Since the publication of the first edition in 2014, the whisky industry has continued to change. This book provides the reader with an overview of the latest academic research and industry best practice in an accessible and authoritative format. Despite the recession, new distillation capacity has been added at a record pace and new consumers in new markets have entered the arena. Distillers are experimenting with new finishes, packaging and marketing techniques and amongst consumers there is a hunger for knowledge and informed commentary. An entirely new chapter discussing the management and utilization of co-products and recent developments in areas such as anaerobic digestion is included along with revisions and updates to most chapters. Written by acknowledged and experienced authorities of the subject, this book provide an up to date treatment of this fast developing area. Aimed at the popular market, it provides a leading text for students of distilling, industry practitioners, new craft distillers and whisky enthusiasts. Review of the 1st Edition 'The authors have clearly put much effort into this book... I enjoyed the book almost as much as I enjoy whisky. Fascinating stuff from cover to cover.' Ian W. Davies, *Chromatographia*, 2014, 77, 1733-1734 'Sometimes, you come across a book that's so comprehensive that it's worth shouting about....a fascinating book that can be engaged with on numerous levels, even if you aren't a student of distilling. Pop it on the shelf and consult it from time to time over the coming years. This might be the only whisky book you'll ever need.' <http://malt-review.com/2014/08/01/book-review-the-science-and-commerce-of-whisky/>

Whisky: Technology, Production and Marketing explains in technical terms the science and technology of producing whisky, combined with information from industry experts on successfully marketing the product. World experts in Scotch whisky provide detailed insight into whisky production, from the processing of raw materials to the fermentation, distillation, maturation, blending, production of co-products, and quality testing, as well as important information on the methodology used for packaging and marketing whisky in the twenty-first century. No other book covers the entire whisky process from raw material to delivery to market in such a comprehensive manner and with such a high level of technical detail. Only available work to cover the entire whisky process from raw material to delivery to the market in such a comprehensive manner Includes a chapter on marketing and selling whisky Foreword written by Alan Rutherford, former Chairman and Managing Director of United Malt and Grain Distillers Ltd.

**Whisky Galore** Elsevier

A fascinating journey through Scotland's famous distilleries with legendary author Iain Banks No true Scotsman can resist the allure of the nation's whisky distilleries. In an absorbing voyage as interesting to non-drinkers as to true whisky connoisseurs, sci-fi and literary author Iain Banks explores the rich heritage of Scottish whisky, from the largest and most famous distilleries to the smallest, most obscure operations. Whisky is more than a drink: it's a culture, a binder that joins together people, places and products far across Scotland's rugged terrain. Switching from cars to ferries to bicycles, Banks crisscrosses his homeland, weaving an engrossing narrative from the strange people, fascinating traditions, and downright bizarre places he encounters on his journey down Scotland's great golden road.

**Whisky Science** Lulu.com

Gourmand World Cookbook Award-winner – Best Spirits Book Japanese whisky is finally getting the international recognition it deserves. Originally created to emulate the malts of Scotland, Japanese whiskies now hold a distinct and unique place among other world-class spirits. Yet, despite having a history going back nearly a century, and winning many prestigious awards in recent years (including Whisky Magazine’s World Whiskies Awards in 2016, 2013, 2011, and 2010, and The Whisky Bible’s World Whisky of the Year in 2013), Japanese whiskies have remained enigmatic and exotic. Until now. In WHISKY JAPAN, the most comprehensive book on Japanese whisky ever available in English, renowned expert Dominic Roskrow reveals what makes Japanese whisky so special and sought-after by whisky connoisseurs everywhere. He introduces the companies that make Japanese whisky, and offers detailed portraits of these distilleries, explaining their complex production processes, traditions, and the new innovations that have allowed

them to take on and surpass the competition. The reader is carried along on a journey to the very heart of Japanese whisky making, with extensive tasting notes for all the leading expressions, a special selection of rare Japanese treasures, profile interviews with key personalities, and over 500 beautiful photographs and illustrations. Here are the whisky makers, blenders, independent bottlers, retailers, collectors, bloggers, and bartenders. There is a lively guide to the best bars around the world in which to taste Japanese whisky, a section on whisky cocktails and food pairings, and useful travel tips on how to get to the distilleries, where to stay, what to eat, and what else there is to do in the area.

**Whisky Made Me Do It: 60 Wonderful Whisky and Bourbon Cocktails** Mitchell Beazley

An authority on Scotch whisky An ideal addition to a collection of whisky books for beginners or whisky distilling books Fantastic gift for any whisky lovers Have you ever wondered why Scotch whisky tastes the way it does? Have you ever questioned the history of whisky and how its flavor notes have changed over the years? If so, then this book is for you! The flavor of Scotch whisky is influenced by a combination of history, craft, science, and tradition. Whether it is single malt Scotch whisky, dalmore whisky, or peat whisky, you will learn something about it in this book. This book on scotch is also a compendium of curiosities! Learn about bottles of scotch, including orbit bottle labels, whiskey green labels, and more. Whiskypedia also outlines information about individual distilleries. Each one provides their whiskies with unique characteristics. They are grounded in the craft and custom of the distillery and its district, but the real key influences on the flavor are how the spirit is matured, the distilling equipment itself, and how the distilling equipment is operated. This guide explores all of those influences and more. Whiskypedia is the first comprehensive source of the flavor and character of every malt whisky in Scotland. Written by Charles MacLean, “a world authority on malt whisky” (Daily Telegraph), shares his wisdom throughout this book. The history of Scotch whisky and information on Scotch distilling are also included. John MacPherson’s stunning photos compliment the text well. This is an ideal book about Scotch for any whisky fan. Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We’ve been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

A Field Guide to Whisky is a one-stop guide for all the information a whisky enthusiast needs. With the whisky market booming all over the world, now is a perfect time for a comprehensive guide to this popular brown spirit. What are the basic ingredients in all whiskies? How does it get its flavor? Which big-name brands truly deserve their reputation? What are the current whisky trends around the world? And who was Jack Daniel, anyway? This abundance of information is distilled(!) into 324 short entries covering basic whisky literacy, production methods, consumption tips, trends, trivia, geographical maps and lists of distilleries, whisky trails, bars, hotels, and festivals by an industry insider. Boasting 230 color photographs and a beautiful package to boot, A Field Guide to Whisky will make a whisky expert out of anyone.

**Truths about Whisky** Chronicle Books

This highly accessible and enjoyable guide is full of practical and fascinating information about how to enjoy whisky. All whisky styles are covered, including (just whisper it) blends. Along the way a good few myths are exploded, including the idea that whisky has to be taken neat. In 'What to Drink', Dave Broom explores flavor camps - how to understand a style of whisky and - moves on to provide extensive tasting notes of the major brands, demonstrating whisky's extraordinary diversity. In 'How to Drink', he sets out how to enjoy whisky in myriad ways - using water and mixers, from soda to green tea; and in cocktails, from the Manhattan to the Rusty Nail. He even looks at pairing whisky and food. In this spirited, entertaining, and no-nonsense guide, world-renowned expert Dave Broom dispels the mysteries of whisky and unlocks a whole host of exciting possibilities for this magical drink.

While Scotland gave birth to whisky, its progeny now populate all four corners of the globe - from the U.S. to Japan, South Africa to Scandinavia.

Today whisky sales are booming, making the timing perfect for this massive, witty, gorgeously illustrated volume. An ideal whisky "bible" for either connoisseur or neophyte, THE WORLD ATLAS OF WHISKY covers the history, process, distilleries and expressions of the world great whiskies, complete with detailed maps and 150 labels.

**Whisky Rising** Carlton Publishing Group

60 wonderful whisky and bourbon cocktails Oaky, smoky, young or old, whisky is a versatile and highly spirited spirit that has been the backbone of the classic cocktail since the old-fashioned was new. From the highlands of Scotland to Bourbon county, Kentucky, whisky distilleries have spread across the world, and today there are multitudes of styles and flavours to complement any manner of mixer. This beautifully illustrated book will introduce you to the wider world of malts, and showcase the true potential of whisky and bourbon. In Whisky Made Me Do It, award-winning mixologist and Certified Specialist of Spirits, Lance Mayhew explains everything you need to know: how to choose the right type, mix the ultimate Manhattan and find the perfect cocktail for any occasion. From grown-up scotch and sodas, celebratory mint juleps, or playful picklebacks, there are recipes here for any mood, any event, and any whisky-drinker.

*Whisky* Dorling Kindersley Ltd

A revised edition of the 1930 Scottish classic guide, edited by the international bestselling author of 101 Whiskies to Try Before You Die. This is—in the opinion of many whisky writers and experts—the finest whisky book ever written. It is certainly the first written from the point of view of the consumer and is thus historically significant. But more than that, poetic and polemic in style and with its emphasis on the importance of single malt whisky and its concern to protect and inform the consumer, it remains fresh and relevant to the interests of today's whisky drinker. It is a remarkably prophetic book, and with Ian Buxton's shrewd commentary and analysis, combined for the first time with period illustrations, it is brought bang up to date for today's generations of whisky aficionados. "The finest whisky book ever." —Dave Broom "This is a small volume but there are plenty who will love it. It is airy, witty, full of sound knowledge and practical wisdom." —The New York Times "If I could take only one whisky book to a desert island it would be Aeneas MacDonald's Whisky." —Charles MacLean "Among the generous pour of publishings to please whisky fans, one stand-out is a long-awaited new edition of Whisky by Aeneas MacDonald . . . [h]is literary musings on matters of malt and more, first published in 1930, are widely hailed as among the best writing on the subject. The new edition features period illustrations and an appreciation by writer Ian Buxton, who was instrumental in bringing the book to the masses." —The Herald (UK)

**Whisky** Rizzoli Publications

Revised and updated in 2013, 101 Whiskies to Try Before You Die is a whisky guide with a difference. It is not an awards list. It is not a list of the 101 'best' whiskies in the world in the opinion of a self-appointed whisky guru. It is simply a guide to the 101 whiskies that enthusiasts must seek out and try in order to complete their whisky education. Avoiding the deliberately obscure, the ridiculously limited and the absurdly expensive, whisky expert Ian Buxton recommends an eclectic selection of old favourites, stellar newcomers and mystifyingly unknown drams that simply have to be drunk. The book decodes the marketing hype and gets straight to the point; whether from India, America, Sweden, Ireland, Japan or the hills, glens and islands of Scotland, here are the 101 whiskies that you really want. Try them before you die - Slainte!

*Whisky Sommelier* Lulu.com

This text provides a single-volume illustrated work of reference on the subject of whisky. It gives information on what whiskies to drink country by country, covering the best products of the major distilleries and the exciting output of the independents.

*Whisky* Artisan Books

"A singular story, and an inspiring journey with one of the original characters of the contemporary scotch whisky world. Find out how an ordinary man discovers his first dram of single malt, and unwittingly departs on a journey over time, ... and then online. Ralfy relates stories, tales and anecdotes full of real characters, real events, real places, and real whisky."--Page 4 of cover.

*Japanese Whisky Handbook* Lorenz Books

"In his new book, journalist Brian Ashcraft digs into the short but colorful history of the Japanese liquor and the process that differentiates Japan's labels from their Western cousins. Plus, whisky authority Yuji Kawasaki shares tasting notes for more than a hundred bottles."—Travel + Leisure Japanese whisky has been around for less than a century, but is now winning all the major international awards. How did this happen and what are the secrets of the master distillers? This whisky book divulges these secrets for the first time. Japanese Whisky features never-before-published archival images and interviews chronicling the forgotten stories of Japan's pioneering whisky makers. It reveals the unique materials and methods used by the Japanese distillers including mizunara wood, Japanese barley, and novel production methods unique to Japan. It also examines the close cultural connections between Japanese scotch and whisky drinkers and their favorite tipples. For the first time in English, this book presents over a hundred independently scored tastings from leading Japanese whisky blogger, Yuji Kawasaki, shedding new light on Japan's most famous single malts as well as grain whiskies and blends. Japan expert Brian Ashcraft and photographer Idzuhiko Ueda crisscrossed Japan visiting all the major makers to talk about past and present whisky distillers, blenders and coopers. Japanophiles, whisky lovers, travelers, and history buffs will all find something fascinating within these pages, including: Tasting notes and scores of every major Japanese whisky brand A complete account of the unique production methods and ingredients Information about visiting distilleries in Japan Hundreds of color photos documenting the history and modern practices of Japanese whisky Exclusive interviews and previously unpublished personal accounts from leading industry figures Japanese Whisky not only explains how the country's award-winning whiskies are made, but also the complete whisky history and culture, so readers can truly appreciate the subtle Japanese whiskies they're drinking and buying. Kanpai!

*Whisky: The Manual* Neil Wilson Publishing

WHISKY is not only the world's most consistently successful and popular drink, it is also one of the oldest, having been around in one form or another since the first millennium. However, documentary records only commence in Scotland in 1494 when it was distilled as a spirit known as aqua vitae. Its growth since then has been better detailed and a complete lexicon has developed in line with whisky's increasing sophistication and worldwide popularity. The A to Z of Whisky is designed for whisky enthusiasts, lovers of Scotland, academics, journalists, amateur historians, broadcasters and researchers who need to have all the relevant facts and references about whisky close to hand. The entries cover every possible aspect of the spirit (including the American, Canadian and Irish derivatives) from aftershots to zymurgy, and include those curious terms which often crop up in the world of whisky, such as:viscimetry 'Viscimation is what happens when two liquids of different viscosity mix, creating eddies and visible threads or ribbons. These are referred to as viscimetric whorls ... The most commonly observed instance of viscimetry is where water is added to spirituous alcohol, especially whisky, where the colour makes the effect more observable. Since time immemorial, whisky-drinkers have referred to the phenomenon as "awakening the serpent".' (MacLean, MMoW) In Whisky Magazine, Issue 56, July 2006, Dave Broom writes of Ichiro's Malt 1988 King of Diamonds, 'This has classic Japanese finesse (and excellent viscimetry). Great whisky is about balance and this has it ... in diamonds, not spades.' But this is no dry, didactic reference tome. It is crammed full of anecdote, aside and comment, a great deal of it tongue-in-cheek. This makes using the A-Z of Whisky both an informative and entertaining task. 'I cannot recommend it too highly,' Charles MacLean, whisky writer and author of the Mitchell Beazley Pocket Whisky Book.

**The Science and Commerce of Whisky 2nd Edition** Birlinn Limited
