From the New York Times bestselling author of *The Midnight Club*—soon to be an original Netflix series! Dusty Shame was a high school senior, and a serial killer. Already he has murdered three young women, and he has more planned. Yet Dusty did not want to hurt anybody. There was something inside him, or perhaps outside him, that compelled him to kill. Sheila Hardolt has lost her best friend to Dusty's brutal attacks. It will be her task to probe the clues Dusty has left at the site of each of his murders. Clues

that will point her into the past—to a time when a large portion of mankind lost all sense of decency. There she will find the seed of Dusty's evil compulsion, the Wicked Heart, and the reason why it did not die the first time it was destroyed. *Wicked Women of Alabama* CreateSpace A deep, abiding passion for a modern-day tyrant, sociopath, or fraud might be cause for concern among the newshound's friends and family. But let the story be strange enough, and let enough time pass, and, suddenly, the subject becomes obsession-worthy: something to share at trivia night, to pore over at the library, or, as it turns out, to recommend to us. Since starting our podcast, *Stuff You Missed in History Class*, listeners have written in to request countless villains, tyrants, and

imposters, representing all eras of history and all corners of the world. Sometimes the stories of these no-good characters turn out to be worse than imagined, like the nightmarish murders committed by the real Bluebeard, Gilles de Rais. Other times, though, the villains revealed a surprisingly human side, like the fierce female pirate Zheng Yi Sao's plans for a comfy retirement, or master thief Adam Worth's deep devotion to his family and his code. This book pulls together the exploits of these historically bad and worse-than-bad figures into one collection, arranged into chapters we thought made sense. You'll find tyrants like Caligula with conquerors like Tamerlane; the questionably bad gangster Ma Barker grouped with mastermind mobster Al

Capone; and folk hero criminal D.B. Cooper paired up with the charmingly fraudulent Princess Caraboo. And if by the end you're not already losing sleep thanks to terrifying visions of the pirate Blackbeard with his beard alight, we've included some bonus content on creepy hotels and mysterious hidden passageways to kick off your next research obsession. Enjoy! -Sarah and Deblina

Karla Homolka is regarded by the Canadian media as North America's most reviled female serial killer for her part in the torture, rape and murder of three young girls, including her own sister, between 1991-1992. But, best-selling true crime author and former criminal lawyer, David Elio Malocco, makes the case that as she was systematically tortured and raped by her husband, the depraved sadist, serial killer and rapist, Paul Bernardo, that she was suffering from Battered Spouse Syndrome and did not emotionally comprehend the crimes of which she was convicted. He opens up the case files including psychiatric reports and

never before disclosed accounts to present the Case for Karla Homolka. Despite the infamous statement of an FBI profiler delivered at a convention in 1998 that there were no female serial killers the author tells us that since 1610 there are over 700 documented cases of female serial killers. This book deals with twenty of the world's most notorious female serial killers. Of the twenty serial killers profiled, eight are still alive, seven are in prison, one is free and one is due for release in the near future. The book begins with the Hungarian Countess Elizabeth Bathory, the inspiration for Bram Stoker's Dracula. Bathory, a lesbian vampire, sexual sadist and reviled torturer, is reputed to be the world's most prolific serial killer with a total kill count of 650 victims. But newly discovered evidence, translated for the first time into English by renowned Bathory expert, Professor Kimberly Craft, dispels some of the myths surrounding the Blood Countess of Hungary. Did she really rip the throats of young virgins with her own teeth and later bathe in their blood to preserve her beauty? Read the fascinating up-dated account of this real life vampire. The author separates the killers by way of

motive into Thrill Seekers (Marta Beck, Myra Hindley, Aileen Wuornos, Gwendolyn Graham, Catherine Wood and Joanne Dennehy); Black Widows (Mary Ann Cotton, Catherine Flannagan, Margaret Higgins, Belle Sorenson Gunness, Dagmar Overbye, and Dorothea Punete); the Caring Profession (Amy Archer Gilligan, Genevieve Jones, and Beverly Allitt); and finally Sadistic Killers (Countess Bathory, Daria Saltykova, Rose West and Dana Sue Gray). Properly researched, superbly edited and eminently readable this soon to be classic book of wicked women is a must read for anyone interested in what makes women kill and the whole concept of Battered Spouse Syndrome. This is an altogether thoroughly enjoyable read.

Soon-to-be new parents Kiera and her husband, Sebastian Gage, have been hoping for a respite from their inquiries, but murder and mayhem have a startling way of dropping into their laps in the all-new historical mystery in this national bestselling series. Edinburgh, Scotland. March 1832. Kiera and Gage have been eagerly awaiting their bundle of joy but trouble has been brewing in the form of the roguish criminal Bonnie Brock Kincaid. A new book and subsequent play features some of Kincaid's daringly heinous exploits, although he swears he had nothing to do with it or the characters which are obvious representations of Kiera and Gage. While the scoundrel's fury seems genuine, as well as his determined quest to uncover the real identity of the author, the Gages still hold doubts about his innocence. A rash of crimes break out across the city, seemingly inspired by the

play and book. When the publisher is found brutally murdered--in an imitation of a gruesome scene--the finger not only points to Bonnie Brock as the possible culprit, but also the Gages, who have been outspoken in their condemnation of the tale. Now, the Gages are on a hunt to unmask the killer. Between the infamy garnered by the play, the cholera outbreak still wreaking havoc throughout the city, and the impending birth of their child, they will need all the resources they can garner. But family quarrels and the revelation of a secret Kiera has been keeping from Sebastian threaten to undermine everything they have overcome. When they find themselves in the crosshairs of the killer, trapped in the squalid underground vaults of the city, they will soon discover that the truth does not always set you free, and death can lurk around any corner.

Young & Wicked is the story of William

Flannelly and his "girl" Polly Sexton. Willie and Polly started down the wrong path early and spent (more properly "misspent") their youth slaloming down the slippery slope of petty criminality and anti-social behavior. In the end, they not only disappeared, they lost themselves, one in body and the other in soul.

In Wicked Women of Northeast Ohio, author Jane Ann Turzillo recounts the misdeeds of ten dark-hearted women who refused to play by the rules. They unleashed their most base impulses using axes, guns, poison and more. You'll meet Perry's Velma West, a mere slip of a girl who was unfortunately too near a hammer during an argument. New Philadelphia's Ellen Athey, no lady herself, had a similar problem with an axe. Ardell Quinn, who operated the longest-running brothel in Cleveland, would simply argue that she was a good businesswoman. Grim? Often. Entertaining? Deliciously so.

The body of John Cornell the well-known London Merchant and banker, was exhumed early this morning with great secrecy, following representations made to the Home Office. Everyone was astonished when the beautiful Josephine Rivron rejected the young, popular and handsome Frank Cornell, and married his elderly, wealthy father John instead. When John fell ill and died shortly after marrying, there were suspicions that the cause wasn't pneumonia, but a nasty case of poisoning. Then Frank Cornell too was dead - shot through the head, the weapon vanished. This time no one had any doubt it was murder. Amateur sleuth Algernon Vereker is drawn to the case by a recurring bout of his "old detective fever". He packs his Colt automatic and joins Inspector Heather down at Marston Manor to investigate. The *Ginger Cat Mystery* (1935 - originally titled *Murder at Marston Manor in the USA*) is a classic country house whodunit stuffed with suspects, clues, red herrings and dark deeds. Not to mention the eponymous feline, whose tell-tale fur might just help to hang a murderer. This new edition, the first in

over seventy years, features an introduction by Curtis Evans. 'Mr Forsythe has contrived an ingenious tale.' *The Times*

The Wicked Girl's Revenge NYU Press The surprising true story of Mexico's hunt, arrest, and conviction of its first female serial killer For three years, amid widespread public outrage, police in Mexico City struggled to uncover the identity of the killer responsible for the ghastly deaths of forty elderly women, many of whom had been strangled in their homes with a stethoscope by someone posing as a government nurse. When Juana Barraza Samperio, a female professional wrestler known as la Dama del Silencio (the Lady of Silence), was arrested—and eventually sentenced to 759 years in prison—for her crimes as the

Mataviejitas (the little old lady killer), her case disrupted traditional narratives about gender, criminality, and victimhood in the popular and criminological imagination. Marshaling ten years of research, and one of the only interviews that Juana Barraza Samperio has given while in prison, Susana Vargas Cervantes deconstructs this uniquely provocative story. She focuses, in particular, on the complex, gendered aspects of the case, asking: Who is a killer? Barraza—with her “manly” features and strength, her career as a masked wrestler in lucha libre, and her violent crimes—is presented, here, as a study in gender deviance, a disruption of what scholars call mexicanidad, or the masculine notion of what it means to be Mexican. Cervantes also challenges our conception of victimhood—specifically, who “counts” as a victim. The Little Old Lady Killer presents a fascinating analysis of what serial killing—often considered “killing for the pleasure of killing”—represents to us.

The Wicked Heart Pushkin Vertigo The “sexy . . . breathtaking . . . wonderfully original” mystery in which a murderer returns from the dead—and is

hell-bent on killing again (Jane Feather, New York Times–bestselling author of *An Unsuitable Bride*). A stridently independent woman in sixteenth-century London, Clio Thornton’s interest in solving mysteries has put her at odds with her wealthy family. But given her coterie of unorthodox friends—and her pet monkey, Toast—that is nothing new. So, when she

stumbles upon a grisly murder, she’s determined to investigate, even when all of her discoveries point to an impossible killer: the Vampire of London, vanquished three years ago by Viscount Miles Loredan—her cousin’s husband-to-be. Miles finds her theories impossible to believe. But intrigued by her passion and her beauty, Miles agrees to hire her and support her investigation. What starts as a

professional relationship soon becomes personal—and dangerous. Not only because Miles is betrothed to another woman—but because Clio has become the Vampire’s next target . . . For lovers of puzzling mysteries, romantic histories, or just good old-fashioned sleuthing, this is a fast, fun read from “a writer to watch” (Publishers Weekly).
