Digital Marketing Strategies for Fashion and Luxury Brands

Edward Elgar Publishing

Despite being vastly different both socially and economically, art and fashion are increasingly converging to collaborate in mutually advantageous ways. This book discusses the mutual benefits of collaboration through analysis of successful case studies, including corporate art collections and museums, patronage and sponsorship initiatives, and art-based brand management in the fashion sector. It provides a categorization of the strategies that fashion firms employ when they join the art world and illustrates how art and fashion brands can interact strategically at different levels. This book will be a valuable resource to researchers, providing an enhanced understanding of the potential of artification for managing brands and products.

Kapferer on Luxury Springer

The fashion industry is a multibillion-dollar global industry with a variety of organizational structures and a multitude of challenges. Such scope triggered the recent rise in management programs in the U.S. and Europe aiming to produce and train young managers to meet such global and diverse challenges. Managing Fashion covers the fashion business with a twist – a management twist. Its goal is to tackle the topics from a fashion manager perspective referencing relevant management concepts and theories, thus offering a deeper and more practical dimension to the issues addressed. It offers a balanced mix of fashion and management, theory and application, as well as creating an opportunity for analysis and critical thinking. Discussions

throughout the book are supported by specially developed case studies and relevant examples taken from the fashion industry. It is an opportunity to expose the fashion student or reader, as well as aspiring fashion managers, to a more practical approach to fashion theories and issues. Managing Fashion will serve as a core text for Fashion Studies, Fashion Entrepreneurship, and Fashion Merchandising majors as well as for special business degrees and management certificates targeting the fashion industry.

Firms in the Fashion Industry Springer Nature

This book is an original, high-quality collection of chapters about highly topical and important brand management issues, and it shows both theoretical and empiric analysis. The 10 selected chapters are referred, with original contents and rigorous research methodologies, to some important challenges the brand management has to face in the current competitive contexts, characterized by the dominance of the intangible resources and the new information and communication technologies. Written by leading academics, this book is dedicated not only to marketing and management scholars but also to students wanting to investigate the knowledge concerning special fields and special brand management themes. As well to the practitioners who can find a wide reference also to the managerial implication from the strategic and operative perspectives.

Strategic Luxury Management John Wiley & Sons

As this book is the first book worldwide in the "sustainable" management of luxury area, it highlights key aspects in the sustainable management of luxury based on presentations using different approaches, whether reflexive, empirical, hands-on or applied theory and cases.

Sustainable Management of Luxury John Wiley & Sons

What do brands like Apple, Diesel, Abercrombie & Fitch and Virgin have in common and what differentiates them from other brands? These brands are able to maintain a relationship with their clients that goes beyond brand loyalty. This gives a complete analysis of Lifestyle Brands, that inspire, guide and motivate beyond product benefits alone.

Luxury Fashion Branding Springer Nature

Using the field of material culture as its methodological departure point, this Palgrave Pivot explains the strategic advantages that brands can set in place when their executives are fully in command of how to move from strategy to tactics. Specifically, it studies the brands, their products and signature experiences as well as their relationship with the consumer in an attempt to define the greater powers that have pushed fashion labels in and out of fashion. It focuses on case analysis of specific luxury fashion brands and attempts to link those to the greater context of material culture while also elaborating on theoretical discussions. Bridging theory and practice, this book explores the relationship between creative strategy and cultural intelligence. *Luxury Brand Management in Digital and Sustainable Times* Springer

This book looks at luxury brand management and strategy from theory to practice and presents new theoretical models and

solutions for how to create and develop a worldwide luxury brand in the twenty-first century. The book gives an overview of how a luxury brand is created through the understanding and application of economic rules and through firms adopting new management models across multiple business dimensions. It also explains the application of theories and models and illustrates specific issues through case studies drawn from international markets such as China and France. The Chinese cases provide unique opportunities and insights into how these new luxury brands were created and how they have benefited from the international market over time. From the international brand management perspective, this book is a useful reference for anyone who wants to learn more about luxury brand management and to better understand how the international market has evolved and how products may change the rules of the game.

Sustainability in Luxury Fashion Business Springer Nature

The luxury fashion industry is one of the best performing and fastest growing industries in today's business landscape, and is set to continue expanding over the next years. Exploring the effects of digitalization, this book aims to increase our understanding of the key drivers of internal growth and competitiveness in luxury fashion firms. With a focus on the development of new brand strategies brought about by digitalization, the author outlines the need for business models to be redesigned in order to make use of social media and satisfy Millennial consumers. Offering case studies on leading luxury fashion brands, this timely book evaluates new digital technologies and strategies including omnichannel marketing, 3D printing and smart textiles. A must-read for those researching digital marketing and branding, as well as luxury or fashion management, this book provides a much-needed and up-to-date analysis of a successful and digitally aware industry.

Managing Fashion and Luxury Companies Universal-Publishers

This book provides a contemporary theoretical insight into the fashion and luxury industry, addressing potential gray areas within the literature. The authors analyze the luxury and fashion industry using multiple perspectives, allowing for a critical comprehensive overview of the phenomenon across diverse streams. The book provides insight into fashion and luxury retailing in the context of both online and brick and mortar retailers based on a variety of market scenarios. It deciphers the rationale of customer behavioral and decision making in online and offline luxury and fashion purchasing contexts. It provides an overview of the challenges that the industry faces with the advent of the evolving omni-channel environment. The multiple theoretical and practical nuances of the fashion and luxury industry are presented. In this sense, the book is a fundamental reference point for the students and academics. This book will be of interest to practitioners in the fashion and luxury retailing sectors. Also, many policy makers will find the conceptual and exploratory insight of this book relevant to their organizational and retailing policies. The new knowledge that is produced in this book is a ground breaker in the fashion and luxury literature. It offers insight from both theoretical and practical perspectives from both retailer and customer perspectives.

The Road to Luxury Routledge

The globalization of the world's markets has forced luxury brands to, in turn, become global and accessible in many developing countries and emerging markets. As a result, the demand for these luxury products has increased globally, creating a need for an education in luxury that acknowledges the global perspective yet, at the same time, incorporates subtle regional nuances into luxury and fashion marketing. Keeping this global and regional

perspective, *Luxury and Fashion Marketing: The Global Perspective* examines the elements of luxury marketing that contribute to superior luxury brand performance. Specifically, this volume focuses on mission statements, logos, airport retailing, franchising, challenges in luxury marketing, fashion relating to politics, environment, and beachwear, and case studies on luxury brands and emerging markets. *Luxury and Fashion Marketing: The Global Perspective* is unique in that it is written in a simple and engaging style to explain the theories and concepts of luxury in relation to the ordinary in the global context. Each chapter has to-do activities, making the book essential reading for students, trainers, and practitioners interested in luxury and fashion marketing and management.

Lifestyle Brands Springer

The fashion and luxury industries have been well-established for centuries, but the new disruptive digital environment is causing these industries to rethink their business case and adapt their brand offerings for consumers and experiences both online and offline, mixing physical place and digital space: phygital. This exciting new text, the first on this timely subject, written by an expert author explores the current malaise and offers ways forward through a mixture of research and practice-led examples.

Luxury Talent Management Simon and Schuster

This thought-provoking and inspirational book covers such topics as: developing a solid creative process through "Visual Reflection Notebooks" and "Bring Play to Work"; understanding the artist's unique identity in relation to the larger culture; building systems of support and collaboration; explaining how an artist's needs and passions can lead to innovation and authenticity; using language to inspire visual creativity; responding to the Internet and changing concepts of what is public and private; and accepting digression as a creative necessity. Through the exercises and techniques outlined in *Art Without Compromise**, the reader will develop new confidence to pursue individual goals and inspiration to explore new paths, along with motivation to overcome creative blocks. With a revised understanding of the relevance in their own work within the sphere of contemporary culture, the artist will come away with a clearer perspective on his or her past and future work and a critical eye for personal authenticity.

Luxury Fashion Retail Management Springer

The first book focusing specifically on talent management, retention and leadership in the luxury industry. It explores how to lead and manage the people this industry attracts, and the major HR challenges the industry is about to face as the previous generation of luxury pioneers retire and Asia becomes a major player in the luxury world.

Resilience of Luxury Companies in Times of Change Routledge

Presenting a vision of the luxury sector and its management, this edited book describes "the new luxury" through a comprehensive view of the value chain, from concept to market. The authors argue that the main characteristics of "luxury" are linked to specific resources and competencies found throughout the value chain and that value is a result of the interaction between the brand and stakeholders, and more precisely with their clients. Taking an interdisciplinary approach, *New Luxury Management* encompasses both strategic and functional aspects of luxury management, providing innovative solutions to the successful creation and management of value across the organization, from leadership, human resources, financial management, marketing and economic perspectives.

Design Thinking Palgrave Pivot

The definitive guide to managing a luxury brand, newly revised and updated *What defines a luxury brand?* Traditional wisdom suggests that it's one that's selective and exclusive—to such a

degree that only one brand can exist within each retail category (automobiles, fragrances, cosmetics, etc.). But this definition is inherently restrictive, failing to take into account the way in which luxury brands today are increasingly identified as such by their placement in stores and how consumers perceive them. This revised and updated edition of *Luxury Brand Management*, the first comprehensive book on luxury brand management, looks at the world of branding today. Written by two renowned insiders, the book builds on this new, broader definition of luxury and examines more than 450 internationally known brands from a wide range of industries. Packed with new information covering the financial crisis's impact on luxury brands, and looking towards a new period of growth, the book reconciles management, marketing, and creation with real-life examples and management tools that the authors have successfully used in their professional careers. Includes dedicated chapters focusing on each of the main functions of a luxury brand, including brand creation, the complexity of managing brand identity, the convergence of arts and brands, and much more. Addresses the practical functions that can make or break bottom lines and affect brand perception, such as distribution, retailing, logistics, and licensing. Focuses on brand life-cycle, brand identity, and licensing issues. A compelling and comprehensive examination of the different dimensions of luxury management in various sectors, this new edition of the classic text on brand management is essential reading for anyone working with or interested in making the most of a luxury brand in the post-recession world.

Fashion Branding and Communication BoD - Books on Demand

This contributed volume captures some of the most current topics and trends in the fashion industry. It provides a theoretical and empirical analysis of the behaviour of firms in this fast-moving industry with a focus on their resources, capabilities and routines around communication and sustainability strategies in an international context. It covers hot topics such as the role of social media, sustainability, and luxury as well as brief mention on how the Covid-19 pandemic will impact fashion brands. With contributions from practitioners and academics, this book provides an overview of the debates, analysis and best practices,

making it an invaluable resource for anyone studying or researching the fashion industry, branding, or luxury.

International Luxury Brand Strategy Springer

This second volume in the Palgrave Studies in Practice: Global Fashion Management series focuses on core strategies of branding and communication of European luxury and premium brands. Brand is a critical asset many firms strive to establish, maintain, and grow. It is more so for fashion companies when consumers purchase styles, dreams and symbolic images through a brand. The volume starts with an introductory chapter that epitomizes the essence of fashion brand management with a particular emphasis on emerging branding practices, challenges and trends in the fashion industry. The subsequent five cases demonstrate how a family workshop from a small town can grow into a global luxury or premium brand within a relatively short amount of time. Scholars and practitioners in fashion, retail, branding, and international business will learn how companies can establish a strong brand identity through innovative strategies and management.

New Luxury Management Springer Nature

This groundbreaking fashion branding and management text brings an analytical business dimension to the marketing and corporate techniques of the luxury fashion goods industry. It will make engaging reading for anyone who wishes to learn about the captivating business of turning functional products into objects of desire.

Luxury Sales Force Management IGI Global

Innovation and novel leadership strategies have aided the successful growth of the fashion industry around the globe. However, as the dynamics of the industry are constantly changing, a deficit can emerge in the overall comprehension of industry strategies and practices. The *Handbook of Research on Global Fashion Management and Merchandising* explores the various facets of effective management procedures within the fashion industry. Featuring research on entrepreneurship, operations management, marketing, business modeling, and fashion technology, this publication is an extensive reference source for practitioners, academics, researchers, and students interested in the dynamics of the fashion industry.
