Cultivated: The Elements
of Floral Style elevates

floral design to fine art in this richly informative work on the principles of floral style. A charming and intelligent mentor, Christin Geall emboldens designers, gardeners, and entrepreneurs to think differently and deeply about their work with flowers as she draws upon the fine arts and historical sources, exploring Baroque music, the paintings of the Impressionists, or the work of floral innovators like Gertrude Jekyll and Constance Spry. Covering all aspects of floral

design, including choosing plants to grow and arrange, selecting tools and vessels, balancing color and form, and even photographing and selling arrangements, *Cultivated* offers universal lessons for all levels of practitioners, budgets, and materials. Geall's stunning photographs of her own lush designs illustrate techniques for creating brilliant arrangements that spark the imagination. [The Most Beautiful Flowers](#) Andrews McMeel Publishing

 BESTSELLER The Victorian language of flowers was used to convey romantic expressions: honeysuckle

for devotion, asters for patience, and red roses for love. But for Victoria Jones, it's been more useful in communicating mistrust and solitude. After a childhood spent in the foster-care system, she is unable to get close to anybody, and her only connection to the world is through flowers and their meanings. Now eighteen and emancipated from the system with nowhere to go, Victoria realizes she has a gift for helping others through the flowers she chooses for them. But an unexpected encounter

with a mysterious stranger has her questioning what's been missing in her life. And when she's forced to confront a painful secret from her past, she must decide whether it's worth risking everything for a second chance at happiness. Look for special features inside. Join the Circle for author chats and more. Praise for *The Language of Flowers* "Instantly enchanting . . . [Diffenbaugh] is the best new writer of the year."—Elle "I would like to hand Vanessa

Diffenbaugh a bouquet of bouvardia (enthusiasm), gladiolus (you pierce my heart) and lisianthus (appreciation). In this original and brilliant first novel, Diffenbaugh has united her fascination with the language of flowers—a long-forgotten and mysterious way of communication—with her firsthand knowledge of the travails of the foster-care system. . . . This novel is both enchanting and cruel, full of beauty and anger. Diffenbaugh is a talented writer and a mesmerizing storyteller.

She includes a flower dictionary in case we want to use the language ourselves. And there is one more sprig I should add to her bouquet: a single pink carnation (I will never forget you)."—Washington Post "A fascinating debut . . . Diffenbaugh clearly knows both the human heart and her plants, and she keeps us rooting for the damaged Victoria."—O Magazine "Diffenbaugh effortlessly spins this enchanting tale, making even her prickly protagonist impossible not

to love."—Entertainment Weekly
