Mark Twain (real name Samuel Langhorne Clemens) (1835-1910) is probably one of the most known American writers. He was immensely popular in his time, especially noted for his wit and humour, and he is still widely quoted nowadays. Tom Sawyer and Huckleberry Finn are probably the best known characters of Mark Twain, and "The Adventures of Tom Sawyer" (1876) is the first book where they appear. Here we read about the games Tom plays with his friends and schoolmates, as pirates, Robin Hood, etc., his flirtations with Becky Thatcher, his search for a hidden treasure, his troubles with "Injun Joe..". This version includes the illustrations of the first edition, by True Williams (I wish I could have used Norman Rockwell's, maybe in 2029), and is proofread (or "smoothread"), which was not easy, because the txt and html versions in PG have different text, and both are different from the 1st edition scans, which is itself inconsistent... Oh, and it is the uncensored text, so don't complain if you find some n-words. <i>Münchner neueste Nachrichten</i> Cambridge University Press	
The central event in Hilde's childhood occurred on 2 February 1945. She was a confused but compliant girl at the time. Now she is a depressed and angry old woman, who is haunted by the memory of that shameful day. For on that day in February, the ordinary citizens of her village hunted down and murdered approximately 500 prisoners who had escaped from the concentration camp in Mauthausen. This brilliant novel renders the experiences of common people caught up in the political cyclone of the time, reminding us that history is not behind us, nor is it outside us. The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature. Zeitungsjahrbuch Deutschland Cornell University Press	
<i>Museums and Empire</i> is the first book to examine the origins and development of museums in six major regions if the British Empire in the nineteenth and twentieth centuries. It analyses museum histories in thirteen major centres in Canada, South Africa, Australia, New Zealand, India and South-East Asia, setting them into the economic and social contexts of the cities and colonies in which they were located. Written in a lively and informative style, it also touches upon the history of many other museums in Britain and other territories of the Empire. A number of key themes emerge from its pages; the development of elites within colonial towns and cities; the emergence of the full range of cultural institutions associated with this; and the reception and modification of the key scientific ideas of the age. It will be essential reading for students and academics concerned with museum studies and imperial history and to a wider public devoted to the cause of museums and heritage Fränkischer Kurier Vandenhoeck & Ruprecht	
Following World War II, German antifascists and nationalists in Buenos Aires believed theater was crucial to their highly politicized efforts at community-building, and each population devoted considerable resources to competing against its rival onstage. <i>Competing Germanies</i> tracks the paths of several stage actors from European theaters to Buenos Aires and explores how two of Argentina's most influential immigrant groups, German nationalists and antifascists (Jewish and non-Jewish), clashed on the city's stages. Covered widely in German- and Spanish-language media, theatrical performances articulated strident Nazi, antifascist, and Zionist platforms. Meanwhile, as their thespian representatives grappled onstage for political leverage among emigrants and Argentines, behind the curtain, conflicts simmered within partisan institutions and among theatergoers. Publicly they	projected unity, but offstage nationalist, antifascist, and Zionist populations were rife with infighting on issues of political allegiance, cultural identity and, especially, integration with their Argentine hosts. <i>Competing Germanies</i> reveals interchange and even mimicry between antifascist and nationalist German cultural institutions. Furthermore, performances at both theaters also fit into contemporary invocations of diasporas, including taboos and postponements of return to the native country, connections among multiple communities, and forms of longing, memory, and (dis)identification. Sharply divergent at first glance, their shared condition as cultural institutions of emigrant populations caused the antifascist Free German Stage and the nationalist German Theater to adopt parallel tactics in community-building, intercultural relationships, and dramatic performance. Its cross-cultural, polyglot blend of German, Jewish, and Latin American studies gives <i>Competing Germanies</i> a wide, interdisciplinary academic appeal and offers a novel intervention in Exile studies through the lens of theater, in which both victims of Nazism and its adherents remain in focus. <i>The Big Yellow Book of German Verbs</i> Independently Published

	Interest in Christa Wolf continues to grow. Her classics are being reprinted and new titles are appearing posthumously, becoming bestsellers, and being translated. Energetic scholarly debates engage well-known aesthetic and political issues that the public intellectual herself fore-fronted. This broad-ranging introduction to the author, her work and times builds upon and moves beyond such foundational interpretative frameworks by articulating the global relevance of Wolf's oeuvre today, also for non-German readers. Thus, it brings East German culture alive to students, teachers, scholars and the general public by connecting the socialist German Democratic Republic (GDR) and the lived experiences of its citizens to nations and cultures around the world. The collection focuses on topical matters including the search for authenticity, agency, race, cosmopolitanism, gender, environmentalism, geopolitics, war, and memory debates, as well as movie adaptations and Wolf's film work with DEFA, marketing, and international reception. Our contributions – by senior and emerging scholars from across the globe – emphasize Wolf's position as an author of world literature and an important critical voice in the 21st century. 	Around 20.000 Jews, mostly from Germany and Austria, managed to escape Nazi persecution in the late 1930s and fled to Shanghai, where they found a safe refuge despite the increasing harassment of the Japanese authorities. In the face of difficult conditions, the Jewish refugees tried to arrange for both their material needs and the continuation of their communal cultural life. The 184 sources collected in the present volume document not only these efforts, but also the support of the local Jewish aid committees and other, mostly Jewish international aid organizations. The reactions of Nazi authorities in Germany and their representatives in Shanghai are included as well, as are impressions from the Japanese and Chinese sides. The documents – in German, English, Yiddish, Hebrew, Russian, and Chinese – are annotated, partially translated, and accompanied by introductions, maps, and photographs. <i>Deutsche Pilgerreisen Nach Dem Heiligen Lande</i> iUniverse

Now in paperback, the touching, timely story of an Iraqi refugee in Germany. In our era of mass migration, much of it driven by war and its aftermath, *A Slap in the Face* could not be more timely. It tells the story of Karim, an Iraqi refugee living in Germany whose right to asylum has been revoked in the wake of Saddam Hussein's defeat. But Hussein wasn't the only reason Karim left, and as Abbas Khider unfolds his story, we learn both the secret struggles he faced in his homeland and the battles with prejudice, distrust, poverty, and bureaucracy he has to endure in his attempts to make a new life in Germany. As he erupts in frustration at his caseworker, and finally forces her to listen to his story, we get an account of a contemporary life upended by politics and violence, told with a warmth and humor that, while surprising us, does nothing to lessen the outrages Karim describes.

Since the turn of the 21st century, countless literary endeavors by 'new Germans' have entered the spotlight of academic research. Yet 'minority writing', with its distinctive renegotiation of traditional concepts of cultural identity, is far from a recent phenomenon in German literature. A hundred years previously, the intense involvement of German-Jewish intellectuals in cultural and political discourses on Jewish identity put a clear stamp on

German modernism. This book is the first to unfold literary parallels between these two riveting periods in German cultural history. Drawing on the philosophical oeuvre of Jean-Luc Nancy, a comparative reading of texts by, amongst others, Beer-Hofmann, Kermani, Özdamar, Roth, Schnitzler, and Zaimoglu examines a variety of literary approaches to the thorny issue of cultural identity, while developing an overarching perspective on the 'politics of literature'.

Originally published in 1922, after the defeat of the German Empire, *War as an Inner Experience* (Der Kampf als inneres Erlebnis) is Ernst Jünger's second book. In it, Jünger analyzes his experiences of the First World War in an abstract and reflective way. Written in touching, poetic prose, Jünger describes the material and spiritual consequences of the war, allowing us to understand the horror of trench warfare in its many facets. This is an English translation of *Der Kampf als inneres Erlebnis*, published by E. S. Mittler & Son, Berlin, Germany, 1922.

This volume fulfills the need for a student edition of Horace's literary epistles, which have recently been the subject of renewed scholarly interest. Professor Rudd provides a clear introduction to each of the three poems: the Epistles to Augustus, to Florus, and to the Pisones (the so-called "Ars Poetica"). He sketches the historical context in which the poems were written and comments on their structure and purpose. He also discusses their literary preoccupations: the relations of poet and patron and the role of poetry in the state (Augustus), the problems of a professedly tiring poet (Florus), and the presentation of classical poetic theory ("Ars Poetica"). He notes Horace's influence on later criticism, drawing attention in one section to one of Alexander Pope's Imitations. He also addresses problems of grammar and style, focusing on linguistic difficulties and the subtle movement of the poet's thought.
