding tool to help boost your students' test-taking confidence. For TESTware site-license information, point your Web browser to www.rea.com and click on Teachers' Corner. ABOUT THE TESTThe Advanced Placement Program is designed to allow high school students to pursue college-level studies while attending high school. The three-hour five-minute AP U.S. History exam is usually given to high school students who have completed a year's study in a college-level

U.S. History course. The test results are then used to determine the awarding of course credit and/or advanced course placement in college. According to the College Board, students taking this exam are called upon to demonstrate systematic factual knowledge and bring to bear critical, persuasive analysis of the full sweep of U.S. history. This is why we make every effort to establish and build upon context for you, rather than encouraging rote memorization of disconnected facts. The AP U.S. History Exam is divided into two sections: 1) Multiple-Choice: This section is composed of 80 multiple-choice questions designed to gauge your ability to

understand and analyze U.S. history from the Colonial period to the present. The majority of the questions, however, are based on 19th- and 20th-century history. This section tests factual knowledge, scope of preparation, and knowledge-based analytical skills. You'll have 55 minutes to complete this section, which accounts for 50 percent of your final grade. 2) Free-Response: This section is composed of three essay questions designed to measure your ability to write coherent, intelligent, well-organized essays on historical topics. The essays require you to demonstrate mastery of historical interpretation and the ability to express views and knowledge in

writing. The essays may relate documents to different areas, analyze common themes of different time periods, or compare individual and group experiences which reflect socioeconomic, racial, gender, and ethnic differences. Part A consists of a mandatory 15-minute reading period, followed by 45 minutes during which you must answer a document-based question (DBQ), which changes from year to year. In Part B the student chooses to answer on two of the topics that are given. You will have 70 minutes to write these essays. The free-response section counts for 50 percent of your final grade. These topics are broken down into

thirds: - Political Institutions (1/3rd)- Social and Economic Change (1/3rd)- Behavior and Public Policy, Diplomacy and International Relations, Intellectual and Cultural Development (1/3rd) The time periods covered are as follows: - Pre-Colonial through 1789 (1/6th of exam)- 1790-1914 (1/2 of exam)- 1915-present (1/3rd of exam) ABOUT THE REVIEW SECTION This book begins with REA's concise yet thorough 230-page review of U.S. history designed to acquaint you with the exam's scope of coverage. Our review covers these topics and historical time periods: - The Colonial Period (1500-1763)- The American Revolution (1763-1787)- The

United States
Constitution
(1787-1789)- The New
National (1789-1824)-
Jacksonian Democracy
and Westward
Expansion
(1824-1850)- Sectional
Conflict and The
Causes of the Civil War
(1850-1860)- The Civil
War and
Reconstruction
(1860-1877)-
Industrialism, War, and
the Progressive Era
(1877-1912)- Wilson
and World War I
(1912-1920)- The
Roaring Twenties and
Economic Collapse
(1920-1929)- The
Great Depression and
the New Deal
(1929-1941)- World
War II and the Post-
War Era (1941-1960)-
The New Frontier,
Vietnam, and Social
Upheaval (1960-1972)-
Watergate, Carter, and
the New Conservatism

(1972-2001) SCORING
THE EXAMThe multiple-
choice section of the
exam is scored by
crediting each correct
answer with one point
and deducting one-
fourth of a point for
each incorrect answer.
You will neither receive
a credit nor suffer a
deduction for
unanswered questions.
The free-response
essays are graded by
instructors and
professors from across
the country who come
together each June for
a week of non-stop AP
essay grading. Each
essay booklet is read
and scored by several
graders. Each grader
provides a score for
the individual essays.
The DBQ is scored on a
scale from 0 to 15, 0
being the lowest and
15 the highest. Each
topic-based essay
receives a score from 0

to 9. These scores are concealed so that each grader is unaware of the previous graders' assessments. When the essays have been graded completely, the scores are averaged-one score for each essay-so that the free-response section generates three scores. The total weight of the free-response section is 50 percent of the total score. Your work in the multiple-choice section counts for the other 50 percent. Each year, grades fluctuate slightly because the grading scale is adjusted to take into account the performance of the total AP U.S. History test-taker population. When used with the corresponding chart, the scoring method we present here will

strongly approximate the score you would receive if you were sitting for the actual AP U.S. History exam.

SCORING THE MULTIPLE-CHOICE SECTION

For the multiple-choice section, use this formula to calculate your raw score:

Number right -
(number wrong \times $1/4$)
= raw score (round to the nearest whole number)

SCORING THE FREE-RESPONSE SECTION

For the free-response section, use this formula to calculate your raw score: DBQ + Essay #1 + Essay #2 + = raw score (round to the nearest whole number)

You may want to give your essays three different grades, such as a 13, 10, and an 8, and then calculate your score three ways: as if

you did well, average, and poorly. This will give you a safe estimate of how you will do on the actual exam. Try to be objective about grading your own essays. If possible, have a friend, teacher, or parent grade them for you. Make sure your essays follow all of the AP requirements before you assess the score. The statistical formulations used by the AP Program preclude our REA practice-test scoring system from precisely replicating the procedures and determinations of the AP Program. Bear in mind that the cut-off point between each of the five AP grades typically shifts slightly from year to year. This occurs both because one year's exam

cannot be expected to be exactly as difficult as another year's and because no two test-taker groups can be expected to be equally strong. THE COMPOSITE SCORE To obtain your composite score, use this method:
 $1.13 \times \text{multiple choice raw score} = \text{weighted multiple-choice score (do not round)}$
 $2.73 \times \text{free response raw score} = \text{weighted free response score (do not round)}$
 Now, add the two weighted sections together and round to the nearest whole number. The result is your total composite score. See the range within which your score falls on this table to approximate your final grade: AP Grade / Composite Score
 Range 5 / 114-1804 / 91-1133 / 74-902 / 49-731 / 0-48 These

overall scores are interpreted as follows: 5-extremely well qualified; 4-well qualified; 3-qualified, 2-possibly qualified; and 1-no recommendation. Most colleges grant students who earn a 3 or better either college credit or advanced placement. Check with your high school's guidance office about specific requirements.

CONTACTING THE AP PROGRAM
Prospective examinees should download from the College Entrance Examination Board's Website or request by phone the free bulletin offering a general description of the AP Program, including policies and procedures as well as instructions on how to register for the AP Examination in United

States History. Here's how to contact the College Board:

Remembering the American Revolution While Marching Through the Civil War
Research & Education Assoc.

Develop students' critical-thinking skills through analysis of issues from different perspectives. Students make comparisons, draw analogies, and apply knowledge. Document-based assessment includes background information and key questions.

How the 1967 War

Shaped the Middle East
Lorenz Educational
Press
This true contemporary
account of an
American nurse's
horrific and sometimes
bizarre experiences
while serving at a
French battlefield
hospital near Soissons
during World War I has
poignant layers which
even the often naive
author did not see. "As
our camion drove
through the chateau
gate we could see that
the grounds were
covered with what
looked like sleeping
men." That is just her
own introduction to the
unit, housed in what
was once a country
estate, and soon she
was standing hours on
end treating friend and
enemy alike, facing
harrowing hyperreality
with aplomb. Shirley
Millard is throughout a

willing reporter of her
fascinating perspective
on war, youth, loss,
and love -- and always
slapdash surgery and
gallows camaraderie,
inside a MASH unit
before there was
M*A*S*H. And before
antibiotics, it is
painfully clear. But she
is also an unwitting
reporter of so much
more. The modern
reader sees truths and
wrongs that Shirley
fails to experience
herself, some at the
time and too many
upon rested reflection.
Even some of the
pronouns she uses
reveal herself and the
understory more than
she ever realized. The
book compels attention
not only on the level on
which she wrote it,
which would be enough
to bring crashing home
this forgotten war, but
also on levels hidden to

her. Either way the insights pierce through, as when the young French doctor sums up war: "La gloire, la gloire! Bah! C'est de la merde!" He is a hero too, but has his own incongruous scenes later, just in his smoking habits alone. This collection of diary entries and later flashbacks may be the second greatest personal account of World War I, behind that by the much more self-aware Erich Remarque (though readers here may find themselves drawn into the lack of awareness as much as the account itself). Yet this book seems to have been lost in time and the crush of later events. As *Time* reviewed it in 1936, "Spare, simply written diary of a young, red-

haired U.S. volunteer nurse in French hospitals near the front lines of 1918, in which romantic interludes heighten rather than ease a grisly atmosphere." It is that, but there is a lot more to it. And much of the writing is deeper than that, and certainly crisp and evocative in prose, even if some of the depth is more for the reader than the author. Includes penetrating new Foreword by law professor Elizabeth Townsend Gard, who studied the genre as part of her Ph.D. research in History at UCLA. The original book, and its incongruities and twists revealed by Townsend Gard, will stick with you. Previously only available as a rare

book, now returned to its place in poignant history. This book, though listed as "trade" or could be read by college adults, will have as its principal audience the general reader and young adults. It would be an excellent, fairly brief book to assign to classes in High School and possibly Middle School. Although some of its scenes are stark and upsetting, and one would be cautioned to have YAs read it much as would be true of the candor of *All Quiet on the Western Front*, it has no other aspects which would make it inappropriate for minors and allows excellent discussions of war, class, race, nationalism, medicine, unsung women in war, foreshadowing and subtext, and many

other themes that the author herself did not mean to raise. In other words, since the writer speaks on one level, and does not realize the other levels she touches, it would help to develop readers' critical skills to share their opinions about what she is missing in her own text. And in the process there will be no concern that the book would be inappropriate for YAs except that some of the medical and casualty moments are, of course, brutal. Also available in ebook and digital formats.

[How Women Can Lead the Fight for Universal Healthcare](#) Simon and Schuster

On War
Marching Toward Hell
America and Islam After Iraq
Simon and Schuster

Andrew Mitchell and Anglo-Prussian Diplomatic Relations During the Seven Years War

McDougal Littell/Houghton Mifflin
They read the same Bible and prayed to the same God, but they faced each other in battle with rage in their hearts. In this new volume, a prominent and provocative Civil War historian presents the first detailed study of soldiers' religious beliefs and how they influenced the course of that tragic conflict.

Marching on Tuzla

Simon and Schuster
Marching on Tuzla is the story of two professional military officers, forced into conflict in the turbulent geopolitics of the Balkans in the 1990s. Initially unaware of each other, the two men find professional

satisfaction and career success as they grapple with their demons. Darius Grant, a West Point graduate disillusioned by the Army's detachment from the realities of modern combat, resolves to right at least some of the wrongs he sees affecting the safety of his men. Alekse Savic, a Bosnian Serb nationalist and gifted military leader and planner, commits himself to the preservation of his homeland in Serb-controlled Northern Bosnia. International politics and strategy bring them into conflict as each attempts to attain his goals. Along the way, they find love in the arms of Megan Rostov and Zhanna Anisimov, women as accomplished and

driven as themselves. The climatic events at the conclusion of this story find the two men in direct confrontation in the hills of Central Bosnia, with victory hanging in the balance.

America and Islam

After Iraq Macmillan Experiencing a major crisis from different viewpoints, step by step The Suez crisis of 1956—now little more than dim history for many people—offers a master class in statecraft. It was a potentially explosive Middle East confrontation capped by a surprise move that reshaped the region for years to come. It was a diplomatic crisis that riveted the world's attention. And it was a short but startling war that ended in unexpected ways for

every country involved. Six countries, including two superpowers, had major roles, but each saw the situation differently. From one stage to the next, it could be hard to tell which state was really driving the action. As in any good ensemble, all the actors had pivotal parts to play. Like an illustration that uses an exploded view of an object to show how it works, this book uses an unprecedented design to deconstruct the Suez crisis. The story is broken down into three distinct phases. In each phase, the reader sees the issues as they were perceived by each country involved, taking into account different types of information and diverse characteristics of each leader and that

leader's unique perspectives. Then, after each phase has been laid out, editorial observations invite the reader to consider the interplay. Developed by an unusual group of veteran policy practitioners and historians working as a team, *Suez Deconstructed* is not just a fresh way to understand the history of a major world crisis. Whether one's primary interest is statecraft or history, this study provides a fascinating step-by-step experience, repeatedly shifting from one viewpoint to another. At each stage, readers can gain rare experience in the way these very human leaders sized up their situations, defined and redefined their problems, improvised

diplomatic or military solutions, sought ways to influence each other, and tried to change the course of history.

Diary and Recollections of Shirley Millard

Teacher Created Materials

Is peace an aberration? The bestselling author of *Paris 1919* offers a provocative view of war as an essential component of humanity. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE EAST HAMPTON STAR "Margaret MacMillan has produced another seminal work. . . . She is right that we must, more than ever, think about war. And she has shown us how in this brilliant, elegantly written book."—H.R.

McMaster, author of *Dereliction of Duty and Battlefields: The Fight to Defend the Free World* The instinct to fight may be innate in human nature, but war—organized violence—comes with organized society. War has shaped humanity’s history, its social and political institutions, its values and ideas. Our very language, our public spaces, our private memories, and some of our greatest cultural treasures reflect the glory and the misery of war. War is an uncomfortable and challenging subject not least because it brings out both the vilest and the noblest aspects of humanity. Margaret MacMillan looks at the ways in which war has influenced human society and how, in

turn, changes in political organization, technology, or ideologies have affected how and why we fight. *War: How Conflict Shaped Us* explores such much-debated and controversial questions as: When did war first start? Does human nature doom us to fight one another? Why has war been described as the most organized of all human activities? Why are warriors almost always men? Is war ever within our control? Drawing on lessons from wars throughout the past, from classical history to the present day, MacMillan reveals the many faces of war—the way it has determined our past, our future, our views of the world, and our very conception of

ourselves.

Suez Deconstructed

University of Oklahoma Press

A veteran CIA counter-terrorism analyst provides a sobering analysis of the U.S. Iraqi War policy while making unsettling predictions about how American security will be affected by the conflict, in a report that reveals how America's foreign policy is undermining key national goals and rendering the country vulnerable to terrorism. Reprint.

50,000 first printing.

Comprehensive Curriculum of Basic Skills, Grade 6 Default-TCM

Suicide attacks on Israelis, bombings, assassinations, and bloodshed in Jerusalem, Gaza, and the West Bank

dominate the news from the Middle East. It is the most troubled region on earth. At its heart is the conflict between Palestinians and Israelis - and the legacy of six days of war in 1967. After the state of Israel emerged from war in 1948, both sides knew more battles were coming. In June 1967, years of slow-burning tension exploded. In six extraordinary days, Israel destroyed the armed forces of Egypt, Jordan, and Syria. But far from bringing peace, as many Israelis hoped, their stunning victory turned into a curse. From the initial battle order issued to the Israeli air force on Monday June 5, 1967 to the final ceasefire on the evening of Saturday the 10th, the Six-Day War was a

riveting human drama. Building on his first-hand experience of the region after his five years as the BBC's Middle East Correspondent, as well as extensive original research, Jeremy Bowen presents a compelling new history of the conflict. Six Days recreates day by day, hour by hour, the bullying and brinkmanship that led four nations to war, interweaving testimonies of combatants from all sides in a seamless narrative. A rigorous and original piece of modern history is as vivid as fiction, Six Days not only sheds new light on one of the key conflicts of the twentieth century, it explains much about the Middle East and the problems the

region still faces today. The Best Test Preparation for the Advanced Placement Examination in United States History On War Marching Toward Hell America and Islam After Iraq
SIXTH GRADE: Covers basic concepts such as equations, volume, writing, expanded notation, and more and develops the skills your child needs for grade-level success.
INCLUDES: Fun, educational activities in phonics, reading, language arts, writing, and math, plus review lessons, teaching suggestions to extend learning, and answer keys. ALL-INCLUSIVE: This all-in-one comprehensive resource provides an entire curriculum of instruction that improves academic

performance - updated with relevant, high-interest reading passages and artwork.

HOMESCHOOL FRIENDLY: This elementary workbook for kids is a great learning resource for at home or in the classroom and allows parents to supplement their children's learning in the areas they need it most.

WHY CARSON DELLOSA: Founded by two teachers more than 40 years ago, Carson Dellosa believes that education is everywhere and is passionate about making products that inspire life's learning moments.

The Red Badge of Courage Rutgers University Press
Arming Americans to defend the truth from today's war on facts

Disinformation. Trolling. Conspiracies. Social media pile-ons. Campus intolerance. On the surface, these recent additions to our daily vocabulary appear to have little in common. But together, they are driving an epistemic crisis: a multi-front challenge to America's ability to distinguish fact from fiction and elevate truth above falsehood. In 2016 Russian trolls and bots nearly drowned the truth in a flood of fake news and conspiracy theories, and Donald Trump and his troll armies continued to do the same. Social media companies struggled to keep up with a flood of falsehoods, and too often didn't even seem to try. Experts and some public officials began wondering if

society was losing its grip on truth itself. Meanwhile, another new phenomenon appeared: “cancel culture.” At the push of a button, those armed with a cellphone could gang up by the thousands on anyone who ran afoul of their sanctimony. In this pathbreaking book, Jonathan Rauch reaches back to the parallel eighteenth-century developments of liberal democracy and science to explain what he calls the “Constitution of Knowledge”—our social system for turning disagreement into truth. By explicating the Constitution of Knowledge and probing the war on reality, Rauch arms defenders of truth with a clearer understanding of what they must protect, why

they must do—and how they can do it. His book is a sweeping and readable description of how every American can help defend objective truth and free inquiry from threats as far away as Russia and as close as the cellphone.

[America's Civil War \(eBook\)](#) Anchor Books
America's Civil War provides a detailed overview of the cultural and ideological landscape of post-colonial America that set the stage for war, and vividly describes the course of the conflict that took more American lives than any war in history and altered the course of the nation. Emphasis is placed on the fierce cultural and economic rivalry between the industrial North and the agricultural South

and the pivotal rift concerning slavery that led to this irrepressible and bloody fight. The lives of common soldiers, the weapons and methods of warfare, the presidency of Abraham Lincoln, and the role of other significant political and military leaders are among the topics discussed as well as the abolitionist movement, the underground railroad, and dramatic figures such as Harriet Beecher Stowe, and John Brown.

Challenging review questions encourage meaningful reflection and historical analysis. Maps, tests, answer key, and extensive bibliography are included.

Nobel - The Man and

His Prizes Routledge
PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and

habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing

but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, - and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the

state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, - the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and

the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as

much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

Black Soldiers, Internationalism, and the Transformation of American Cinema Page Publishing Inc

A remarkable bit of imaginative writing describing the fear, confusion, and fatigue that beset a young soldier in his first battle, Chancellorsville.

One Nation Divided by Slavery Carson-Dellosa Publishing

The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics

of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, *The Art of War* is a must-read for anybody who works in a competitive environment.

Marching Toward Hell

Militant Visions

examines how, from

the 1940s to the

1970s, the cinematic

figure of the black

soldier helped change

the ways American

moviegoers saw black

men, for the first time

presenting African Americans as vital and integrated members of the nation. In the process, Elizabeth Reich reveals how the image of the proud and powerful African American serviceman was crafted by an unexpected alliance of government propagandists, civil rights activists, and black filmmakers. Contextualizing the figure in a genealogy of black radicalism and internationalism, Reich shows the evolving images of black soldiers to be inherently transnational ones, shaped by the displacements of diaspora, Third World revolutionary philosophy, and a legacy of black artistry and performance. Offering a nuanced

reading of a figure that was simultaneously conservative and radical, Reich considers how the cinematic black soldier lent a human face to ongoing debates about racial integration, black internationalism, and American militarism. *Militant Visions* thus not only presents a new history of how American cinema represented race, but also demonstrates how film images helped to make history, shaping the progress of the civil rights movement itself. *While God is Marching on* Carson-Dellosa Publishing
This packet provides a detailed overview of the cultural and ideological landscape of post-colonial America that set the stage for war. Emphasis is placed on

the early years of the war, covering events such as the Trent Incident, Grant's early victories, the rise of Robert E. Lee, and much more. Challenging review questions encourage meaningful reflection and historical analysis. A test, answer key, and extensive bibliography are included. *The New York Times Book Review* Random House
A prize-winning historian reveals how Stalin—not Hitler—was the animating force of World War II in this major new history. World War II endures in the popular imagination as a heroic struggle between good and evil, with villainous Hitler driving its events. But Hitler was not in power when the conflict erupted in

Asia—and he was certainly dead before it ended. His armies did not fight in multiple theaters, his empire did not span the Eurasian continent, and he did not inherit any of the spoils of war. That central role belonged to Joseph Stalin. The Second World War was not Hitler’s war; it was Stalin’s war. Drawing on ambitious new research in Soviet, European, and US archives, Stalin’s War revolutionizes our understanding of this global conflict by moving its epicenter to the east. Hitler’s genocidal ambition may have helped unleash Armageddon, but as McMeekin shows, the war which emerged in Europe in September 1939 was the one Stalin wanted,

not Hitler. So, too, did the Pacific war of 1941–1945 fulfill Stalin’s goal of unleashing a devastating war of attrition between Japan and the “Anglo-Saxon” capitalist powers he viewed as his ultimate adversary. McMeekin also reveals the extent to which Soviet Communism was rescued by the US and Britain’s self-defeating strategic moves, beginning with Lend-Lease aid, as American and British supply boards agreed almost blindly to every Soviet demand. Stalin’s war machine, McMeekin shows, was substantially reliant on American matériel from warplanes, tanks, trucks, jeeps, motorcycles, fuel, ammunition, and explosives, to

industrial inputs and technology transfer, to the foodstuffs which fed the Red Army. This unreciprocated American generosity gave Stalin's armies the mobile striking power to conquer most of Eurasia, from Berlin

to Beijing, for Communism. A groundbreaking reassessment of the Second World War, Stalin's War is essential reading for anyone looking to understand the current world order.
