Harry Chapman Pincher is a legend among journalists. As an investigative reporter, he struck terror into those trying to hide the murky secrets of state. After early careers as a teacher, a scientist and a soldier, Chapman Pincher joined Lord Beaverbrook's then all-powerful Daily Express in the summer of 1945 - and quickly became the master of the journalistic scoop. His first splash, a top-secret account of the development of the atomic bomb, sparked a furious transatlantic row. It was only the start of a career in which his name became synonymous with high-level exclusives from the most secret corners of government. When he finally retired from journalism, the leaks kept coming, leading to a series of bestselling books on the infiltration of Britain's intelligence services by Moscow, culminating in his allegation that the head of MI5 was in fact a Soviet spy. In *Dangerous to Know*, Chapman Pincher took pen to paper to describe the extraordinary events he witnessed and the varied characters he encountered. Colourful, indiscreet and compelling, this is the life of a true journalistic colossus and a revealing description of the century he bestrode.

the planning and execution of official ceremonies and social events. Protocol is a code of established guidelines on proper etiquette and precedence which, when followed, lays the foundation for a successful event. From this foundation, the host should consider the facets which make a particular situation unique, and from there, use imagination to design a memorable occasion. The most important consideration in planning should always be the comfort of one's guests. A clever host/hostess is able to reach a proper mixture of protocol and common sense that will enable guests to enjoy themselves completely. If this is accomplished, an event is truly successful.
