The Female Voice of Myanmar Institute of Southeast Asian Studies
Historic Myanmar elections in 2015 and the installation of an NLD government led by Aung San Suu Kyi in 2016 contrast with ethnic cleansing of Rohingya Muslims in 2017. One critical question that now confronts the 50 million people of this Southeast Asian nation is whether the push for greater democracy is strong enough to prevail over a powerful military machine and undercurrents of intolerance. What are the prospects for liberal democracy in Myanmar? This book addresses this question by examining

historical conditions, constitutionalism, democracy, major political actors, ethnic conflict, and transitional justice. It presents a rich array of evidence focused on 88 in-depth interviews and three waves of surveys and experiments conducted in 2014-18. The analysis culminates in the concept of limited liberalism, which reflects a blend of liberal and illiberal attitudes. The book concludes that a weakening of liberal commitments among politicians and citizens alike, allied with spreading limited liberal attitudes, casts doubt on the prospects for liberal democracy in Myanmar.

The Health Systems in Transition (HiT) profiles are country-based reports that

provide a detailed description of a health system and of reform and policy initiatives in progress or under development in a specific country. Each profile is produced by country experts in collaboration with an international editor. In order to facilitate comparisons between countries, the profiles are based on a common template used by the Asia Pacific and European Observatories on Health Systems and Policies. The template provides detailed guidelines and specific questions, definitions and examples needed to compile a profile.

Autobiography of a civil servant of Burma. Liberalism and Democracy in Myanmar Allen & Unwin

The #1 New York Times–bestselling author's classic novel of life and death drama inside a major American hospital—"easy to read and hard to stop reading" (Kirkus Reviews). Change is in the air when a new board chairman sets out to modernize and expand Three Counties Hospital in Burlington, Pennsylvania—a once venerable institution whose standards have slipped. Dynamic

Dr. Kent O'Donnell, a Harvard Medical School-trained surgeon, accepts the board's offer to lead and reform the rundown, disorganized hospital because he wants to make his mark on the world. As medical-board president, O'Donnell faces his greatest challenge in Dr. Joe Pearson, Three Counties' elderly head pathologist. Once an excellent diagnostician, Pearson is now out of touch with the latest research and procedures in laboratory medicine. But if the hospital lets the imperious doctor go, it risks losing an important benefactor's financial support. Arthur Hailey's fascinating, dramatic, and scrupulously researched story reveals both the professional, personal, and romantic aspects of an administrator-surgeon's life, as well as the tragedies and moments of joy that occur every day in a hospital—a place where life often begins and ends.

Acts of Oppression Asia Past & Present
 Snakebites are well-known medical emergencies in many parts of the world especially in rural areas. Agricultural workers and children are most affected. The incidence of snakebite mortality is particularly high in South-East Asia. Rational use of snake anti-venom can substantially reduce mortality and morbidity due to snake bites. These guidelines are a revised and updated version of those published in 2011. The geographical coverage extends from India in the west to DPR Korea and Indonesia in the east Nepal and Bhutan in the north and to Sri Lanka and Indonesia in the south and south-east. Snakes inhabiting the Indonesian islands east of Wallace's line (West Papua and Maluku Islands) are part of the Australasian elapid fauna differing from those west of this line. This publication aims to pass on a digest of available knowledge about all clinical aspects of snake-bite to medically trained personnel including medical doctors nurses dispensers and community health workers. They aim to provide sufficient practical information to allow medically trained personnel to assess and treat

patients with snake-bites at different levels of the health service.

As societies live with diversity and yet struggle with both social fragmentation and increasing economic inequalities, populism is once again rising. Populist ethno-nationalist discourse seeks to ignite fear and hate, promote marginalization and exclusion of those who are regarded as not belonging to "the people". What is the role and responsibility of theology and the churches in the midst of these developments? Church leaders and teaching theologians from eighteen different countries offer analyses, trace emerging global trends and outline some country-specific developing situations. Examples are given of how churches take up the challenge to resist exclusion and advocate for strengthening participatory processes and people's agency. Widerstand gegen Ausgrenzung. Globale theologische Antworten auf den Populismus In Zeiten, in denen Gesellschaften mit der Vielfalt leben und dennoch mit sozialer Fragmentierung und

zunehmenden wirtschaftlichen Ungleichheiten zu kämpfen haben, nimmt der Populismus wieder zu. Der populistische ethno-nationalistische Diskurs zielt darauf ab, Angst und Hass zu schüren und die Marginalisierung und Ausgrenzung derjenigen zu fördern, die als nicht zum "Volk" gehörend betrachtet werden. Welche Rolle und Verantwortung haben die Theologie und die Kirchen angesichts dieser Entwicklungen? Kirchenleitende und Theologen aus achtzehn verschiedenen Ländern erstellen Analysen, verfolgen neue globale Tendenzen und beschreiben einige länderspezifische Entwicklungssituationen. Anhand von Beispielen wird gezeigt, wie Kirchen die Herausforderung annehmen, der Ausgrenzung zu widerstehen und sich für die Stärkung von partizipativen Prozessen und der Handlungskompetenz der Menschen einzusetzen.

Broad-ranging and comprehensive, this completely revised and updated textbook is a critical guide to issues and theories of 'race' and ethnicity. It shows how these concepts came into being during colonial domination and how they became central – and until recently, unquestioned – aspects of social identity and division. This book provides students with a detailed understanding of colonial and post-colonial constructions, changes and challenges to race as a source of social division and inequality. Drawing upon rich international case studies from Australia, Guyana, Canada, Malaysia, the Caribbean, Mexico, Ireland and the UK, the book clearly explains the different strands of theory which have been used to explain the dynamics of race. These are critically scrutinised, from biological-based ideas to those of critical race theory. This key text includes new material on changing multiculturalism, immigration and fears about terrorism, all of which are critically assessed. Incorporating summaries, chapter-by-chapter questions, illustrations, exercises and a glossary of terms, this student-friendly text also puts forward suggestions for further project work. Broad

in scope, interactive and accessible, this book is a key resource for undergraduate students of 'race' and ethnicity across the social sciences.

The Surgical Instruments of the Hindus ASIAN HIGHLANDS PERSPECTIVES

Written from a Tai/Shan perspective, the intricate and often unsettled realities that existed in the Shan States from early times up to the military coup in 1962 are described in a comprehensive overview of the stresses and strains that the Shan princes endured from early periods of monarchs and wars, under British rule and Japanese occupation, and Independence and Bamar military regime. Part One covers chronological events relating them to the rulers, the antagonists, and the people and the continuing conflict in the Shan State. Part Two deals with the 34 Tai/Shan rulers, describing their histories,

lives, and work. Included are photographs and family trees of the princes, revealing a span of Shan history, before being lost in the mists of time. The past is explained in order that the present political situations may be understood and resolved amicably between the Bamar government, the Tatmadaw, and the ethnic nationalities.

Mental Culture in Burmese Crisis Politics

For anyone who wants to start meditating but has been struggling to get to the cushion, here are all the motivation and tools you need to achieve greater balance, better health and a more panoramic perspective of life.

Resisting Exclusion Hay House, Inc
Beautifully written and taking us into an exotic land, Karen Connelly's debut novel *The Lizard Cage* is a celebration of the resilience of the human spirit. Teza once electrified the people of Burma with his protest songs against the dictatorship. Arrested by the Burmese secret police in the days of mass protest, he is seven years into a twenty-year sentence in solitary confinement. Cut off from his family and contact with other prisoners, he applies his acute intelligence, Buddhist patience, and humor to find meaning in the interminable days, and searches for news in every being and object that is

grudgingly allowed into his cell. Despite his isolation, Teza has a profound influence on the people around him. His very existence challenges the brutal authority of the jailers, and his steadfast spirit inspires radical change. Even when Teza's criminal server tries to compromise the singer for his own gain, Teza befriends him and risks falling into the trap of forbidden conversation, food, and the most dangerous contraband of all: paper and pen. Yet, it is through Teza's relationship with Little Brother, a twelve-year-old orphan who's grown up inside the walls, that we ultimately come to understand the importance of hope and human connection in the midst of injustice and violence. Teza and the boy are prisoners of different orders: only one of them dreams of escape and only one of them will achieve it—their extraordinary friendship frees both of them in utterly surprising ways.

Burma and the Karens Random House
The Female Voice of Myanmar seeks to offer a female perspective on the history and political evolution of Myanmar. It delves into the lives and works of four of Myanmar's remarkable women who set

aside their lives to answer the call of their country: Khin Myo Chit, who spoke about latent sexual politics in pre-Independent Burma; Ludu Daw Amar, who as the editor of the leftist Ludu Daily, was deemed anti-establishment and was witness to the socialist government's abortive efforts at ethnic reconciliation; Ma Thida, whose writing bears testimony to the impact the authoritative military rule had on the individual psyche; and Aung San Suu Kyi, who has re-articulated Burmese nationalism. This book breaks new ground in exploring their writing, both published and hitherto unexamined, some in English and much in Burmese, while the intimate biographical sketches offer a glimpse into the Burmese home and the shifting feminine image.

The Secret Mantra Amnesty International A Journey in Time is a nostalgic journey into the lives of a Burmese family during a period of intense political strife and turmoil. Since Burma lost its royalty and independence after the Anglo Burmese Wars in 1886, the fight for freedom never really ceased for its people. Burmese Nationalists, like Bogyoke Aung San, seize the opportunity to regain independence with the Japanese invasion of British Burma during World War II. Nonetheless, an oasis of peace is enjoyed by its people with the establishment of the rule of law in the country. Burma enters the world stage as the biggest exporter of rice, and its rich resources are developed on an unprecedented scale. Journey in Time chronicles this period in the lives of the Myaing family and their friends as it

highlights the fascinating cultural and personal details that make them unique and interesting. Author Wai Wai Myaing confidently brings her loved ones to life as she describes their simple joys, aspirations, the worries that beset them, and the gentle Buddhist religion that guides them through their lives with dignity and grace.
