From George R. R. Martin's Introduction to *Warriors*: "People have been telling stories about warriors for as long as they have been telling stories. Since Homer first sang the wrath of Achilles and the ancient Sumerians set down their tales of Gilgamesh, warriors, soldiers, and fighters have fascinated us; they are a part of every culture, every literary tradition, every genre. All Quiet on the Western Front, From Here to Eternity, and The Red Badge of Courage have become part of our literary canon, taught in classrooms all around the country and the world. Our contributors make up an all-star lineup of award-winning and bestselling writers, representing a dozen different publishers and as many genres. We asked each of them for the same thing—a story about a warrior. Some chose to write in the genre they're best known for. Some decided to try something different. You will find warriors of every shape, size, and color in these pages, warriors from every epoch of human history, from yesterday and today and tomorrow, and from worlds that never were. Some of the stories will make you sad, some will make you laugh, and many will keep you on the edge of your seat." The stories in the first mass market volume of this book are: Introduction: Stories of the Spinner Rack, by George R. R. Martin Forever Bound, by Joe Haldeman The Eagle and the Rabbit, by Steven Saylor And Ministers of Grace, by Tad Williams The King of Norway, by Cecelia Holland Defenders of the Frontier, by Robert Silverberg The Mystery Knight, by George R. R. Martin Many of these writers are bestsellers. All of them are storytellers of the highest quality. Together they make a volume of unforgettable reading. #1 NEW YORK TIMES BESTSELLER • Everybody tells you to live for a cause larger than yourself, but how exactly do you do it? The author of *The Road to Character* explores what it takes to lead a meaningful life in a self-centered world. "Deeply moving, frequently eloquent and extraordinarily

incisive."—The Washington Post Every so often, you meet people who radiate joy—who seem to know why they were put on this earth, who glow with a kind of inner light. Life, for these people, has often followed what we might think of as a two-mountain shape. They get out of school, they start a career, and they begin climbing the mountain they thought they were meant to climb. Their goals on this first mountain are the ones our culture endorses: to be a success, to make your mark, to experience personal happiness. But when they get to the top of that mountain, something happens. They look around and find the view . . . unsatisfying. They realize: This wasn't my mountain after all. There's another, bigger mountain out there that is actually my mountain. And so they embark on a new journey. On the second mountain, life moves from self-centered to other-centered. They want the things that are truly worth wanting, not the things other people tell them to want. They embrace a life of interdependence, not independence. They surrender to a life of commitment. In *The Second Mountain*, David Brooks explores the four commitments that define a life of meaning and purpose: to a spouse and family, to a vocation, to a philosophy or faith, and to a community. Our personal fulfillment depends on how well we choose and execute these commitments. Brooks looks at a range of people who have lived joyous, committed lives, and who have embraced the necessity and beauty of dependence. He gathers their wisdom on how to choose a partner, how to pick a vocation, how to live out a philosophy, and how we can begin to integrate our commitments into one overriding purpose. In short, this book is meant to help us all lead more meaningful lives. But it's also a provocative social commentary. We live in a society, Brooks argues, that celebrates freedom, that tells us to be true to ourselves, at the expense of surrendering to a cause, rooting ourselves in a neighborhood, binding ourselves to others by social solidarity and love. We have taken individualism to the extreme—and in the process we have torn the social fabric in a thousand different ways. The path to repair is through making deeper commitments. In *The Second Mountain*, Brooks shows what can happen when we put commitment-making at the center of our lives.

A tale as old as time is made new in Ashley Poston's fresh, geeky retelling of Beauty and the Beast—now with a bonus Starfield story! Rosie Thorne is feeling stuck—on her college application essays, in her small town, and on that mysterious General Sord cosplayer she met at ExcelsiCon. Most of all, she's stuck in her grief over her mother's death. Her only solace was her late mother's library of rare Starfield novels, but even that disappeared when they sold it to pay off hospital bills. On the other hand, Vance Reigns has been Hollywood royalty for as long as he can remember—with all the privilege and scrutiny that entails. When a tabloid scandal catches up to him, he's forced to hide out somewhere the paparazzi would never expect to find him: Small Town USA. At least there's a library in the house. Too bad he doesn't read. When Vance's and Rosie's paths collide, sparks do not fly. But as they begrudgingly get to know each other, their careful masks come off—and they may just find that there's more risk in shutting each other out than in opening their hearts.

A Thousand Doors Little, Brown

AN INSTANT NEW YORK TIMES BESTSELLER "Provocative and appealing . . . well worth your extremely limited time." —Barbara Spindel, *The Wall Street Journal* The average human lifespan is absurdly, insultingly brief. Assuming you live to be eighty, you have just over four thousand weeks. Nobody needs telling there isn't enough time. We're obsessed with our lengthening to-do lists, our overfilled inboxes, work-life balance, and the ceaseless battle against distraction; and we're deluged with advice on becoming more productive and efficient, and "life hacks" to optimize our days. But such techniques often end up making things worse. The sense of anxious hurry grows more intense, and still the most meaningful parts of life seem to lie just beyond the horizon. Still, we rarely make the connection between our daily struggles with time and the ultimate time management problem: the challenge of how best to use our four thousand weeks. Drawing on the insights of both ancient and contemporary philosophers, psychologists, and spiritual teachers, Oliver Burkeman delivers an

entertaining, humorous, practical, and ultimately profound guide to time and time management. Rejecting the futile modern fixation on "getting everything done," *Four Thousand Weeks* introduces readers to tools for constructing a meaningful life by embracing finitude, showing how many of the unhelpful ways we've come to think about time aren't inescapable, unchanging truths, but choices we've made as individuals and as a society—and that we could do things differently.

From the author of previous military and action adventure novels like "THE 100TH KILL," "DETACHMENT DELTA" series and "THE RETURN" comes Charles W. Sasser's latest speculative political action-adventure thriller ripped from today's headlines and based on actual current events. Police Detective James Nail is wounded and his daughter murdered in an attack that also kills "right-wing" TV personality Jerry Baer. As Nail and Baer's producer, Sharon Lowenthal, team up to track down the shooters, they discover a conspiracy that leads to an international cartel of "One Worlders" and may implicate the President of the United States. Falsely accused of terrorism, they must keep one step ahead of Homeland Security to stay alive, bring down the traitors, and save the nation. What they're saying about Charles W. Medieval Bodies: Life and Death in the Middle Ages Farrar, Straus and Giroux

A tender and compelling memoir of the author's grandparents, their literary salon, and a way of life that is no more. The House of Twenty Thousand Books is the story of Chimen Abramsky, an extraordinary polymath and bibliophile who amassed a vast collection of socialist literature and Jewish history. For more than fifty years Chimen and his wife, Miriam, hosted epic gatherings in their house of books that brought together many of the age's greatest thinkers. The atheist son of one of the century's most important rabbis, Chimen was born in 1916 near Minsk, spent his early teenage years in Moscow while his father served time in a Siberian labor camp for religious proselytizing, and then immigrated to London, where he discovered the writings of Karl Marx and became involved in left-wing politics. He briefly attended the newly established Hebrew University in Jerusalem, until

World War II interrupted his studies. Back in England, he married, and for many years he and Miriam ran a respected Jewish bookshop in London's East End. When the Nazis invaded Russia in June 1941, Chimen joined the Communist Party, becoming a leading figure in the party's National Jewish Committee. He remained a member until 1958, when, shockingly late in the day, he finally acknowledged the atrocities committed by Stalin. In middle age, Chimen reinvented himself once more, this time as a liberal thinker, humanist, professor, and manuscripts' expert for Sotheby's auction house. Journalist Sasha Abramsky re-creates here a lost world, bringing to life the people, the books, and the ideas that filled his grandparents' house, from gatherings that included Eric Hobsbawm and Isaiah Berlin to books with Marx's handwritten notes, William Morris manuscripts and woodcuts, an early sixteenth-century Bomberg Bible, and a first edition of Descartes's Meditations. The House of Twenty Thousand Books is a wondrous journey through our times, from the vanished worlds of Eastern European Jewry to the cacophonous politics of modernity. The House of Twenty Thousand Books includes 43 photos.

In 1954, a pastor named Jim Jones opened a church in Indianapolis called Peoples Temple Full

Gospel Church. He was a charismatic preacher with idealistic beliefs, and he quickly filled his pews with an audience eager to hear his sermons on social justice. As Jones's behavior became erratic and his message more ominous, his followers leaned on each other to recapture the sense of equality that had drawn them to his church. But even as the congregation thrived, Jones made it increasingly difficult for members to leave. By the time Jones moved his congregation to a remote jungle in Guyana and the US government began to investigate allegations of abuse and false imprisonment in Jonestown, it was too late. *A Thousand Lives* is the story of Jonestown as it has never been told. New York Times bestselling author Julia Scheeres drew from tens of thousands of recently declassified FBI documents and audiotapes, as well as rare videos and interviews, to piece together an unprecedented and compelling history of the doomed camp, focusing on the people who lived there. The people who built Jonestown wanted to forge a better life for themselves and their children. In South America, however, they found themselves trapped in Jonestown and cut off from the outside world as their leader goaded them toward committing "revolutionary suicide" and deprived them of food, sleep, and hope. Vividly written and impossible to forget, *A Thousand Lives* is a story of blind loyalty and daring escapes, of corrupted ideals and senseless, haunting loss.
