LAILA ANDREWS

Language Hacking Spanish Innovative Language Learning This is a fun and entertaining beginner level children's Japanese language book (9 years old and up) that is also appropriate for adults. I'm learning Japanese takes a light-hearted approach to the Japanese language by using fun anime-style manga characters to teach Japanese. However, it does not scrimp on content and covers everything from Japanese kanji, kana and grammar to Japanese culture and customs. The book starts out with the main characters, Emily, Nico and Teo sitting on the grass after school, minding their own business, when—unbelievable!—a giant talking fox dressed in a kimono appears. Explaining that he knows magic, speaks 3,000 languages and is respected as a sensei (master), he wonders if the three kids are ready to learn Japanese from him. During the next 128 amusing pages, the

three friends learn to speak Japanese, read Japanese and write Japanese...along with taking breaks to try Japanese hot-spring baths, sumo wrestling, Zen meditation and more. Focusing on exactly what the 9 to 13-year-old learner wants to know, this book is carefully set up to allow them to learn Japanese independently, at their own speed, without an adult's help. Every page of I'm Learning Japanese! is in full color and the illustrated comic book-approach, with its speech bubbles and funny side remarks, makes the learning seem to fly. It gives preteens a fun grounding in the language and one that's accurate and practical. Nothing they learn here is "watered down" or will ever need to be unlearned, should they continue on with their Japanese language studies in school or later in life.

13 Secrets for Speaking Fluent Japanese Watson-Guptill

"The Japanese language uses a set of symbols called 'hiragana' (to spell Japanese words), 'katakana' (to spell foreign words), and 'kanji' (to represent entire words or names). Over the course of BOOK 1, we will teach you groups of hiragana piece-by-piece to gradually build up your understanding and familiarity."--

Introduction.

The Immersion Method Njm Publishing

This is a book dedicated to answering the question of how to learn Japanese to fluency by extensively reading and listening to native Japanese language materials like anime and manga. If you are looking for a basic Japanese for beginners textbook that teaches Japanese kanji, vocabulary, and grammar, you will not find it here. But if you are struggling with the question of how to

learn Japanese more effectively or if you have trouble speaking Japanese, why not try something new and different? Half of the people who see the title to this book might be thinking, "Learn Japanese by watching anime? What a load of crap!" Such a thing certainly sounds like a crazy pipe dream that a great number of anime fans share. And if you watch anime with English subtitles like most people, Japanese fluency will remain merely a dream. You will not learn Japanese outside a small handful of basic words. If you turned off the English subtitles, however, you would be taking your first steps towards a successful Japanese language learning program. Of course, this is not the only step either. The following steps contained within this book describe a fascinating process of how anyone can learn to speak Japanese fluently through mostly reading and listening to native Japanese language materials. Inside of this book is a system that allows you to learn and never forget thousands of new Japanese kanji, vocabulary words, phrases, and grammar structures that you encounter from any Japanese language source of your choice. This includes anime, manga, dramas, movies, videos, music, video games, visual novels, and anything else that uses the Japanese language. Whether you are at the basic Japanese for beginners level or intermediate levels, use this book to help you learn Japanese to fluency faster and easier starting today!

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and

more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

Learning Japanese Hiragana and Katakana YesJapan Corporation

My First Japanese Kanji Book is an inventive and unique introduction to kanji for children. Written by the mother-daughter team of Eriko and Anna Sato, this lovely book introduces 109 kanji characters to children with poems and illustrations. It includes all the Japanese Government-specified first grade level kanji characters and a sprinkling of simple second to sixth grade characters. The kanji are introduced in the context of 36 colorful paintings and poems by 14-year-old Anna Sato, herself a kanji learner. Each of the poems is presented in both Japanese and English, and all kanji are accompanied by furigana (small hiragana letters), stroke-order diagrams, sample vocabulary and boxes for writing practice. A charming and educational volume, *My First Japanese Kanji Book* can be used as a self-study text, a supplementary material in Japanese language schools or a gift book for family or friends. An MP3 audio CD reinforces learning and ensures correct pronunciation.

Fluent Japanese From Anime and Manga Paw Prints

How can fun things like K-Pop and K-Drama be used to help students learn Korean? This book attempts to provide an answer to that question as well as the "how to learn Korean" question. Of course, there is much more to South Korea and the Korean language than the entertainment industry, but all Korean movies, TV, videos, and music can become a valuable resource to learn Korean with the right methods. If you are tired of re-reading and re-listening to the same dialogues from your Korean language textbook, why not try something new and different? This book will teach you a method that allows you to learn, practice, and never forget Korean vocabulary, phrases, and grammar points that you encounter from any source of your choice including K-Pop and K-Drama. This system will teach you how to successfully learn Korean the fun and easy way including how to speak Korean both formally and informally. The method of this book also covers smarter ways to practice listening comprehension and reading and writing the Korean language (Hangul). This is not your conventional Korean textbook that lists topics to study accompanied by new vocabulary, grammar points, and Hangul

lessons. You can find hundreds of those in bookstores and across the internet. Rather than dissect and explain a large hodgepodge collection of words and lines from random K-Pop and K-Drama that you may not be interested in, this book will show you a system on how to learn from any media from South Korea. You may find this system particularly useful if you have trouble remembering any new Korean language. Use what you love about South Korea to learn Korean!

Fluent in 3 Months Penguin

Explains how comic book artists can master the fundamentals of anime sketching, storyboarding, and perspectives; demonstrating how to reproduce popular characters, science-fiction and fantasy monsters and machines, and the genre's unique special effects. Original.

Japanese Short Stories for Beginners Independently Published

A photographic guide to the key words and phrases in Japanese. This attractive ebook is a perfect travel companion and provides a practical guide to Japan and Japanese language and culture.

A Guide to Japanese Grammar Lonely Planet

Follow the author on his odyssey from a 24-year-old Midwesterner unable to speak a word of Japanese as he recounts his initial struggle to survive even Japanese 101, to cramming four years of college Japanese into one year with top grades, to gaining functional fluency, conquering kanji, and finally gaining sufficient mastery over the language to develop marketable Japanese skills as a Japanese teacher and translator, all within four short years. There is no shortage of excellent resources for learning the Japanese language. If simply having access to excellent study material or a learning environment were the key

to language learning success, anyone today with an Internet connection or a good textbook would become a successful learner. However, without the proper insight and understanding of what it really takes to master Japanese, the reality is that most aspiring Japanese learners ultimately fail in their quest to master the language or even gain a basic level of fluency. This is NOT your run-of-the-mill Japanese textbook. You won't learn Japanese grammar, hiragana, katakana, or kanji by reading this book. Instead, How to Master Japanese provides a full insider's glimpse of what it really takes to succeed at Japanese, both inside the classroom and beyond, in order to attain a true functional proficiency in the language. As you read, you will learn how to negotiate the many unique nuances of Japanese culture, as well as avoid the many pitfalls and detours in the learning process that can result in years, if not an entire lifetime, of lost time and frustrated effort in attempting to learn the Japanese language and grasp the complicated intricacies of Japanese culture. Topics covered include: -Succeeding in Classroom Japanese -Study Abroad in Japan -Japanese Foreign Exchange -Successful Japanese Self-study -Conquering Kanji -Mastering Spoken Japanese -Negotiating Japanese Social Conventions -Making the Most of Your Stay in Japan -Advanced Japanese Language Study -Sex, Romance and the Japanese Language -Teaching English in Japan -How to Make Your Japanese Marketable -Working in Japan for a Japanese Company -How to Find a Japanese Specialization -Maintaining and Improving Japanese Post-Japan -How to Break into the Japanese Translation Industry -And Much More How to Master Japanese is a must-read for any aspiring Japanese learner and is full of first-hand insight into the nuances of the Japanese

language and culture for any reader with even a passing interest in the language and culture of Japan.

Remembering the Kanji Independently Published

This is an invaluable study guide and practice book for learning basic Japanese kanji. Learning Japanese Kanji Practice Book is intended for beginning students, or experienced speakers who need to practice their written Japanese. Kanji are an essential part of the Japanese language and together with kana (hiragana and katakana) comprise written Japanese. This book presents the kanji characters that are most commonly used. All the kanji and related vocabulary words in this book are those that students are expected to know for Level 5 of the Japanese Language Proficiency Test. (JLPT). Characters that appear in the AP Japanese Language and Culture Exam are flagged. Readings, meanings, and common compounds are presented. The correct method of writing each character is clearly indicated and practice boxes with strokes that can be traced are provided, along with empty boxes for freehand writing practice. Lots of exercises are included to give students the opportunity to practice writing sentences containing the Kanji. Indexes at the back allow you to look up the characters by their readings and English meanings. This kanji book includes: Step-by-step stroke order diagrams for each character. Special boxes with grid lines to practice writing characters. Extra printable practice grids Words and phrases using each kanji. Romanizations (romanji) to help identify and pronounce every word.

My guide to Japanese grammar has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and break down grammatical concepts that will allow you to comprehend anything from simple to very complex sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go.

Japanese from Zero! 1 HarperCollins UK

Learn Japanese In 4 Weeks Or Less! In this book you will find 17 highly-informative lessons that will help language learners achieve proficiency in the Japanese language in one month or less. Many English speakers find Japanese a difficult language to learn because it is vastly different from their mother tongue. The Japanese language uses three sets of scripts for writing and phonetics. Its grammar, vocabulary, and intonation are unique. Except for the use of Chinese Kanji in its writing system, Japanese isn't quite similar to other languages. Japanese is not that difficult to learn. It has fewer tenses, does not require subject-verb agreement, and has relatively inflexible word order. This book provides all the important strategies and techniques you will need to overcome the language barrier and typical challenges of learning the Japanese language. It was designed to provide a

reliable resource material for learning the essentials of the Japanese language quickly and easily. It features grammar lessons, vocabulary listing, useful phrases, and other important language skills such as counting, telling time and date, and using color names. It uses a straightforward yet comprehensive approach to impart fundamental language concepts in a more interesting and fun way. Here is what you will find inside:
Japanese Writing System And Phonetics Basic Japanese Grammar Particles Nouns Personal Pronouns Demonstrative Pronouns And Adjectives Verbs Adjectives Japanese Honorifics Asking Questions Expressing What You Want Japanese Numbers And Counters Months, Days, And Seasons Telling Time And Date Colors Talking About Yourself And Your Family Useful Phrases And Much, Much More...
