Told from four intertwining points of view—two boys and two girls—the novel celebrates bravery, being different, and finding your inner bayani (hero). "Readers will be instantly engrossed in this relatable neighborhood adventure and its eclectic cast of misfits."—Booklist In one day, four lives weave together in unexpected ways. Virgil Salinas is shy and kindhearted and feels out of place in his crazy-about-sports family. Valencia Somerset, who is deaf, is smart, brave, and secretly lonely, and she loves everything about nature. Kaori Tanaka is a self-proclaimed psychic, whose little sister, Gen, is always following her around. And Chet Bullens wishes the weird kids would just stop being so different so he can concentrate on basketball. They aren't friends, at least not until Chet pulls a prank that traps Virgil and his pet guinea pig at the bottom of a well. This disaster leads Kaori, Gen, and Valencia on an epic quest to find missing Virgil. Through luck, smarts, bravery, and a little help from the universe, a rescue is performed, a bully is put in his place, and friendship blooms. The acclaimed and award-winning author of *Blackbird Fly* and *The Land of Forgotten Girls* writes with an authentic, humorous, and irresistible tween voice that will appeal to fans of Thanhha Lai and Rita Williams-Garcia. "Readers across the board will flock to this book that has something for nearly everyone—humor, bullying, self-acceptance, cross-generational relationships, and a smartly fateful ending."—School Library Journal

Jules Verne's classic, a bestseller for over a century, has never appeared in a critical edition before. William Butcher's stylish new translation moves as fast and as brilliantly as Fogg's own journey. - ;Having assured the members of London's exclusive Reform Club that he will circumnavigate the world in 80 days, Fogg - stiff, repressed, English - starts by joining forces with an irrepressible Frenchman, Passepartout, and then with a ravishing Indian beauty, Aouda. Together they slice through jungles, over snowbound passes, even across an entire isthmus - only to get back five minutes late. Fogg faces despair and suicide, but Aouda makes a new man of him, able to face even the Reform Club again. *Around the World in Eighty Days* (1872) contains a strong dose of post-Romantic reality plus extensive borrowing from the author's own *Journey to England and Scotland* - but not a shred of science fiction. Its modernism lies instead in the experimental literary technique, with parallel plots, a narrator constantly made to look foolish, four characters in search of their own unconscious, and a unique twisting of space and time. Verne's classic, a bestseller for over a century, has never appeared in a critical edition before. William Butcher's stylish new translation moves as fast and as brilliantly as Fogg's own journey. -

Around the World in Eighty Days

Key to Appendices (word- and Phrasebook) to Le Tour Du Monde en Quatre-vingts Jours Open Road + Grove/Atlantic

This Road I Ride is the remarkable story of one woman's solo journey around the world by bicycle. Juliana Buhning had been mired in a dark hole of depression after the death of a man she loved, and when an acquaintance suggested they honor his memory by biking across Canada, she thought, "Canada? Why not the world?" And why not alone. She had never seriously ridden a bicycle before. She had no athletic experience or corporate sponsorship, but with just eight months of preparation, Juliana Buhning departed from Naples, Italy, in July 2012 aiming to become the first woman to circumnavigate the globe. She set out believing she might not ever return, but that she had nothing to lose. Over 152 days, Juliana's ride spanned four continents and 18,060 miles. She traversed small-town and big-mountain America, Australian desert expanses, South Asian rainforests and villages, and Turkish plains. She suffered innumerable breakdowns, severe food poisoning, hostile pursuers, and the international longing for a good Italian espresso. When she crossed the finish line into Naples before the end of the year, she officially became the fastest woman to cycle the world (beating prior men's records, to boot). Accomplishing what she never thought she could, buoyed by the outpouring of support from friends and strangers, Juliana rediscovered herself. In the process she proved that there are no extraordinary people—there are only people who decide to do

extraordinary things.

The bestselling author of *I'm Not Scared* "elegizes adolescence fiercely and sympathetically" in a novel that's "scary, lovely and at last a heartbreaker" (Kirkus Reviews). Lorenzo Cuni is a fourteen-year-old loner. His wealthy parents think he is away on a school skiing trip, but in fact he has stowed away in a forgotten cellar. For a week he plans to live in perfect isolation, keeping the adult world at bay. Then a visit from his estranged half-sister, Olivia, changes everything. Evoking the fierce intensity and the pulse-quickening creepiness of *I'm Not Scared*, Ammaniti's bestselling first novel, *Me and You* is a breathtaking tale of alienation, acceptance, and wanting to be loved by "a fearsomely gifted writer" (The Independent). "Immensely engaging . . . Both tender and emotionally arresting, Ammaniti's novel is unforgettable." —Publishers Weekly, starred review "Italian author Niccolò Ammaniti does a lot in 160 pages, including surprise, humor, and frighten you—sometimes simultaneously." —Daily Candy "Ammaniti's prose is nimble, perceptive and economical . . . There's a lot to love about this book—its reticent empathy, its delicate and pragmatic treatment of addiction, its remarkable use of restricted physical space." —Full Stop "Me and You takes a short time to read but offers a memorable experience in a mutual recognition of loneliness and grief." —Curled Up With a Good Book "Me And You, at just over one hundred pages . . . [is a] perfect book . . . Niccolò Ammaniti disgusts me for how talented he is . . . He has written a masterpiece." —Antonio D'Orrico, *Corriere della Sera*

Between about 1830 and the outbreak of the First World War, print culture, reading, and writing transformed cultural life in Western Europe in many significant ways. Book production and consumption increased dramatically, and practices such as letter- and diary-writing were widespread. This study demonstrates the importance of the nineteenth century in French cultural change and illustrates the changing priorities and concerns of *l'histoire du livre* since the 1970s. From the 1830s on, book production experienced an industrial revolution which led to the emergence of a mass literary culture by the close of the century. At the same time, the western world acquired mass literacy. New categories of readers became part of the reading public while western society also learned to write. *Reading Culture and Writing Practices in Nineteenth-Century France* examines how the concerns of historians have shifted from a search for statistical sources to more qualitative assessments of readers' responses. Martyn Lyons argues that autobiographical sources are vitally important to this investigation and he considers examples of the intimate and everyday writings of ordinary people. Featuring original and intriguing insights as well as references to material hitherto inaccessible to English readers, this study presents a form of 'history from below' with emphasis on the individual reader and writer, and his or her experiences and perceptions.
