This book is simultaneously a scientific study, a practical guide and diplomatic memoir about the new era in China's development, which began in 2013 with Xi Jinping coming to power. It explores the modern Chinese experience of the political centralization of power, the fight against corruption, strengthening the country's defense system, reinforcing the country's diplomacy, the political rapprochement between China and Russia, and exacerbation of relations with the United

States. It also considers issues of China's adjusting its policy of reforms and its openness to a new era, transforming inefficient state-owned enterprises, building an IT-focused country, and overcoming phobias in the construction of the "Belt and Road" initiative related to the "debt trap" and the "trade deficit", as well as the role of the Huawei Corporation. A separate section of the book is devoted to Belarus-China relations, exploring the reasons for the political rapprochement between these two very different countries.

 Started in 1958, Sanathana Sarathi is a monthly magazine devoted to Sathya (Truth), Dharma (Righteousness), Shanti (Peace) and Prema (Love) - the four cardinal principles of Bhagawan Baba's philosophy. It is published from Prasanthi Nilayam (the Abode of Highest Peace) and acts as a mouthpiece of Baba's Ashram as it speaks of the important events that take place in His sacred Abode, besides carrying Divine Messages conveyed through Divine Discourses of Bhagawan Sri Sathya Sai Baba. The word meaning of Sanathana Sarathi is the 'Eternal Charioteer'. It signifies the presence of the Lord in every being as the atma guiding their lives like a charioteer. It implies that he who places his life, the body being likened to a chariot, in an attitude of surrender in the hands of the Lord, will be taken care of by the Lord even as a charioteer would take the occupant of his chariot safely to its destination. The magazine is an instrument to disseminate

spiritual knowledge for the moral, physical and mental uplift of humanity without any discrimination as the subject matter discussed therein is always of common interest and of universal appeal. The fifteen Vahinis - streams of sacredness - known as the Vahini Series comprising annotation and interpretation of the Upanishads and other scriptures, Itihasas like the Ramayana, the Bhagavatha and the Mahabharata, and authentic explanations on Dhyana, Dharma, Prema, etc., have been serially published in this magazine as and when they emanated from the Divine pen of Bhagawan Baba. This magazine is published in almost all Indian languages, English and Telugu from Prasanthi Nilayam and others from respective regions. Every year Sanathana Sarathi comes out with a special issue in November commemorating the Divine Birthday. The English and Telugu magazines are posted on the 10th and 23rd respectively, of every month, from Prasanthi Nilayam. This magazine has wide, ever increasing circulation in India as well as abroad, as the study of it brings the reader closer to the philosophy of the Avatar in simple understandable language

THUS SPAKE SAI... Discoursing during the launch of Sanathana Sarathi... From this day, our Sanathana Sarathi will lead to victory the cohorts of truth - the Vedas, the Sastras and similar scriptures of all faiths, against the forces of the ego such as injustice, falsehood, immorality and cruelty. This is the reason why it has emerged. This Sarathi will fight in order to establish world prosperity. It is bound to sound the paean of triumph when universal Ananda is achieved.

"Demographic dividend, as defined by the United Nations Population Fund (UNFPA) means, ""The economic growth potential that can result from shifts in a population's age structure, mainly when the share of the working-age population (15 to 64) is larger than the non-working-age share of the population (14 and younger, and 65 and older)."" In other words, it is a boost in economic productivity that occurs when there are growing numbers of people in the workforce relative to the number of dependents. UNFPA stated, ""A country with both increasing numbers of young people and declining fertility has the potential to reap a demographic dividend." Due to the dividend between young and old, many argue that there is a great potential for economic gains, which has been termed the ""demographic gift"". In order for economic growth to occur, the younger population must have access to quality education, adequate nutrition and health including access to sexual and reproductive health. In near future India will be the largest individual contributor to

the global demographic transition. A 2011 International Monetary Fund Working Paper found that substantial portion of the growth experienced by India since the 1980s is attributable to the country's age structure and changing demographics. By 2026, India's average age would be 29, which is least among the global average."
