Alice Temperley, one of the most accomplished British designers working today, creates clothing that is coveted by the likes of Kate Hudson, Sarah Jessica Parker, Olga Kurylenko, Rita Ora, Poppy Delevingne, Helen Mirren, Adele, Naomie Harris, and The Duchess of Cambridge. This book is conceived as a celebration of Alice Temperley's aesthetic and conveys the effortless decadence and handcrafted allure of her brand. This book highlights the key moments that have inspired the last decade of work—focusing on the personal moments that have shaped her brand. Filled with captivating

photographs from Temperley London photo shoots and fashion editorials, ALICE TEMPERLEY: ENGLISH MYTHS AND LEGENDS gives an in-depth look into the inspirations and processes behind the creation of the collections. While her first Rizzoli book, TRUE BRITISH (2011), was a chronological story about the first 10 years of the brand, ENGLISH MYTHS AND LEGENDS gives a more intimate view of what defines Temperley London today and its evolution; revealing both practical and sentimental moments of the designer's generative history.

The first complete and unexpurgated edition of the war diaries of Field Marshall Lord Alanbrooke - the most important and the most controversial military diaries of the modern era. Alanbrooke was CIGS - Chief of the Imperial General Staff - for the greater part of the Second World War. He acted as mentor to Montgomery and military adviser to Churchill, with whom he clashed. As chairman of the Chiefs of Staff committee he also led for the British side in the bargaining and the brokering of the Grand Alliance, notably during the great conferences with Roosevelt and Stalin and their retinue at Casablanca, Teheran, Malta and elsewhere. As CIGS Alanbrooke was indispensable to the British and the Allied war effort. The diaries were sanitised by Arthur Bryant for his two books he wrote with Alanbrooke.

Unexpurgated, says Danchev, they are explosive. The American generals, in particular, come in for attack. Danchev proposes to centre his edition on the Second World War. Pre and post-war entries are to be reduced to a Prologue and Epilogue). John Keegan says they are the military equivalent of the Colville Diaries (Churchill's private secretary), THE FRINGES OF POWER. These sold 24,000 in hardback at Hodder in 1985. From a watch to a pavilion, from urban furniture to infrastructure, from landscape design to apartment buildings: since the founding of Atelier Bonnet in the year 2000, the work of Pierre and Mireille Bonnet, covering a wide range of themes and scales, is conceived in a spirit of interaction and complicity. In the face of such a diversity of works, the monograph concentrates on a series of exemplary residential buildings, which document the skillful handling of this fundamental building

task. In their most recent works, the architects have also occupied themselves intensively with the use of exposed concrete and with questions of tectonics. The resulting sculptural design and the abstract language of these objects provide further examples of a highly sensitive architecture, with an undeniable artistic dimension.

When Adam started kindergarten, the teacher wanted him to learn about letters. But "p" looked like "q," and "b" looked like "d." Adam would rather color or mold clay. In first grade, his teacher wanted him to put the letters into words so he could read. That was the beginning of the Alphabet War. "Was" looked like "saw," and "there" looked like "then." Almost everyone else in his class was learning to read, but Adam was fighting a war against letters. In second grade, he had to learn to spell, which was also impossible. Now he was so frustrated he got into trouble and had to go to the principal's office. At last, in third grade, he got the right kind of help. Slowly he began to do better. During fourth grade, he learned that he could excel in other things. That gave him the confidence to take chances with reading. One day he found himself reading a book all by himself!
