DALE SHELTON

Traditional Clothing of the Native Americans Indiana University Press
Ready-Made Democracy explores the history of men's dress in America to consider how capitalism and democracy emerged at the center of American life during the century between the Revolution and the Civil War. Michael Zakim demonstrates how clothing initially attained a significant place in the American political imagination on the eve of Independence. At a time when household production was a popular expression of civic virtue, homespun clothing was widely regarded as a reflection of America's most cherished republican values: simplicity, industriousness, frugality, and independence. By the early nineteenth century, homespun began to disappear from the American material landscape. Exhortations of industry and modesty, however, remained a common fixture of public life. In fact, they found expression in the form of the business suit. Here,

Zakim traces the evolution of homespun clothing into its ostensible opposite—the woolen coats, vests, and pantaloons that were "ready-made" for sale and wear across the country. In doing so, he demonstrates how traditional notions of work and property actually helped give birth to the modern industrial order. For Zakim, the history of men's dress in America mirrored this transformation of the nation's social and material landscape: profit-seeking in newly expanded markets, organizing a waged labor system in the city, shopping at "single-prices," and standardizing a business persona. In illuminating the critical links between politics, economics, and fashion in antebellum America, *Ready-Made Democracy* will prove essential to anyone interested in the history of the United States and in the creation of modern culture in general. [Everyday Fashions of the Forties As Pictured in Sears Catalogs](#) Twenty-First Century Books

Shirley Miles O'Donnol provides both illustrations and written descriptions of styles worn in everyday life and suggests ways of adapting them to stage use. Her

animated and informative text gives an overview of social trends as well as insight into the fashions themselves. Since women's fashions change more frequently and more radically than men's, the chapters follow the eras in women's apparel: "The First World War," "The Flaming Twenties," "The Depressed Thirties," "The Second World War," "The Postwar Era and the 'New Look,'" "The Late Fifties: Dawn of the Space Age," and "The Sixties: Unisex and Miniskirts." Lavishly illustrated with original drawings by the author, photographs of costumes now in museum collections, and drawings and photographs taken from fashion magazines spanning more than fifty years, *American Costume, 1915-1970* is a practical -- and entertaining -- handbook for the stage costumer.

Working Dress in Colonial and Revolutionary America Popular Press Part memoir, part micro-history, this is an exploration of the present through the lens of the past. We all know that the best way to study a foreign language is to go to a country where it's spoken, but can the same immersion method be applied to history? How do interactions with antique objects influence perceptions of the modern world? From Victorian beauty regimes to nineteenth-century bicycles, custard recipes to taxidermy experiments, oil lamps to an ice box, Sarah and Gabriel Chrisman decided to explore nineteenth-century culture and technologies from the inside out. Even the deepest aspects of their lives became affected, and the more immersed they became in the late Victorian era, the more aware they grew of its legacies permeating the twenty-first century. Most of us have dreamed of time travel, but what if that dream could come true? Certain universal constants

remain steady for all people regardless of time or place. No matter where, when, or who we are, humans share similar passions and fears, joys and triumphs. In her first book, *Victorian Secrets*, Chrisman recalled the first year she spent wearing a Victorian corset 24/7. In *This Victorian Life*, Chrisman picks up where *Secrets* left off and documents her complete shift into living as though she were in the nineteenth century. [The Scoop on Clothes, Homes, and Daily Life in Colonial America](#) Fairchild Books Americans began the twentieth century standing in Europe's sartorial shadow, yet ended by outfitting the world in blue jeans, T-shirts and sneakers. How did this come about? What changes in American culture were reflected in fashion? What role did popular culture play? This important overview of American fashion in the twentieth century considers how Americans went from imitating British and French fashion to developing their own sense of style. It examines such influences on dress as class, jazz and hip hop, war, the space race, movies, television and sports. Further, the book shows how gender, psychology, advertising, public policy, shifting family values, the American design movement and expertise in mass production profoundly influenced an American style that has been exported across the globe. From New York City's Bohemians to Hollywood's stars, *Twentieth-Century American Fashion* reveals the continuing importance of clothing to American identity and individual experience.

The Well-Trained Mind: A Guide to Classical Education at Home (Fourth Edition) Bloomsbury Publishing Looks at the different modes of dress in America in the mid twentieth century, from every day clothes to high fashion.

Everyday Fashion in Found

Photographs Bloomsbury Publishing Catalog illustrations show what American men, women, and children wore during the 1960s, including hats and shoes, suits and dresses, from lingerie and playclothes to bridal ensembles.

Everyday Dress of the American Colonial Period Coloring Book ABC-CLIO

Depictions of everyday wear of Vikings, Mayans, Aztecs, Incas, and principal North American Indian tribes, plus the varied costumes of the Spanish, Portuguese, English, French, German, and Scandinavians who settled on the American continents. Military uniforms from the 16th to the mid-20th century are also portrayed. 404 black-and-white illustrations.

Twentieth-Century American Fashion

Batsford Books

During the prosperous, forward-thinking era after the Second World War, a growing number of men, women, and children across the United States were wearing fashions that evoked the Old West. *Westernwear: Postwar American Fashion and Culture* examines why a sartorial style with origins in 19th-century agrarian traditions continued to be worn at a time when American culture sought balance between technocratic confidence in science and technology on one side, and fear and anxiety over global annihilation on the other. By analysing well-known and rarely considered western manufacturers, *Westernwear* revises the common perception that fashionable innovation came from the East coast and places western youth cultures squarely back in the picture. The book connects the history of American working class dress with broader fashionable trends and discusses how and why Native

American designs and representations of Native American people were incorporated broadly and inconsistently into the western visual vocabulary.

Setting westernwear firmly in context, Sonya Abrego addresses the incorporation of this iconic style into postwar wardrobes and popular culture, and charts the evolution of westernwear into a modern fashion phenomenon.

Stylish Dress Book Clarkson Potter Publishers

In the last half of the 19th century, the women of America were beginning to develop their own sense of style.

Although influenced by European fashions and the social and economic changes of the time, they made clothing choices based upon their personal aspirations and their practical everyday needs. Providing an overview of fashion influences for each decade from the 1860s to the end of the century, *Everyday Fashion in Found Photographs* presents iconic garments, using sources from the period, to provide commentary and detailed description of the styles of the time. Previously unpublished vintage photographs show women across the social spectrum wearing items such as the Garibaldi shirt, the cuirass bodice, the Mother Hubbard, bicycle bloomers, and much more. Names, dates and functions of garments are examined in detail, and ties are established between social and historical contexts and the evolution of clothing styles. This illustrated book is for readers who want to identify and understand specific clothing items as well as gain insight into the mind-set of fashionable women from Victorian-era America. Dress history scholars, costume designers, curators of costume collections, social and cultural historians and those who appreciate vintage photographs can learn about

elements of late 19th century women's dress and thereby develop an understanding of what was fashionable, and why.

20th-Century Dress in the United States
Indiana University Press

Captioned line drawings and background descriptions provide insight into the clothing worn by seafarers, farmers, frontiersmen, public servants, and others of the working class between 1710 and 1810

Dress Casual ABC-CLIO

Explores the psychology behind style choices which explains why women do not dress their age, wear all the clothing they purchase, or dress to flatter their body shape, in order to help them develop a personal style and make life changes.

The Well-Trained Mind: A Guide to Classical Education at Home (Third Edition) Kent State University Press
Looks at the different modes of dress in America from the 1770s to the 1860s, examining the clothing and accessories of the common people and soldiers, as well as the men and women of the upper and middle classes.

Petticoats and Frock Coats Praeger
Clothing and fashion accessories can serve as valuable primary sources for learning about our history. This unique book examines daily life in twentieth-century America through the lens of fashion and clothing. * Provides readers with an understanding of American history through artifacts of clothing * Offers readers the option to read self-contained entries individually or in chronological order for a unique perspective of a given decade from multiple points of view * Shows how clothing can be used as an educational tool to understand the real-life experiences of peoples of the past *

Presents hard facts and information on complex topics like war and politics, as well as entertainment histories * Ties large historical events and movements to individuals living in those times, both famous and "everyday"

Clothing and Fashion: American Fashion from Head to Toe [4 volumes] Laurence King Publishing

This work focuses on the efforts toward reforming women's dress that took place in Europe and America in the latter half of the 18th century and the first decade of the 20th century, and the types of garments adopted by women to overcome the challenges posed by fashionable dress. It considers the many advocates for reform and examines their motives, their arguments for change, and how they promoted improvements in women's fashion. Though there was no single overarching dress reform movement, it reveals similarities among the arguments posed by diverse groups of reformers, including especially the equation of reform with an ideal image of improved health. Drawing on a variety of primary and secondary sources in the USA and Europe - including the popular press, advice books for women, allopathic and alternative medical literature, and books on aesthetics, art, health, and physical education - the text makes a significant contribution to costume studies, social history, and women's studies.

Ready-Made Democracy UNC Press Books

Explores the traditional dress of Native Americans in the nine major cultural areas of North America, with an emphasis on everyday or "work" clothes. Individual items of clothing are discussed in detail, including skirts & aprons from a variety of materials, dresses of many styles, capotes, robes, breechclouts,

leggings, shirts, breastplates, parkas, hats, moccasins cradleboards and sandals. Selected pieces of dress clothing, primarily from the Plains, are also discussed. Included are drawings, patterns and ideas for making replicas of primitive clothing.

Costume Capstone

Stylish Dress Book features a selection of beautiful clothes that you can wear every day. Using simple shapes and individual details, this book shows you how to craft a stylish collection of garments to your own taste. For anyone who knows the frustration of going to the mall and finding racks of identikit clothes in cheap fabrics, this book offers a fabulous homemade alternative. As every sewist knows, DIY fashion is the best way to be stylish. What makes these Japanese sewing books different from other guides on the market is the simplicity of the projects. The instructions come through a series of simple, step-by-step diagrams, so the sequence of construction is easy to follow. The book also includes four actual-size patterns. Choose from 26 different garments and then set to work to make your own unique outfit.

Ethnic Dress in the United States

Greenwood

Addresses topics such as the formal wear of the Belle Epoque era, hairstyles of the Empire Revival, haute couture, and the evolution of clothes for teenagers • Presents four full-color photographic essays of clothing styles throughout American history

American Costume 1915-1970 Basic Books

Traditionally associated with rural ways of life in England, often hand-crafted and held up as one of the only items of English folk dress to survive into the 20th century, the smock frock is an object of curiosity in many museum collections. Drawing on a wide variety of sources from surviving garments to newspapers and photographs, this book reveals the hidden history of the smock frock to present new social histories. Discussing the smock frock in its widest contexts, Alison Toplis explores how garments were handmade and manufactured by the ready-made clothing industry, and bought by men of different trades. She traces the smock frock's usage across England as well as in export markets such as Australia. Following the garment's decline in the late 19th century, the book investigates how this essentially utilitarian style of workwear came to be held up as an example of disappearing 'peasant' craft in an emotional response to urbanisation, and how it was preserved by collectors under the influence of the Arts and Crafts movement. Around the turn of the 20th century, the smock frock was reinvented as both women's and children's wear and is now regularly

revived in fashion collections by the likes of Molly Goddard. Drawing together extensive visual and material cultures, Alison Toplis unravels a new history of the smock frock.

The Hidden History of the Smock Frock
Twenty-First Century Books

Over 500 illustrations of fur-trimmed evening wraps, casual day wear and more for women; stylish clothing for children, handsome accessories for men, costume jewelry, millinery, shoes, much else.
