With hundreds of full-color photographs, hand-drawn illustrations, and custom maps that illuminate every page, DK Eyewitness Travel Guide: Sri Lanka truly shows you this country as no one else can. The Ultimate Guide to West Michigan Lighthouses Simon and Schuster

You may think you know the South for its food, its people, its past, and its stories, but if there's one thing that's certain, it's that the region tells far more than one tale. It is ever-evolving, open to interpretation, steeped in history and tradition, yet defined differently based on who you ask. This Is My South inspires the reader to explore the Southern States--Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Virginia--like never before. No other guide pulls together these states into one book in quite this way with a fresh perspective on can't-miss landmarks, off the beaten path gems, tours for every interest, unique places to sleep, and classic restaurants. So come see for yourself and create your own experiences along the way!

Have you heard that a plant-forward lifestyle is better for you, but you don't know why you should make plant-based foods a bigger part of your diet? Or maybe you understand the why, but you've had trouble figuring out how to improve your vegetable intake. In *Plants First*, Dr. Katie Takayasu helps you understand the reasons for prioritizing plant-powered foods to clean up the hormonal cascades that cause cravings and leave you feeling sick and tired. She offers approachable science lessons that explain how a plant-forward diet can correct issues like inflammation and hormonal imbalances to help your body find its healthy weight and experience more restorative sleep. Then Dr. Katie explains how to make small, steady shifts in your lifestyle to calm and refresh your brain and body through her five-day plant-powered health reset, which will help tap into your body's innate wisdom for natural detoxification. She explains how to stock your Kitchen Pharmacy with good foods and supplements for a plant-forward diet, and with her yummy, family-friendly recipes, you will start creating balance on your plate and move along the path to a healthier lifestyle. Sample Recipes Include: Almond Frikake Crusted Halibut with Roasted Vegetables, Black Rice and Coconut Lime Cream Ginger Mandarin Almond Cake with Chocolate Ganache Lavender Antioxidant Dream Milk Slow Cooker Apple Pie Oatmeal Roasted Chicken with Pears & Figs on Swiss Chard Thai Coconut Curry Noodle Soup Arugula, Lentil and Roasted Eggplant "Menstrual Health" Salad with Lemon Balsamic Dressing Kale &

The Lighthouse Handbook: West Coast Createspace Independent Publishing Platform

While the word "gentlemen" suggests that its heroes are adults, The Two Gentlemen of Verona is more intelligible if we think of them as boys, leaving home for the first time. One has a crush on a girl, Julia, though he hasn't yet told her. Sent to court to learn to be "perfect gentlemen," Valentine and Proteus are derailed by their attraction to Sylvia, the ruler's daughter. Valentine's mental

denseness does not deter Sylvia from returning his love, but he is caught, and banished, when he tries to elope with her. Proteus' desire for Sylvia wipes out his former love, leading him into despicable acts that win scorn from Sylvia and wound Julia, who has pursued him disguised as a boy. When Sylvia follows Valentine into banishment, Proteus follows Sylvia, and Julia follows Proteus, the stage is set for a disturbing ending. But the stage is also set for the "gentlemen" to take small steps toward maturity. The authoritative edition of *The Two Gentlemen of Verona* from The Folger Shakespeare Library, the trusted and widely used Shakespeare series for students and general readers, includes: -The exact text of the printed book for easy cross-reference -Hundreds of hypertext links for instant navigation -Freshly edited text based on the best early printed version of the play -Full explanatory notes conveniently placed on pages facing the text of the play -Scene-by-scene plot summaries -A key to the play's famous lines and phrases -An introduction to reading Shakespeare's language -An essay by a leading Shakespeare scholar providing a modern perspective on the play -Fresh images from the Folger Shakespeare Library's vast holdings of rare books -An annotated guide to further reading Essay by Jeffrey Masten The Folger Shakespeare Library in Washington, DC, is home to the world's largest collection of Shakespeare's printed works, and a magnet for Shakespeare scholars from around the globe. In addition to exhibitions open to the public throughout the year, the Folger offers a full calendar of performances and programs. For more information, visit [Folger.edu](http://Folger.edu).

**Complete National Parks of the United States** Moon Travel Lighthouses were built on the Hudson River in New York between 1826 to 1921 to help guide freight and passenger traffic. One of the most famous was the iconic Statue of Liberty. This fascinating history with photos will bring the time of traffic along the river alive. Set against the backdrop of purple mountains, lush hillsides, and tidal wetlands, the lighthouses of the Hudson River were built between 1826 and 1921 to improve navigational safety on a river teeming with freight and passenger traffic. Unlike the towering beacons of the seacoasts, these river lighthouses were architecturally diverse, ranging from short conical towers to elaborate Victorian houses. Operated by men and women who at times risked and lost their lives in service of safe navigation, these beacons have overseen more than a century of extraordinary technological and social change. Of the dozens of historic lighthouses and beacons that once dotted the Hudson River, just eight remain, including the iconic Statue of Liberty, New York Harbor's great monument to freedom and immigration, which served as an official lighthouse between 1886 and 1902. Hudson River Lighthouses invites readers to explore these unique icons and their fascinating stories.

This Book Two of the Earth Manifesto contains a provocative biography of the estimable author Mark Twain along with a variety of valuable ecological insights and entertainingly interesting philosophical ideas. An essay about Huckleberry Finn and some related modern insights weighs in with some of the great author's down-home ways of seeing the world. Mark Twain's influence is also revealed in ideas, issues and philosophical perspectives explored in Gaia's Geological Perspective, which provides a rich way of looking at the vital ecosystems and processes involved in the stately procession of our home planet around the Sun. And various aspects of "The Common Good, Properly Understood" are explored. This Book also contains a Press Release that provides a big picture overview of the Earth Manifesto.

Little Gray's Great Migration Bloomsbury Publishing

Take a journey through a year-in-the-life of the St. Joseph, Michigan, lighthouses - a story told through 366 consecutive daily photos taken between August 26, 2011, and August 25, 2012. All images were captured during the leap year by just one photographer, Laura Kraklau. The photos are a glimpse into the activities that continually swirls around the steadiness of the lighthouses - from the changing seasons and unpredictable moods of Lake Michigan, to how residents, visitors, and wildlife spend their time under the watchful eyes of the structure. *Best of Newspaper Design 29* Simon and Schuster

In 2007, Caroline Woodward was itching for a change. With an established career in book-selling and promotion, four books of her own and having raised a son with her husband, Jeff, she yearned for adventure and to re-ignite her passion for writing. Jeff was tired of piecing together low-paying part-time jobs and, with Caroline's encouragement, applied for a position as a relief lightkeeper on a remote North Pacific island. They endured lonely months of living apart, but the way of life rejuvenated Jeff and inspired Caroline to contemplate serious shifts in order to accompany him. When a permanent position for a lighthouse keeper became available, Caroline quit her job and joined Jeff on the lights. Caroline soon learned that the lighthouse-keeping life does not consist of long, empty hours in which to write. The reality is hard physical labour, long stretches of isolation and the constant threat of de-staffing. Beginning with a 3:30 a.m. weather report, the days are filled with maintaining the light station buildings, sea sampling, radio communication, beach cleanup, wildlife encounters and everything in between. As for dangerous rescue missions or dramatic shipwrecks—that kind of excitement is rare. "So far the only life I know I've saved is my own," she says, with her trademark dry wit. Yet Caroline is exhilarated by the scenic coastline with its drizzle and fog, seabirds and whales, and finds time to grow a garden and, as anticipated, write. Told

with eloquent introspection and an eye for detail, *Light Years* is the personal account of a lighthouse keeper in twenty-first century British Columbia—an account that details Caroline's endurance of extreme climatic, interpersonal and medical challenges, as well as the practical and psychological aspects of living a happy, healthy, useful and creative life in isolation. *Golden Gate Park, An A to Z Adventure* Simon and Schuster

Learn all about New England's many lighthouses with the newly updated and expanded *The Lighthouse Handbook: New England 4th Edition*. From City Hall to the Pabst Theater, reminders of the past are part of the fabric of Milwaukee. Yet many historic treasures have been lost to time. An overgrown stretch of the Milwaukee River was once a famous beer garden. Blocks of homes and apartments replaced the Wonderland Amusement Park. A quiet bike path now stretches where some of the fastest trains in the world previously thundered. Today's Estabrook Park was a vast mining operation, and Marquette University covers the old fairgrounds where Abraham Lincoln spoke. Author Carl Swanson recounts these stories and other tales of bygone days. *The Seamen's Journal* Penguin

Picture book written to help children 6-8 discover this icon, the

third most visited city park in the US after Central Park and Lincoln Memorial. Author has lived one block from Golden Gate Park for more than a decade and visits nearly every day. Author is a savvy communications and marketing professional for nonprofit organizations with a background in environmental and urban issues. Artist is renowned illustrator and teacher at California College of the Arts in Oakland and San Francisco. His bold, bright illustrations start with the pencil, and finish as digital collages, monoprints, and screen prints. In 2020, Golden Gate Park will turn 150 years old. No children's book exists about this unique place, despite 13 million visitors each year. Reveals a range of fun and surprising facts about the park for tourists and locals alike. Layered text makes it appealing for both little ones and older kids, plus it can be used for a scavenger hunt of the park. Includes all major destinations within the park, all of which have gift shops and event opportunities, including: California Academy of Sciences: 1.3 million visitors/year; de Young Museum: 1.5 million visitors/year; The San Francisco Botanical Gardens: 400,000+ visitors/year; The Japanese Tea Garden: 300,000+ visitors/year; The Conservatory of Flowers: 200,000+ visitors/year. Author has contacts at the San Francisco Recreation and Parks Department, which will host many events to celebrate Golden Gate Park's 150th anniversary. In partnership with The San Francisco Parks Alliance. Lexile: NC1030L. Fountas and Pinnell level: Q. *Chase's Calendar of Events 2017* Arbordale Publishing

Little Gray loved his lagoon and the humans who came to visit him there. One day, Mama announces that they must swim north to a far-away sea. At first he is sad to leave his home, but Little Gray soon realizes the importance of their journey. What happens along the way and how does Little Gray help his mother? Swim along with Little Gray as he finds the way to this special, food-filled sea.
