## BECK DARRYL

The Phormio of Terence BRILL

The tenth book of Vergil's Aeneid contains some of the poem's most dramatic war narrative and yet has been unjustly neglected by Vergilian scholars. Making the text accessible to the modern reader, this book provides a full introduction examining the literary aspects of Aeneid 10, notes on the text and translation, a discussion of the major interpretational problems of the Aeneid raised in Book 10, and a facing English translation of the text for those with little or no knowledge of Latin. The first major commentary to deal exclusively with Book 10, this work will be invaluable to all interested in the great Roman epic.

*P. Terenti Phormio* Princeton University Press

Named one of the 100 best nonfiction books of all time by the Modern Library Anne Carson's remarkable first book about the paradoxical nature of romantic love Since it was first published, *Eros the Bittersweet*, Anne Carson's lyrical meditation on love in ancient Greek literature and philosophy, has established itself as a favorite among an unusually broad audience, including classicists, essayists, poets, and general readers. Beginning with the poet Sappho's invention of the word "bittersweet" to describe Eros, Carson's original and beautifully written book is a wide-ranging reflection on the conflicted nature of romantic love, which is both "miserable" and "one of the greatest pleasures we have."

Beginning Latin Poetry Reader Routledge

While Kierkegaard's use of the Greek authors, particularly Plato and Aristotle, has attracted considerable attention over the years, his use of the Roman authors has, by contrast, remained sadly neglected. This neglect is somewhat

surprising given the fact that Kierkegaard was extremely well read in Latin from his early youth when he attended the Borgerdyd School in Copenhagen. Kierkegaard's interest in the Roman authors is perhaps best evidenced by his book collection. In his private library he had a long list of Latin titles and Danish translations of the standard Roman authors in any number of different genres. His extensive and frequent use of writers such as Cicero, Horace, Terence, Seneca, Suetonius and Ovid clearly warrants placing them in the select group of his major sources. The chapters in this volume demonstrate that Kierkegaard made use of the Roman sources in a number of different ways. His readings from the Borgerdyd school seem to have stuck with him as an adult. He constantly refers to Roman authors, such as Livy, Nepos, and Suetonius for colourful stories and anecdotes. In addition, he avails himself of pregnant sayings or formulations from the Roman authors, when appropriate. But his use of these authors is not merely as a rhetorical source. He is also profoundly interested in the Roman philosophy of Cicero, Seneca and Marcus Aurelius. Similarly, just as he is fascinated by Tacitus' portrayal of the early Christians, so also he is amused by the humour of Terence and Apuleius. In short, the Roman authors serve to enrich any number of different aspects of Kierkegaard's authorship with respect to both content and form.

The End of Fortuna and the Rise of Modernity Wayne State University Press

This is the first comprehensive commentary on Aeneid 11. The commentary treats fully matters of linguistic and textual interpretation, metre and prosody, grammar, lexicon and idiom, of Roman behaviour, social and ritual, as well as Virgil's sources and the literary tradition. New critical approaches and developments in Virgilian studies have been taken into account with economy and fairness. The Latin text is presented

with a facing English translation. The commentary is followed by an appendix on Penthesilea and the Epic Cycle and a second appendix which discusses the weaknesses of Aeneid 11. The book concludes with English and Latin indices. In approach and learning, this commentary continues Nicholas Horsfall's impressive work as a commentator and will advance our understanding of the Aeneid and the poet Virgil."

**The Divine Comedy** Springer Nature tool designed to achieve proficiency at Latin in one year at the college level, two years at the high school or intermediate level. The volume provides students with imaginative, connected reading, beginning with introductory prose versions of Ovid's simple myth tales and progressing to the rich poetry of Ovidian Latin (with appropriate teaching aids) within forty lessons. The grammatical approach is traditional, but the central emphasis is on reading. In each chapter the reading appears first, followed by the vocabulary, the grammar, exercises, and etymology relating to the vocabulary. The exercises begin with a group of questions in Latin (based on the reading), to be answered in Latin. Each tale is preceded by a brief discussion in English of the story and its mythological significance. The myths retold by Ovid and the attractive format are conceived to impel the student into acquiring the skill to read the author in the original language. For additional complimentary materials on this topic, please see *Latin Via Ovid* Audio materials (available via downloadable flash drive and cassette tapes) by Norma Goldman and Jacob E. Nyenhuis and the accompanying text *Practice, Practice: A Latin Via Ovid Workbook* by Norma Goldman and Michael Rossi.

A classic spy novel from the bestselling author, Trevanian, about a westerner raised in Japan who becomes one of the world's most accomplished assassins. Nicholai Hel is the world's most wanted man. Born in Shanghai during the chaos of World War I, he is the son of an aristocratic Russian mother and a mysterious German father and is the protégé of a Japanese Go master. Hel survived the destruction of Hiroshima to emerge as the world's most artful lover and its most accomplished—and well-paid—assassin. Hel is a genius, a mystic, and a master of language and culture, and his secret is his determination to attain a rare kind of personal excellence, a state of effortless perfection known only as shibumi. Now living in an isolated mountain fortress with his exquisite mistress, Hel is unwillingly drawn back into the life he'd tried to leave behind when a beautiful young stranger arrives at his door, seeking help and refuge. It soon becomes clear that Hel is being tracked by his most sinister enemy—a supermonolith of international espionage known only as the Mother Company. The battle lines are drawn: ruthless power and corruption on one side, and on the other . . . shibumi.

This book aims to investigate the process of decision-making in subtitling of feature films and entertainment series. The author uses Relevance Theory (Sperber and Wilson, 1986) to argue that the technical, linguistic and translational constraints at work in subtitling result in a curtailed target text, and illustrates this argument by invoking examples drawn from the English-Polish subtitles of films and television series available through the subscription service Netflix. After introducing the current state of research on audiovisual translation within and outside the framework of translation studies, he presents the core concepts underpinning Relevance Theory and explains how it can be used to construct a model of the process of subtitling. This book will be of interest to students and scholars working in the fields of translation studies, audiovisual translation studies, and communication studies.

*The Aeneid* Boydell & Brewer

A dead boy (Pallas) and the death of a girl (Camilla) loom over the opening and the closing part of the eleventh book of the Aeneid. Following the savage slaughter in Aeneid 10, the book opens in a mournful mood as the warring parties revisit yesterday's killing fields to attend to their dead. One casualty in particular commands attention: Aeneas' protégé Pallas, killed and despoiled by Turnus in the previous book. His death plunges his father Evander and his surrogate father Aeneas into heart-rending despair - and helps set up the foundational act of sacrificial brutality that caps the poem, when Aeneas seeks to avenge Pallas by slaying Turnus in wrathful fury. Turnus' departure from the living is prefigured by that of his ally Camilla, a maiden schooled in the martial arts, who sets the mold for warrior princesses such as Xena and Wonder Woman. In the final third of Aeneid 11, she wreaks havoc not just on the battlefield but on gender stereotypes and the conventions of the epic genre, before she too succumbs to a premature death. In the portions of the book selected for discussion here, Virgil offers some of his most emotive (and disturbing) meditations on the tragic nature of human existence - but also knows how to lighten the mood with a bit of drag. This course book offers the original Latin text, vocabulary aids, study questions, and an extensive commentary. Designed to stretch and stimulate readers, Ingo Gildenhard's volume will be of particular

interest to students of Latin studying for A-Level or on undergraduate courses. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and the most recent scholarly thought. King's College, Cambridge, has generously contributed to this publication.

The late 16th century and the first half of the 17th century saw a final resurgence of the concept of Fortuna. Shortly thereafter, this goddess of chance and luck, who had survived for millennia, rapidly lost her cultural and intellectual relevance. This volume explores the late heyday and subsequent erasure of Fortuna. It examines vernacular traditions and confessional differences, analyses how the iconography and semantics of Fortuna motifs transformed, and traces the rise of complementary concepts such as those of probability, risk, fate and contingency. Thus, a multidisciplinary team of contributors sheds light on the surprising ways in which the end of Fortuna intersected with the rise of modernity.

Tough glossy paperback. Crisp white paper. Journals are the perfect gift for any occasion.

Soma's Dictionary of Latin Quotations, Maxims and Phrases Athenaum

Beliefs, superstitions and tales about luck are present across all human cultures, according to anthropologists. We are perennially fascinated by luck and by its association with happiness and danger, uncertainty and aspiration. Yet it remains an elusive, ungraspable idea, one that slips and slides over time: all cultures reimagine what luck is and how to tame it at different stages in their history, and the modernity of the 'long twentieth century' is no exception to the rule. Apparently overshadowed by more conceptually tight, scientific and characteristically modern notions such as chance, contingency, probability or randomness, luck nevertheless persists in all its messiness and vitality, used in our everyday language and the subject of studies by everyone from philosophers to psychologists, economists to self-help gurus. *Modern Luck* sets out to explore the enigma of luck's presence in modernity, examining the hybrid forms it has taken on in the modern imagination, and in particular in the field of modern stories. Indeed, it argues that modern luck is constituted through narrative, through modern luck stories. Analysing a rich and

unusually eclectic range of narrative taken from literature, film, music, television and theatre – from Dostoevsky to Philip K. Dick, from Pinocchio to Cimino, from Curtiz to Kieślowski – it lays out first the usages and meanings of the language of luck, and then the key figures, patterns and motifs that govern the stories told about it, from the late nineteenth century to the present day.

*Vergil, Aeneid 10* Aristotelian Commentary Series

Embrace your Roman muse! As a learner of Latin, you want to experience the Roman world by reading its writers in their original language. But you may be unsure where to begin in the classical canon or you may worry that your Latin skills are insufficient to tackle authentic texts. Requiring only a grounding in the basics, *Beginning Latin Poetry Reader* lets you explore the rich and diverse range of Latin verse, including epics, comedies, satires, lyric poetry, and even graffiti! Inside you'll find seventy selections from authors of the early Republic such as Plautus and Terrence as well as those of the Golden and Silver Ages such as Vergil, Horace, Ovid, and Juvenal--all supported by helpful footnotes and English translations. This book also includes a clear overview of Latin syntax and the metrics of its verse, a glossary of all Latin words found in the readings, and a time line showing the historical and literary context of each author. Lose yourself in: the sparkling comedies of Plautus the intimate love poetry of Catullus the majestic hexameters of Vergil the elegant lyricism of Horace the refined sensuality of Ovid the compelling satires of Juvenal the bristly epigrams of Martial

**The Oxford Dictionary of Quotations** Crown

A Prosopography to Martial's Epigrams is the first dictionary of all the characters and personal names found in the work of Marcus Valerius Martialis, containing nearly 1,000 comprehensive entries. Each of them compiles and analyses all the relevant information regarding the characters themselves, as well as the literary implications of their presence in Martial's poems. Unlike other works of this kind, the book encompasses not only real people, whose positive existence is beyond doubt, but also fictional characters invented by the poet or inherited from the cultural and literary tradition. Its entries provide the passages of the epigrams where the respective characters appear; the general category to which they belong; the full name (in the case of historical characters); onomastic information, especially about frequency, meaning, and etymology; other literary or epigraphical sources; a prosopographical sketch; a discussion of relevant manuscript variants; and a bibliography. Much attention is paid to the literary portrayal of each character and the poetic usages of their names. This reference work is a much needed tool and is intended as a stimulus for further research.

**Modern Luck** McGraw Hill Professional Fratantuono and Smith provide the first detailed consideration of Book 5 of Virgil's *Aeneid*, with introduction, critical text, translation and commentary.

The Classical Journal Cerebrum Publishing Dante's classic is presented in the original Italian as well as in a new prose translation, and is accompanied by commentary on the poem's background and allegory.
