LOGAN MORIAH

The Bat Illustrated Random House India A Chinese Bestiary presents a fascinating pageant of mythical creatures from a unique and enduring cosmography written in ancient China. The *Guideways through Mountains and Seas*, compiled between the fourth and first centuries B.C.E., contains descriptions of hundreds of fantastic denizens of mountains, rivers, islands, and seas, along with minerals, flora, and medicine. The text also represents a wide range of beliefs held by the ancient Chinese. Richard Strassberg brings the *Guideways* to life for modern

readers by weaving together translations from the work itself with information from other texts and recent archaeological finds to create a lavishly illustrated guide to the imaginative world of early China. Unlike the bestiaries of the late medieval period in Europe, the *Guideways* was not interpreted allegorically; the strange creatures described in it were regarded as actual entities found throughout the landscape. The work was originally used as a sacred geography, as a guidebook for travelers, and as a book of omens. Today, it is regarded as the richest repository of ancient Chinese mythology and shamanistic wisdom. The *Guideways* may have been illustrated from the start, but the earliest surviving illustrations are

woodblock engravings from a rare 1597 edition. Seventy-six of those plates are reproduced here for the first time, and they provide a fine example of the Chinese engraver's art during the late Ming dynasty. This beautiful volume, compiled by a well-known specialist in the field, provides a fascinating window on the thoughts and beliefs of an ancient people, and will delight specialists and general readers alike.

The four-year long Eastern Front campaign fought between Germany and the Soviet Union produced not only the greatest number of aces, but also the highest individual and unit scores ever recorded in the history of aerial warfare. An ideal complement to its bestselling predecessor, this fully illustrated volume covers the Luftwaffe fighter pilots credited with scores of between 50 and 100; every single one of them amassing a greater number of victories than the highest and most celebrated of any British or American World War II ace. Despite these huge personal totals, the names of these pilots who fought against the Red Air Force remain almost unknown to many English speaking readers. More Bf 109 Aces of the Russian Front rectifies that omission, providing first-hand accounts from the combat veterans themselves, as well as

never-before published photographs, vividly conveying the terrible experiences of the protagonists in this difficult theatre of war.

Gujarat Files is the account of an eight-month long undercover investigation by journalist Rana Ayyub into the Gujarat riots, fake encounters and the murder of state Home Minister Haren Pandya that

brings to the fore startling revelations. Posing as Maithili Tyagi, a filmmaker from the American Film Institute Conservatory, Rana met bureaucrats and top cops in Gujarat who held pivotal positions in the state between 2001 and 2010. The transcripts of the sting operation reveal the complicity of the state and its officials in crimes against humanity. With sensational disclosures about cases that run parallel to Narendra Modi and Amit Shah's ascent to power and their journey from Gujarat to New Delhi, the book tells you the hushed truth of the state in the words of those who developed amnesia while speaking before commissions of enquiry, but held nothing back in the secretly taped videos which form the basis of this remarkable read.

A wild and uncompromising history of four infamous magazines and the outlaws behind them, *Dirty! Dirty! Dirty!* is the first book to rip the sheet off of the sleazy myth-making machine of Hugh Hefner and *Playboy*, and reveal the doomed history of

Hefner's arch rival, Penthouse founder Bob Guccione, whose messiah complex and heedless spending — on a legendary flop of a movie paid for with bags of cash, a porn magazine for women, and a pie-in-the sky scheme for a portable nuclear reactor — fueled the greatest riches to rags story ever told. The adventure begins in the early 1950s and rips through the tumultuous '60s and '70s —when Hustler's Larry Flynt and Screw's Al Goldstein were arrested dozens of times, recklessly pushing the boundaries of free speech, attacking politicians, and putting unapologetic filth front and center — through the 1990s when a sexed-up culture high on the Internet finally killed the era when men looked for satisfaction in the centerfold. As America goes, so goes it's porn. Along the way we meet many unexpected heroes—John Lennon, Lenny Bruce, Helen Gurley Brown, and the staff of Mad magazine among them—and villains—from Richard Nixon and the Moral Majority to Hugh Hefner himself, whose legacy, we learn, is built on a self-perpetuated lie.

The most widely known English translation of the Kama Sutra was privately printed in 1883. It is usually attributed to renowned orientalist and author Sir Richard Francis Burton, but the chief work was done by the Indian archaeologist Bhagwan Lal Indraji, under the guidance of Burton's friend, the Indian civil servant Forster Fitzgerald Arbuthnot, and with the assistance of a student, Shivaram Parshuram Bhide.[18] Burton acted as publisher, while also furnishing the edition with footnotes whose tone ranges from the jocular to the scholarly. Burton says the following in its introduction: Home Body Harper Collins
