NATHAN LAYLAH

The Indian Mutiny 1857-58 Orbit
Mutiny tore like wildfire through the
wooden warships of the age of

revolution. While commoners across
Europe laid siege to the nobility and
enslaved workers put the torch to
plantation islands, out on the oceans,
naval seamen by the tens of thousands
turned their guns on the quarterdeck
and overthrew the absolute rule of

captains. By the early 1800s, anywhere between one-third and one-half of all naval seamen serving in the North Atlantic had participated in at least one mutiny, many of them in several, and some even on ships in different navies. In *The Bloody Flag*, historian Niklas Frykman explores in vivid prose how a decade of violent conflict onboard gave birth to a distinct form of radical politics that brought together the egalitarian culture of North Atlantic maritime communities with the revolutionary era's constitutional republicanism. The attempt to build a radical maritime republic failed, but the red flag that flew from the masts of mutinous ships survived to become the most enduring global symbol of class struggle, economic justice, and republican liberty

to this day.

Etiquette & Espionage Random House Trade Paperbacks

He was the Great Compromiser, a canny and colorful legislator whose life mirrors the story of America from its founding until the eve of the Civil War. Speaker of the House, senator, secretary of state, five-time presidential candidate, and idol to the young Abraham Lincoln, Henry Clay is captured in full at last in this rich and sweeping biography. David S. Heidler and Jeanne T. Heidler present Clay in his early years as a precocious, witty, and optimistic Virginia farm boy who at the age of twenty transformed himself into an attorney. The authors reveal Clay's tumultuous career in Washington, including his participation in the deadlocked election of 1824 that

haunted him for the rest of his career, and shine new light on Clay's marriage to plain, wealthy Lucretia Hart, a union that lasted fifty-three years and produced eleven children. Featuring an inimitable supporting cast including Thomas Jefferson, James Madison, and Abraham Lincoln, Henry Clay is beautifully written and replete with fresh anecdotes and insights. Horse trader and risk taker, arm twister and joke teller, Henry Clay was the consummate politician who gave ground, made deals, and changed the lives of millions. *The Petticoat Affair* Little, Brown Books for Young Readers
If one must flirt...flirt with danger. Lessons in the art of espionage aboard Mademoiselle Geraldine's floating dirigible have become tedious without

Sophonra's sweet sootie Soap nearby. She would much rather be using her skills to thwart the dastardly Picklemen, yet her concerns about their wicked intentions are ignored, and now she's not sure whom to trust. What does the brusque werewolf dewan know? On whose side is the ever-stylish vampire Lord Akeldama? Only one thing is certain: a large-scale plot is under way, and when it comes to fruition, Sophronia must be ready to save her friends, her school, and all of London from disaster--in decidedly dramatic fashion, of course. What will become of our proper young heroine when she puts her years of training to the test? Find out in this highly anticipated and thrilling conclusion to the New York Times bestselling Finishing School series!

Manners & Mutiny Wentworth Press
 The shocking story of a WWII shootout between black and white GIs in a quiet Cornish town that put the British-US “special relationship” on trial. On September 26, 1943, racial tensions between American soldiers stationed in Cornwall erupted in gunfire. Labelled a ‘wild west’ mutiny by the tabloids, it became front page news in Great Britain and the USA. For Americans, it bolstered a fast-accelerating civil rights movement, while in the UK, it exposed unsettling truths about Anglo-American relations. With new archival research, journalist Kate Werran pieces together the shocking drama that authorities tried to hush up. Her narrative examines everything from the controversy of American segregation on British soil to

the shocking event itself and the resulting court martial. Extracted from wartime cabinet documents, secret government surveys, opinion polls, diaries, letters and newspapers as well as testimony from those who remember it, this story offers a rare window into a little-known dark side of the ‘American Invasion.’

Sketches of the Character, Manners, and Present State of the Highlanders of Scotland Hachette Australia
 NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham reveals how the Founding Fathers viewed faith—and how they ultimately created a nation in which belief in God is a matter of choice. At a time when our country seems divided by extremism, American Gospel draws on the past to

offer a new perspective. Meacham re-creates the fascinating history of a nation grappling with religion and politics—from John Winthrop’s “city on a hill” sermon to Thomas Jefferson’s Declaration of Independence; from the Revolution to the Civil War; from a proposed nineteenth-century Christian Amendment to the Constitution to Martin Luther King, Jr.’s call for civil rights; from George Washington to Ronald Reagan. Debates about religion and politics are often more divisive than illuminating. Secularists point to a “wall of separation between church and state,” while many conservatives act as though the Founding Fathers were apostles in knee britches. As Meacham shows in this brisk narrative, neither extreme has it right. At the heart of the American experiment

lies the God of what Benjamin Franklin called “public religion,” a God who invests all human beings with inalienable rights while protecting private religion from government interference. It is a great American balancing act, and it has served us well. Meacham has written and spoken extensively about religion and politics, and he brings historical authority and a sense of hope to the issue. American Gospel makes it compellingly clear that the nation’s best chance of summoning what Lincoln called “the better angels of our nature” lies in recovering the spirit and sense of the Founding. In looking back, we may find the light to lead us forward. Praise for American Gospel “In his American Gospel, Jon Meacham provides a refreshingly clear, balanced, and wise

historical portrait of religion and American politics at exactly the moment when such fairness and understanding are much needed. Anyone who doubts the relevance of history to our own time has only to read this exceptional book.”—David McCullough, author of 1776 “Jon Meacham has given us an insightful and eloquent account of the spiritual foundation of the early days of the American republic. It is especially instructive reading at a time when the nation is at once engaged in and deeply divided on the question of religion and its place in public life.”—Tom Brokaw, author of The Greatest Generation
[Lydia Bailey](#) Routledge
 Between 1822 and 1857, eight Southern states barred the ingress of all free black maritime workers. According to

lawmakers, they carried a 'moral contagion' of abolitionism and black autonomy that could be transmitted to local slaves. Those seamen who arrived in Southern ports in violation of the laws faced incarceration, corporal punishment, an incipient form of convict leasing, and even punitive enslavement. The sailors, their captains, abolitionists, and British diplomatic agents protested this treatment. They wrote letters, published tracts, cajoled elected officials, pleaded with Southern officials, and litigated in state and federal courts. By deploying a progressive and sweeping notion of national citizenship - one that guaranteed a number of rights against state regulation - they exposed the ambiguity and potential power of national citizenship as a legal category.

Ultimately, the Fourteenth Amendment recognized the robust understanding of citizenship championed by Antebellum free people of color, by people afflicted with 'moral contagion'.

Manners & Mutiny The New Press

Does one need four fully grown foxgloves for decorating a dinner table for six guests? Or is it six foxgloves to kill four fully grown guests? Sophronia's first year at Mademoiselle Geraldine's Finishing Academy for Young Ladies of Quality has certainly been rousing! For one thing, finishing school is training her to be a spy (won't Mumsy be surprised?). Furthermore, Sophronia got mixed up in an intrigue over a stolen device and had a cheese pie thrown at her in a most horrid display of poor manners. Now, as she sneaks around the dirigible school,

eavesdropping on the teachers' quarters and making clandestine climbs to the ship's boiler room, she learns that there may be more to a field trip to London than is apparent at first. A conspiracy is afoot--one with dire implications for both supernaturals and humans. Sophronia must rely on her training to discover who is behind the dangerous plot-and survive the London Season with a full dance card. In this bestselling sequel to New York Times bestselling *Etiquette & Espionage*, class is back in session with more petticoats and poison, tea trays and treason. Gail's distinctive voice, signature humor, and lush steampunk setting are sure to be the height of fashion this season.

Americans of the Early Republic devoted close attention to the question of what should be the proper relationship between church and state. Kabala examines this debate across six decades and shows that an understanding of this period is not possible without appreciating the key role religion played in the formation of the nation.

Has history been wrong for 200 years? Read the startling truth about the mutiny on the *Bounty*, its characters, causes, and aftermath. Television rights are now in development with Ridley Scott's Scott Free Productions. More than two centuries after Master's Mate Fletcher Christian led a mutiny against Lieutenant William Bligh on a small, armed

transport vessel called *Bounty*, the true story of this enthralling adventure has become obscured by the legend. Combining vivid characterization and deft storytelling, Caroline Alexander shatters the centuries-old myths surrounding this story. She brilliantly shows how, in a desperate attempt to save one man from the gallows and another from ignominy, two powerful families came together and began to create the version of history we know today. The true story of the mutiny on the *Bounty* is an epic of duty and heroism, pride and power, and the assassination of a brave man's honor at the dawn of the Romantic age.

The Bounty Houghton Mifflin Harcourt
 Quitting her husband's house and moving back in with her horrible family,

Lady Maccon becomes the scandal of the London season in the third book of the NYT bestselling Parasol Protectorate series. Queen Victoria dismisses her from the Shadow Council, and the only person who can explain anything, Lord Akeldama, unexpectedly leaves town. To top it all off, Alexia is attacked by homicidal mechanical ladybugs, indicating, as only ladybugs can, the fact that all of London's vampires are now very much interested in seeing Alexia quite thoroughly dead. While Lord Maccon elects to get progressively more inebriated and Professor Lyall desperately tries to hold the Woolsey werewolf pack together, Alexia flees England for Italy in search of the mysterious Templars. Only they know enough about the preternatural to

explain her increasingly inconvenient condition, but they may be worse than the vampires -- and they're armed with pesto!--EndFragment-- BLAMELESS is the third book of the Parasol Protectorate series: a comedy of manners set in Victorian London, full of werewolves, vampires, dirigibles, and tea-drinking. As the oldest and favorite daughter of Thomas Jefferson, Martha "Patsy" Jefferson Randolph (1772-1836) was extremely well educated, traveled in the circles of presidents and aristocrats, and was known on two continents for her particular grace and sincerity. Yet, as mistress of a large household, she was not spared the tedium, frustration, and great sorrow that most women of her time faced. Though Patsy's name is familiar because of her famous father, Cynthia Kierner is the first historian to place Patsy at the center of her own story, taking readers into the largely ignored private spaces of the founding era. Randolph's life story reveals the privileges and limits of celebrity and

shows that women were able to venture beyond their domestic roles in surprising ways. Following her mother's death, Patsy lived in Paris with her father and later served as hostess at the President's House and at Monticello. Her marriage to Thomas Mann Randolph, a member of Congress and governor of Virginia, was often troubled. She and her eleven children lived mostly at Monticello, greeting famous guests and debating issues ranging from a woman's place to slavery, religion, and democracy. And later, after her family's financial ruin, Patsy became a fixture in Washington society during Andrew Jackson's presidency. In this extraordinary biography, Kierner offers a unique look at American history from the perspective of this intelligent, tactfully assertive

woman.

Mutiny of Rage Bloomsbury Publishing
The friendship of the bachelor politicians James Buchanan (1791-1868) of Pennsylvania and William Rufus King (1786-1853) of Alabama has excited much speculation through the years. Why did neither marry? Might they have been gay? Or was their relationship a nineteenth-century version of the modern-day "bromance"? In *Bosom Friends: The Intimate World of James Buchanan and William Rufus King*, Thomas J. Balcerski explores the lives of these two politicians and discovers one of the most significant collaborations in American political history. He traces the parallels in the men's personal and professional lives before elected office, including their failed romantic courtships

and the stories they told about them. Unlikely companions from the start, they lived together as congressional messmates in a Washington, DC, boardinghouse and became close confidantes. Around the nation's capital, the men were mocked for their effeminacy and perhaps their sexuality, and they were likened to Siamese twins. Over time, their intimate friendship blossomed into a significant cross-sectional political partnership. Balcerski examines Buchanan's and King's contributions to the Jacksonian political agenda, manifest destiny, and the increasingly divisive debates over slavery, while contesting interpretations that the men lacked political principles and deserved blame for the breakdown of the union. He closely narrates each

man's rise to national prominence, as William Rufus King was elected vice-president in 1852 and James Buchanan the nation's fifteenth president in 1856, despite the political gossip that circulated about them. While exploring a same-sex relationship that powerfully shaped national events in the antebellum era, *Bosom Friends* demonstrates that intimate male friendships among politicians were--and continue to be--an important part of success in American politics.

All four books in New York Times bestselling author Gail Carriger's young adult steampunk *Finishing School* series are now available in one e-book bundle! Travel back to the beginning of

Sophronia's story in *Etiquette & Espionage*, then follow her many adventures through *Curtsies & Conspiracies*, *Waistcoats & Weaponry*, and *Manners & Mutiny* to the smashing series finale that will make you want to start all over again.

Martha Jefferson Randolph,
Daughter of Monticello Little, Brown
Books for Young Readers

This young adult steampunk series debut set in the same world as the New York Times bestselling *Parasol Protectorate* is filled with all the saucy adventure and droll humor Gail Carriger's legions of fans have come to adore. Fourteen-year-old Sophronia is a great trial to her poor mother. Sophronia is more interested in dismantling clocks and climbing trees than proper manners--and the family can

only hope that company never sees her atrocious curtsy. Mrs. Temminnick is desperate for her daughter to become a proper lady. So she enrolls Sophronia in Mademoiselle Geraldine's Finishing Academy for Young Ladies of Quality. But Sophronia soon realizes the school is not quite what her mother might have hoped. At Mademoiselle Geraldine's, young ladies learn to finish...everything. Certainly, they learn the fine arts of dance, dress, and etiquette, but they also learn to deal out death, diversion, and espionage--in the politest possible ways, of course. Sophronia and her friends are in for a rousing first year's education.

In the mid-19th century India was the focus of Britain's international prestige and commercial power - the most important colony in an empire which extended to every continent on the globe and protected by the seemingly dependable native armies of the East India Company. When, however, in 1857 discontent exploded into open rebellion, Britain was obliged to field its largest

army in forty years to defend its 'jewel in the crown'. This book, drawing on the latest sources as well as numerous first-hand accounts, explains why the sepoy armies rose up against the world's leading imperial power, details the major phases of the fighting, including the massacres at Cawnpore and the epic sieges of Delhi and Lucknow, and examines many other aspects of this compelling, at times horrifying, subject.

Jane Grey Swisshelm LSU Press

An esteemed planter, politician, and military leader influential in the affairs of both South Carolina and Texas, James Hamilton (1786--1857) so declined in reputation during the last twenty years of his life that his home state refused to acknowledge him when he died. Robert Tinkler's superb, first-published

biography of Hamilton conveys the enormous drama, dignity, and pathos that marked Hamilton's pursuit of the greatness achieved by his prominent Revolutionary-era forebears and his subsequent profound reversal brought on by debt. While a member of Congress during the 1820s, Hamilton came to champion states' interests over a strong central national government. As governor of South Carolina, 1830--1832, he reached the pinnacle of his political and social glory when he presided over the Nullification Crisis of 1832.

Hamilton's undoing began with a series of ill-advised cotton speculations that left him deeply and very publicly in arrears by 1839. He desperately sought relief -- even supporting the Compromise of 1850 in hopes of monetary benefit,

while alienating his old allies in the process. To his fellow southerners, Hamilton became a scourge and embarrassment as one who compromised his political beliefs because of fiscal distress. Perhaps even more than his political apostasy, Hamilton's unforgivable offense may have been to remind planters of their own struggles with chronic debt. Tinkler's extraordinary research into both Hamilton's life and the dynamics of reputation and debt in the antebellum South suggests that many contemporaries simply wished to forget Hamilton's plight so as to avoid facing their own financial reality. Possessing the weight of tragedy, James Hamilton of South Carolina documents a powerful man's achievements and the events and

personal flaws that led to his fall.

From Confederation to Nation John Wiley & Sons

A look at how presidential campaigning changed between 1824 to 1840, leading to a new surge in voter participation: "A pleasure to read." —Robert M. Owens, author of *Mr. Jefferson's Hammer* After the "corrupt bargain" that awarded John Quincy Adams the presidency in 1825, American politics underwent a fundamental shift from deference to participation. This changing tide eventually propelled Andrew Jackson into the White House—twice. But the presidential race that best demonstrated the extent of the changes was that of Martin Van Buren and war hero William Henry Harrison in 1840. Harrison's campaign was famously marked by

sloganeering and spirited rallies. In *The Coming of Democracy*, Mark R. Cheatham examines the evolution of presidential campaigning from 1824 to 1840. Addressing the roots of early republic cultural politics—from campaign biographies to songs, political cartoons, and public correspondence between candidates and voters—Cheatham asks the reader to consider why such informal political expressions increased so dramatically during the Jacksonian period. What sounded and looked like mere entertainment, he argues, held important political meaning. The extraordinary voter participation rate—over 80 percent—in the 1840 presidential election indicated that both substantive issues and cultural politics

drew Americans into the presidential selection process. Drawing on period newspapers, diaries, memoirs, and public and private correspondence, *The Coming of Democracy* is the first book-length treatment to reveal how presidents and presidential candidates used both old and new forms of cultural politics to woo voters and win elections in the Jacksonian era. This book, winner of an award from the Phi Alpha Theta History Honor Society, is excellent and thought-provoking reading for anyone interested in US politics, the Jacksonian/antebellum era, or the presidency. [Clarice the Brave](#) Penn State Press Probes into the efforts to remove Johnson from the presidency and details the results of the impeachment trial
