Chronicles: Volume 1) Hachette UK

In this timeless, mythical tale of unforgiving justice and elusive grace, rural Mississippi townfolk shoulder the pain of generations as something dangerous lurks in the enigmatic kudzu of the woods. The town of Red Bluff, Mississippi, has seen better days, though those who've held on have little memory of when that was. Myer, the county's aged, sardonic lawman, still thinks it can

prove itself -- when confronted by a strange family of drifters, the sheriff believes that the people of Red Bluff can be accepting, rational, even good. The opposite is true: this is a landscape of fear and ghosts -- of regret and violence -- transformed by the kudzu vines that have enveloped the hills around it, swallowing homes, cars, rivers, and hiding a terrible secret deeper still. Colburn, a junkyard sculptor who's returned to Red Bluff, knows this pain all too well, though he too is willing to hope for more when he meets and falls in love with Celia, the local bar owner. The Deep South gives these noble, broken, and driven folks the gift of human connection while bestowing upon them the crippling weight of generations. With broken histories and vagabond hearts, the

townsfolk wrestle with the evil in the woods -- and the wickedness that lurks in each and every one of us.

They say that the Thorn of Camorr can beat anyone in a fight. They say he steals from the rich and gives to the poor. They say he's part man, part myth, and mostly street-corner rumor. And they are wrong on every count. Only averagely tall, slender, and god-awful with a sword, Locke Lamora is the fabled Thorn, and the greatest weapons at his disposal are his wit and cunning. He steals from the rich - they're the only ones worth stealing from - but the poor can go steal for themselves. What Locke cons, wheedles and tricks into his possession is strictly for him and his band of fellow con-artists and thieves:

the Gentleman Bastards. Together their domain is the city of Camorr. Built of Elderglass by a race no-one remembers, it's a city of shifting revels, filthy canals, baroque palaces and crowded cemeteries. Home to Dons, merchants, soldiers, beggars, cripples, and feral children. And to Capa Barsavi, the criminal mastermind who runs the city. But there are whispers of a challenge to the Capa's power. A challenge from a man no one has ever seen, a man no blade can touch. The Grey King is coming. A man would be well advised not to be caught between Capa Barsavi and The Grey King. Even such a master of the sword as the Thorn of Camorr. As for Locke Lamora ...

in a career spanning half a century, Ursula K. Le Guin has produced a body of work that testifies to her abiding faith in the power and art of words. She is perhaps best known for imagining future intergalactic worlds in brilliant books that challenge our ideas of what is natural and inevitable in human relations—and that celebrate courage, endurance, risk-taking, and above all, freedom in the face of the psychological and social forces that lead to authoritarianism and fanaticism. It is less well known that she first developed these themes in richly imagined historical fiction, including the brilliant early novel *Malafrena*. An epic meditation on the meaning of hope and freedom, love and duty, *Malafrena* takes place from 1825 to 1830 in the

imaginary East European country of Orsinia, then a part of the Austrian Empire, a nation which, like its near neighbors Czechoslovakia, Poland, and Romania, has a long and vivid history of oppression, art, and revolution. Itale Sorde, the idealistic heir to Val Malafrena, an estate in the rural western provinces of Orsinia, leaves home against his father's wishes to work as a journalist in the cosmopolitan capital city of Krasnoy, where he plays an integral part in the revolutionary politics that are roiling Europe. Complete with a newly researched chronology of Le Guin's life and career.

Malva is the princess of Galnicia,

destined to marry the Prince of Andemark. Or so her parents think. On the eve of her wedding, she escapes at dead of night from under her parents' noses, little realising that she is letting herself in for a life of peril and adventure, including being shipwrecked in a huge storm and captured as part of a harem. Hugely visual, the book tells of the wonder of frozen steppes and oriental palaces, of sailing ships and treasure islands. This is a book of drama, magic and excitement, where challenges have to be overcome, friendships cemented and hearts broken.

This remarkable first novel from award-winning short fiction writer Ken Scholes will take readers away to a new world—an Earth so far in the distant future that our time is not even a memory; a world where magick is commonplace and great areas of the planet are impassable wastes. But

human nature hasn't changed through the ages: War and faith and love still move princes and nations. In Lamentation, the first entry in the Psalm of Isaak series, an ancient weapon has completely destroyed the city of Windwir. From many miles away, Rudolfo, Lord of the Nine Forest Houses, sees the horrifying column of smoke rising. He knows that war is coming to the Named Lands. Nearer to the Devastation, a young apprentice is the only survivor of the city—he sat waiting for his father outside the walls, and was transformed as he watched everyone he knew die in an instant. Soon all the Kingdoms of the Named Lands will be at each others' throats, as alliances are challenged and hidden plots are uncovered. The Psalms of Isaak #1
