Grove/Atlantic
 A European lately arrived in China, if he is of a receptive and reflective disposition, finds himself confronted with a number of very puzzling questions, for many of which the problems of Western Europe will not have prepared him. Russian problems, it is true, have important affinities with those of China, but they have also important differences; moreover they are decidedly less complex. Chinese problems, even if they affected no one

outside China, would be of vast importance, since the Chinese are estimated to constitute about a quarter of the human race. In fact, however, all the world will be vitally affected by the development of Chinese affairs, which may well prove a decisive factor, for good or evil, during the next two centuries. This makes it important, to Europe and America almost as much as to Asia, that there should be an intelligent understanding of the questions raised by China, even if, as yet, definite

answers are difficult to give.

□□□□□ Penguin UK

This volume examines the development of the 'way of the samurai' (bushidō), which is popularly viewed as a defining element of the Japanese national character and even the 'soul of Japan' - to provide an overview of modern Japanese social, cultural, and political history.

Soldiers of Empire

 Fighting in the shadows. Enemy at their backs. Will Alva's Secret be revealed? As Erik and

Rugrat return to Alva they find that things have only heated up in their time away. The Adventurer's Guild moves in the shadows with Alva's support. With all of their preparations are they ready to take on a powerful sect from the sixth realm?

Flyboys Thomas Hoover
WARS CHANGE,
WARRIORS DON'T We are all warriors. Each of us struggles every day to define and defend our sense of purpose and integrity, to justify our existence on the planet

and to understand, if only within our own hearts, who we are and what we believe in. Do we fight by a code? If so, what is it? What is the Warrior Ethos? Where did it come from? What form does it take today? How do we (and how can we) use it and be true to it in our internal and external lives? The Warrior Ethos is intended not only for men and women in uniform, but artists, entrepreneurs and other warriors in other walks of life. The book examines the evolution of the warrior

code of honor and "mental toughness." It goes back to the ancient Spartans and Athenians, to Caesar's Romans, Alexander's Macedonians and the Persians of Cyrus the Great (not excluding the Garden of Eden and the primitive hunting band). Sources include Herodotus, Thucydides, Plutarch, Xenophon, Vegetius, Arrian and Curtius--and on down to Gen. George Patton, Field Marshal Erwin Rommel, and Israeli Minister of Defense, Moshe Dayan.

Ourselves John Wiley & Sons

The Book of the Ten Masters is the record of the teachers of the Sikhs. The history of human civilization took a new turn when the Sikh Gurus appeared on the scene of Medieval India. The Sikh movement served as a light-house for the people groping in the dark. They were then changed men and elevated to the stage

of the ideal man i.e. Gurmukh.

Awakening Cambridge University Press

Miyamoto Musashi (1584-1645) is the most famous Samurai who ever lived. His magnum opus, the Go-Rin-Sho or Book of Five Rings is a classic that is still read by tens of thousands of people each year—Japanese and foreigners alike. Alex Bennett's groundbreaking new translation of The Book of Five Rings reveals the true meaning of this text for the first time. Like Sun Tzu's The Art of War,

Musashi's book offers unique insights, not just for warriors, but for anyone wanting to apply the Zen Buddhist principle of awareness to achieve success in their endeavors. This book sheds new light on Japanese history and on the philosophical meaning of Bushido—the ancient "code of the Japanese warrior." Unlike other translations that are based on incomplete and inaccurate versions of Musashi's work, Bennett's is the first to be based on a careful reconstruction of

the long-lost original manuscript. Capturing the subtle nuances of the original Japanese classic, the result is a far more accurate and meaningful English version of The Book of Five Rings text. Richly annotated and with an extensive introduction to Musashi's life, this version includes a collection of his other writings—translated into English for the first time. A respected scholar, as well as a skilled martial artist, Bennett's understanding of Musashi's life and work is

unparalleled. This book will be widely read by students of Japanese culture, history, military strategy, and martial arts. It sets a new standard against which all other translations will be measured.

Land of Hope Springer Nature
For Dutton Caliber's American War Heroes series, the riveting true account of the Battle of Tarawa, an epic World War II clash in which the U.S. Marines fought the Japanese nearly to the last man. In November

1943, the men of the 2d Marine Division were instructed to clear out Japanese resistance on the Pacific island of Betio, a speck at the end of the Tarawa Atoll. When the Marines landed, the Japanese poured out of their underground bunkers—and launched one of the most brutal and bloody battles of World War II. For three straight days, attackers and defenders fought over every square inch of sand in a battle with no defined frontlines, and where there was no possibility of

retreat—because there was nowhere to retreat to. It was a struggle that would leave both sides stunned and exhausted, and prove both the fighting mettle of the Americans and the fanatical devotion of the Japanese. Drawn from new sources, including participants' letters and diaries and exclusive firsthand interviews with survivors, *One Square Mile of Hell* is the true story of a battle between two determined foes, neither of whom would ever look at the other in

the same way again. Merchants of Death London : Smith, Elder Miyamoto Musashi (1584?1645) was the legendary samurai known throughout the world as a master swordsman, spiritual seeker, and author of the classic book on strategy, the *Book of Five Rings*. Over 350 years after his death, Musashi and his legacy still fascinate us and continue to inspire artists, authors, and filmmakers. Here, respected translator and expert on samurai culture William Scott

Wilson has created both a vivid account of a fascinating period in feudal Japan and a portrait of the courageous, iconoclastic samurai who wrestled with philosophical and spiritual ideas that are as relevant today as they were in his time. For Musashi, the way of the martial arts was about mastery of the mind rather than simply technical prowess—and it is this path to mastery that is the core teaching in his *Book of Five Rings*. This volume includes

supplemental material on Musashi's legacy as a martial arts icon, his impact on literature and film, and the influence of his Book of Five Rings.

The Meiji Restoration Penguin

Primitivo "Tibo" Mijares was Ferdinand Marcos's prized "media czar" and chief propagandist until his defection in 1975. In 1972, Tibo moved to the Marcos-controlled Daily Express and assumed the presidency of the National Press Club of the Philippines and chairperson of the Media

Advisory Council, effectively becoming--in his own words--"the sole conduit between the military government and the practicing media." In 1975, Tibo defected. He knew too much and so informed a Congressional Committee in the United States, in June 1975. Despite Marcos's efforts to stop its publication, The Conjugal Dictatorship was published in 1976. A year after the publication of the book, Tibo was never heard from again and was declared legally dead years later. Tibo's

youngest son, Luis Manuel, was abducted, tortured, and later found murdered and mutilated in 1977, as a result of the publication of The Conjugal Dictatorship. He was 16 years old.

Transnational Nazism Encounter Books

The Book of Five Rings is a text on kenjutsu and the martial arts in general, written by the Japanese swordsman Miyamoto Musashi around 1643. Written over three centuries ago by a Samurai warrior, the book has been hailed as a

limitless source of psychological insight for businessmen-or anyone who relies on strategy and tactics for outwitting the competition.

Incorporated

In an exotic and magical land, Shuibai, a lowly bucket-maker, is appointed Fire Warden. He surprises and annoys everyone by taking his job seriously. Yet as he attempts to keep his city safe from fire, he finds his own life in peril as he stumbles across

dangerous secrets. Mysterious foes are smuggling illegal guns into his city, and they will stop at nothing, not even arson, kidnapping, and murder, as they wage their secret war. He is helped by the man he loves, the handsome but crippled ex-firefighter, Zashi, a man tormented by demons of his own. Is the Fire Dragon real, or is the truth far more sinister?

Queer Korea Cambridge University Press
From the author of the award-winning, best-selling novel *Matterhorn*, comes a brilliant nonfiction book about war. In 1968, at the age of twenty-three, Karl Marlantes was dropped into the highland jungle of Vietnam, an inexperienced lieutenant in command of a platoon of forty Marines who would live or die by his decisions. Marlantes survived, but like many of

his brothers in arms, he has spent the last forty years dealing with his war experience. In *What It Is Like to Go to War*, Marlantes takes a deeply personal and candid look at what it is like to experience the ordeal of combat, critically examining how we might better prepare our soldiers for war. Marlantes weaves riveting accounts of his combat experiences with thoughtful analysis, self-examination, and his readings—from Homer to *The Mahabharata* to Jung. He makes it clear just how

poorly prepared our nineteen-year-old warriors are for the psychological and spiritual aspects of the journey. Just as Matterhorn is already being acclaimed as being acclaimed as a classic of war literature, *What It Is Like to Go to War* is set to become required reading for anyone—soldier or civilian—interested in this visceral and all too essential part of the human experience. *The Samurai Strategy* Little, Brown Forbidden magic, devastating enemies, and

treasures they'd kill for. Joe has them all, and is gaining more. Survival isn't enough. He needs to win.

Ghenkō Harper Collins Without so much as a warning, humanity in its entirety was suddenly moved to another dimension. Every person without exception. But this new world with all its opportunities and gifts of wondrous abilities, was a stadium. A deadly arena of an unimaginable scale. And Humanity were to be its latest gladiators. Every man, woman and child

was given a weapon and ordered to fight. Stuck in this dimension without a way out, only two options existed for the would be hunters: Fight with monsters to complete the many trials ahead, or perish. Faced with hordes of powerful monsters, thrown into battle with complete strangers at random, the unfair game of survival began. And from the very beginning, billions of lives were extinguished in mere moments. But even within this abyss of despair was a small ray of hope: If

even one person were to complete every raid, then humanity would be redeemed and restored back to its former glory. No save points, no revives, no retries. Everyone had just one life to make their way through the gauntlet of raids prepared to test their mettle. Within this marathon of death, one man becomes aware of an exception to the rules of the game.
One Square Mile of Hell
iUniverse
The impossible has spawned the unthinkable.

In 2021, a quantum military experiment goes horrifically wrong. A multinational taskforce of ultra-modern warships is suddenly transported back in time to 1942 right into the path of the US naval battle group bound for Midway Atoll. History is rewritten in an instant as the future smashes into the past, and high-tech hardware goes head to head with World War Two technology. In the chaos that ensues, thousands are killed, but the maelstrom has only just

begun. The veterans of Pearl Harbour have never seen a helicopter, or a cruise missile - let alone nanotechnology, ceramic bullets, and F22 Raptor stealth jetfighters. Allied and Axis forces are then

caught in a desperate struggle to gain the upper hand - each hoping to tip the balance with a fist full of twenty first century firepower. What happens next is anybody's guess ♦ and everybody's

nightmare ♦
Ruthless Cambridge University Press
Barkawi re-imagines the study of war with imperial and multinational armies that fought in Asia in the Second World War.
