Cinebook

An electrifying thriller about the rise of extremism. Two ritual murders—one in Rome and one in Jerusalem—rekindles an ancient rivalry between modern-day secret societies for knowledge lost at the fall of the Third Reich. Detective Antoine Marcas unwillingly teams up with the strong-willed Jade Zewinski to chase Neo-Nazi assassins across Europe. They must unravel an

arcane mystery, sparked by information from newly revealed KGB files. Inspired from the true story of mysterious Freemason files thought to hold a terrible secret, stolen by the SS in 1940, recovered by the Red Army in 1945 and returned half a century later. First in a hugely successful series that has sold over 1.5 million copies in France and is translated into seventeen languages.

Sykes IDW Publishing Jazz Maynard was born in the slums of Barcelona, surrounded by the sort of criminal element that gets under your skin for good. He tried to escape their influence by moving to New York City, but after ten years of living by his own rules, his past caught up with him, forcing him back to the streets that groomed him. Shadows of his former life have been waiting for him, and its

time for him to face the inescapable. Jazz Maynard and his childhood friend Teo are not enjoying this unexpected reunion. Jazz had spent the previous ten years in New York, until just three days earlier, when he received a desperate letter from his long-lost sister, who had fallen in with bad company. Jazz did what any good brother would do--he rescued her from the bad company and whisked her

back home to Barcelona, the homeland he left ten years earlier. But it didn't take long for trouble to catch up with him. Three days, in fact. Old criminal relationships are renewed, and Jazz's skills as a thief and bodyguard are put on display, forced into various underground jobs by foes both old and new. It becomes pretty clear why Jazz might have left, but the question now is whether he

will ever be able to leave again . . . A complex tale of antiheroes and criminal agendas in deadly competition, with our hero trapped in the middle.

Le French Book (NY)  
She's an innocent. Caught in the wrong place at the wrong time. My Angel is the one who got away-the only person in the world I love. When she is caught in an unsanctioned bank robbery in my territory, only

my reputation protects her. She should have stayed away. Instead, she charges back into my life like a shining beacon in my otherwise bleak existence. She has no place in my world where hardened criminals toy with the lives of the innocent. A better man would let her go - again. There's no white picket fence in life with a Bellandi, and she deserves so much more. I

pushed her away once, but now that she's back I won't let anything else come between us. Not even Ivory herself. Disclaimer: Bloodied Hands is a full-length standalone novel with crime syndicate members and dark content. The Bellandi Crime Syndicate Series includes several full-length standalones with HEA that can be read in any order, but would present a better

reading  
 experience  
 following the  
 suggested  
 reading order.
