knights, the Samurai has long been a favourite in the west. A member of the aristocracy from the tenth century, Samuiai have a fascinating 700-year history during which they progressed from mounted archers, through the cult of the sword to the use of guns and cannon. Samuiai Battles uses clear mapping, contemporary illustrations and Mitsuo Kure's signature re-

enactment photography to illustrate the classic battles fought by the warrior knights of Japan. Bands of enthusiasts, with rigid attention to detail and verisimilitude, re-enact and re-create battles and moments from history. This allows 'live' photography detailing the history, the weapons - swords, guns, pikes and clubs - the clothing, armour, flags and fortifications of these fascinating

warriors. As well as examining the detail of the armour and weaponry, Samuiai looks too at the Samuiai women and families, the way Samuiai travelled, the social context in which the warriors lived - and all in glorious colour. The illustrations that accompany this book make it stand out from others on the Samuiai. Samuiai Courier Corporation Paradise is a sprawling,

diverse, often cruel world. There are humans on Paradise but dinosaurs predominate: wildlife, monsters, beasts of burden, and of war. Armored knights ride dinosaurs to battle legions of war-trained Triceratops and their upstart peasant crews. Karyl Bogomirsky is one such knight who has chosen to rally those who seek a way from the path of war and madness. The fact that the Empire

has announced a religious crusade against this peaceful kingdom, the people who just wish to live in peace anathema, and they all are to be converted or destroyed doesn't help him one bit. Things really turn to mud when the dreaded Grey Angels, fabled ancient weapons of the Gods who created Paradise in the first place come on the scene after almost a millennia.

Everyone thought that they were fables used to scare children. They are very much real. And they have come to rid the world of sin...including all the humans who manifest those vices. THE DINOSAUR KNIGHTS is the second in Victor Milan's lush, exotic tale about knights. Knights riding dinosaurs. The Dinosaur Lords Series #1 The Dinosaur Lords #2 The Dinosaur Knights #3

<p>The Dinosaur Princess At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. <u>Warriors!</u> Heinemann/Raintree In Battle Royale: Lethal Warriors, we have a matchup of historic magnitude. We took the deadliest warriors from two different time periods and matched them in a battle of weaponry, strength, and grit. Who will come out</p>	<p>victorious? You'll have to read to find out. This series utilizes considerate text written at a higher maturity level with a lower reading level to engage struggling readers. Books include a table of contents, glossary, index, author biography, sidebars, educational matter, and activities. <u>The Life of a Knight</u> Harper Collins The following tales of the samurai, the knights of old Japan,</p>	<p>adapted from traditional stories related by storytellers, who nightly delight large audiences with romances and historical stories, especially the noble deeds of the samurai. slingshots, six kids travel back in time and try to get video footage of dinosaurs. Knights and Armor Coloring Book Bloomsbury Publishing Kuniyoshi was a master of the warrior woodblock print — and these 18th-century illustrations represent the pinnacle of his craft. Full-color portraits of renowned Japanese samurais pulse with movement, passion, and remarkably fine detail. *The Heart of*

the Warrior Capstone Go back to the thrilling time of warring knights who were prepared to give their life in order to protect their lord and his castle. Castles may conjure up a romantic fairy tale world; however, in real life, during the Middle Ages, castles were fortresses, providing shelter and protection for the lord as well as for the peasants who lived on his land. For an army, a lord depended on

young soldiers in armor called knights who spent years at the castle learning the skills of warfare. Author Sarah Fabiny dives into the history of castles and how they grew from simple wood structures to mighty fortresses in stone. She also explains who could become a knight and what their lives were like off of the battlefield, enjoying feasts, courting their lady loves,

and showing off in tournaments. With 80 fun black-and-white illustrations and an engaging 16-page photo insert, readers will be excited to read this latest addition to *Who HQ! Knights* 45th Parallel Press "Not many, if any, children's books on the Middle Ages and castles contain the wealth of information found in this fresh, appealing offering." -- SCHOOL LIBRARY JOURNAL

(starred review) What was it really like to live in a castle? Step back to the Middle Ages with *CASTLE DIARY: THE JOURNAL OF TOBIAS BURGESS*. Eleven-year-old Toby's vivid diary entries offer an insider's view of day-to-day castle life, including tips on etiquette (where do you spit at a feast?) and exciting descriptions of hunting, jousting, and harvesting. Complete with glossary,

index, and detailed endnotes, this is a rich look at medieval life that informs as much as it entertains. [The Book of the Medieval Knight](#) Penguin From the battlefields of Flanders, to the banquet halls of the great English manor houses, this gloriously appointed book offers page after page of splendid illustration and information. Everything a young person could want to

know about knights is included: shields, scutcheons, jousts, castles, sieges, chivalry and fearless steeds, all depicted in a colorful abundance of detailed battlescapes, scenarios and maps. Topics include the knight's place in feudal society, how he trained for war, his code of honor, heraldry and armor, and famous battles; knights' popular companions including the

various types of horses -- chargers, palfreys, hackneys -- and other animals such as mastiffs and carrier pigeons that accompanied them on campaigns; knights in other cultures -- Sioux braves and Polish lancers in the West to Japanese samurai in the East -- and the knight of medieval romances and today's blockbuster films. The knight in shining armor may have disappeared

from the battlefield, but rides on in an ageless fascination shared by children and people of all ages. Includes an illustrated glossary and index.

Knights

University of Arizona Press
Offers a history of the samurai warriors, describes the code of honor they followed, and discusses how they prepared for combat.

Blast Through the Past: A Noble History of Knights Tor

<p>Books 1909. Bushido, literally translated Way of the Warrior, originated in Japan between the 9th and 12th centuries. It was a code and way of life for Samurai, a class of warriors similar to the medieval knights of Europe. It was influenced by Zen and Confucianism, two different schools of thought of those periods. Bushido is not unlike the chivalry and codes of the</p>	<p>European knights. Contents: Bushido as an Ethical System; Sources of Bushido; Rectitude or Justice; courage, the Spirit of Daring and Bearing; Benevolence, the Feeling of Distress; Politeness; Veracity or Truthfulness; Honor; The Duty of Loyalty; Education and Training of a Samurai; Self- Control; The Institutions of Suicide and Redress; The Sword, the Soul of the</p>	<p>Samurai; The Training and Position of Woman; The Influence of Bushido; Is Bushido Still Alive?; The Future of Bushido. <i>101 Great Samurai Prints</i> Everest Media LLC Traces the development of the samurai, both in the way they regarded themselves and their role in society. specialized knowledge of the medieval era and illustrated with sumptuous images ranging from manuscript illuminations and PreRaphaelite paintings to photographs of authentic armor, swords, and castles, plus maps and a timeline, this book is at once a detailed history of knights and a chronicle of their cultural creations and legacy. This vividly written and lavishly

illustrated large hardcover reference volume describes the origins of knighthood, the training and lifestyles of knights, and the vital role these warriors played in medieval military campaigns. It also explains heraldry and the various military and honorific orders of knighthood, and examines the portrayal of knights and literature and art. Knights and Samurai

Bloomsbury Publishing Describes the duties and privileges of a medieval knight in warfare and in service to a lord, and explores aspects of daily life such as clothing, apprenticeship, heraldry, and obedience to the chivalric code. *Samurai* Courier Corporation "Describes the lives of samurai warriors in ancient Japan. The readers' choices reveal the historical details of life as a samurai

during the Gempai wars of the 1100s, the rise of Nobunga in 1560, and as a wandering ronin in the 1600s"--

Samurai

Capstone Press *Includes pictures *Includes online resources and a bibliography for further reading The samurai are among the most iconic warriors in history. The fighting elite of feudal Japan, they have played a dominant role in the country's life

for over a thousand years. Even today, a century and a half after the rule of the samurai has formally ended, they remain a powerful symbol of martial might, and the embodiment of the stoic warrior. Like the knights who fought in Europe during the same era, the samurai were a feudal aristocracy. Militarily, politically, socially, and economically, they were the most powerful, the

most influential, and the most privileged members of society. Though not all samurai were equal in power and status, they were almost always better off than the rest of Japanese society. The word samurai, meaning "those who serve," indicates the foundation upon which their power was built. As a feudal society, medieval Japan was shaped by a hierarchy of land ownership and its associated obligations. Most samurai held their land for a more senior overlord, to whom they owed military service. That overlord owed service to his overlord, and so on up the hierarchy, which allowed the most powerful lords to raise great armies. A proud and dominant force, the collective dominance of the samurai arose from a dedication to service. Such service also created the opportunity for revolt, as a lord with enough loyal followers might try to usurp his master, and battles for land and power between competing samurai factions dominated Japanese history for centuries as a result. The wealth of the samurai not only led to their role as leaders but as a hard-hitting military elite as well, mostly because they could afford the armor, weapons, and horses that

gave them an edge in battle. Supported by the labor of the people who lived on their lands, they were also able to spare the time to train for war, something for which young men of the samurai class were prepared from an early age. The Samurai: The History and Legacy of Japan's Military Elite looks at who the samurai were, how they fought, and the historical wars in which they played a leading part.

Along with pictures of important people, places, and events, you will learn about the samurai like never before. *Musui's Story* Houghton Mifflin Harcourt ALSO AVAILABLE TO BUY AS AN E-BOOK. Throughout their stormy history the Teutonic Knights of Germany have always been the most controversial brotherhood ever to call themselves 'Knights of Christ'. They

were the most warlike of the religious orders, and this is reflected in the architecture they left behind. In contrast to the Templars who are remembered for their churches, the Teutonic memorials are the magnificent brick-built castles they built as a result of their conquest of Prussia between 1230 and 1380. Many of these dramatic fortresses still exist today in
