TYRESE CORTEZ

**So You Want to Talk
About Race** Routledge
One of "our most
insightful social
observers"* cracks the
great political mystery
of our time: how

conservatism, once a
marker of class
privilege, became the
creed of millions of
ordinary Americans
With his acclaimed wit
and acuity, Thomas
Frank turns his eye on
what he calls the
"thirty-year
backlash"—the populist
revolt against a

supposedly liberal establishment. The high point of that backlash is the Republican Party's success in building the most unnatural of alliances: between blue-collar Midwesterners and Wall Street business interests, workers and bosses, populists and right-wingers. In asking "what 's the matter with Kansas?"—how a place famous for its radicalism became one of the most conservative states in the union—Frank, a native Kansan and onetime Republican, seeks to answer some broader American riddles: Why do so many of us vote against our economic interests? Where's the outrage at corporate manipulators? And whatever happened to

middle-American progressivism? The questions are urgent as well as provocative. Frank answers them by examining pop conservatism—the bestsellers, the radio talk shows, the vicious political combat—and showing how our long culture wars have left us with an electorate far more concerned with their leaders' "values" and down-home qualities than with their stands on hard questions of policy. A brilliant analysis—and funny to boot—What's the Matter with Kansas? presents a critical assessment of who we are, while telling a remarkable story of how a group of frat boys, lawyers, and CEOs came to convince a nation that they spoke on behalf of the

People. *Los Angeles Times

Ending Racism

Harvard University Press

First published in 1997. Routledge is an imprint of Taylor & Francis, an informa company.

Yearning Routledge

A uniquely personal yet deeply informed exploration of the hidden history of class in American life From the decks of the Mayflower straight through to Donald Trump's "American carnage," class has always played a role in American life. In this remarkable work, Steve Fraser twines our nation's past with his own family's history, deftly illustrating how class matters precisely because Americans work so hard to pretend it doesn't. He examines six signposts

of American history--the settlements at Plymouth and Jamestown; the ratification of the Constitution; the Statue of Liberty; the cowboy; the "kitchen debate" between Richard Nixon and Nikita Khrushchev; and Martin Luther King's "I Have a Dream" speech--to explore just how pervasively class has shaped our national conversation. With a historian's intellectual command and a riveting narrative voice, Fraser interweaves these examples with his own past--including his false arrest on charges of planning to blow up the Liberty Bell during the Civil Rights era--to tell a story both urgent and timeless.

Difference Matters

Yale University Press

I be boy. All bliss boy. All fine beat. All beau boy. Beautiful. "This stunning volume celebrates all things boy." -Publishers Weekly, starred review Famed author bell hooks brings us a tight, exuberant story that captures the essence and energy of what it means to be a boy. Chris Raschka's soulful illustrations buzz with a force that is the perfect match for these powerful words. New Society Pub #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S

"BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los

Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all

proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully

woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Class Matters Taylor & Francis

Drawing on both her roots in Kentucky and her adventures with Manhattan Coop boards, *Where We Stand* is a successful black woman's reflection--personal, straight forward, and rigorously honest--on how our dilemmas of class and race are intertwined, and how we can find ways to think beyond them.

Women and the Politics of Class

Picador

Celebrates the joy and beauty of nappy hair.

White-Collar

Government Routledge

In an awesome meeting of minds, cultural theorists Stuart Hall and bell hooks met for a series of wide-ranging conversations on what Hall sums up as "life, love, death, sex." From the trivial to the profound, across boundaries of age, sexualities and genders, hooks and Hall dissect topics and themes of continual contemporary relevance, including feminism, home and homecoming, class, black masculinity, family, politics, relationships, and teaching. In their fluid and honest dialogue they push and pull each other as well as the reader, and the result is a book that

speaks to the power of conversation as a place of critical pedagogy.

Outlaw Culture

Routledge

According to the Washington Post, no one who cares about contemporary African-American cultures can ignore bell hooks' electrifying feminist explorations. Targeting cultural icons as diverse as Madonna and Spike Lee, *Outlaw Culture* presents a collection of essays that pulls no punches. As hooks herself notes, interrogations of popular culture can be a 'powerful site for intervention, challenge and change'. And intervene, challenge and change is what hooks does best.

Race Matters, 25th

Anniversary Penguin

An urgent testament to the trials of life for

women living without a financial safety net
Indie icon Michelle Tea -- whose memoir *The Chelsea Whistle* details her own working-class roots in gritty Chelsea, Massachusetts -- shares these fierce, honest, tender essays written by women who can't go home to the suburbs when ends don't meet. When jobs are scarce and the money has dwindled, these writers have nowhere to go but below the poverty line. The writers offer their different stories not for sympathy or sadness, but an unvarnished portrait of how it was, is, and will be for generations of women growing up working class in America. These wide-ranging essays cover everything from selling blood for grocery money to the

culture shock of "jumping" class. Contributors include Dorothy Allison, Bee Lavender, Eileen Myles, and Daisy Hernández. *Where We Stand* Psychology Press In *Homegrown*, cultural critics bell hooks and Amalia Mesa-Bains reflect on the innate solidarity between Black and Latino culture. Riffing on everything from home and family to multiculturalism and the mass media, hooks and Mesa-Bains invite readers to re-examine and confront the polarizing mainstream discourse about Black-Latino relationships that is too often negative in its emphasis on political splits between people of color. A work of activism through dialogue, *Homegrown*

is a declaration of solidarity that rings true even ten years after its first publication. This new edition includes a new afterword, in which Mesa-Bains reflects on the changes, conflicts, and criticisms of the last decade.

Class Matters Where We Stand
Class Matters
 A practical handbook for bridging class divisions, designed for the busy activist.

Homegrown Routledge
 Social class remains a fundamental presence in British life in the twenty-first century. It is woven into the very fabric of social and political discourse, undiminished by the end of mass industry; unaugmented despite the ascendancy of 'ordinary working people' and other substitute phrases.

Absent from this landscape, however, is any compelling Marxist expression or analysis of class. In *Class Matters*, Charles Umney brings Marxist analysis out of the 19th century textiles mill, and into the call centres, office blocks and fast food chains of modern Britain. He shows how core Marxist concepts are vital to understanding increasing pay inequality, decreasing job security, increasing routinisation and managerial control of the labour process. Providing a critical analysis of competing perspectives, Umney argues that class must be understood as a dynamic and exploitative process integral to capitalism - rather than a

descriptive categorisation - in order for us to better understand the gains capital has made at the expense of labour over the last four decades. *Race, Gender, and Cultural Politics* Macmillan
In a groundbreaking new book, Kotlowski offers a surprising study of an administration that redirected the course of civil rights in America. Kotlowski examines such issues as school desegregation, fair housing, voting rights, affirmative action, and minority businesses as well as Native American and women's rights. He details Nixon's role, revealing a president who favored deeds over rhetoric and who constantly weighed

political expediency and principles in crafting civil rights policy.

The Case Against Race Reductionism

Macmillan

Twenty-three essays ponder such topics as psychological trauma among African Americans, black anti-Semitism, and friendships between black women and white women. Reprint.

Heritage Recipes from the Diaspora

Haymarket Books

In this compulsively readable social history, a brilliant new addition to The New Press' acclaimed People's History series, political scientist Stephen Pimpare vividly describes poverty from the perspective of the poor and welfare-

reliant from the big city to the rural countryside. He focuses on how the poor have created community, secured shelter and found food and illuminates their battles for dignity and respect. Through prodigious archival research and lucid analysis, Pimpare details the ways in which charity has been inseparable from scorn. *The Female Experience of Growing Up Working Class* Haymarket Books First published in 1994. Routledge is an imprint of Taylor & Francis, an informa company.

With a New

Introduction Seal Press

Allens proven ability and flare for presenting complex and oftentimes sensitive topics in nonthreatening ways carry over in the latest

edition of *Difference Matters*. Her down-to-earth analysis of six social identity categories reveals how communication establishes and enacts identity and power dynamics. She provides historical overviews to show how perceptions of gender, race, social class, sexuality, ability, and age have varied throughout time and place. Allen clearly explains pertinent theoretical perspectives and illustrates those and other discussions with real-life experiences (many of which are her own). She also offers practical guidance for how to communicate difference more humanely. While many examples are from organizational contexts, readers from

a wide range of backgrounds can relate to them and appreciate their relevance. This eye-opening, vibrant text, suitable for use in a variety of disciplines, motivates readers to think about valuing difference as a positive, enriching feature of society. Interactive elements such as Spotlights on Media, I.D. Checks, Tool Kits, and Reflection Matters questions awaken interest, awareness, and creative insights for change.

Teaching Community

One World

Although Americans like to believe that they live in a classless society, Stanley Aronowitz demonstrates that class remains a potent force. Defining class as the power of social

groups to make a difference, he explains that social groups such as labor movements, environmental activists, and feminists become classes when they make demands that change the course of history. “With *How Class Works* Aronowitz puts the subject of social class squarely on the intellectual agenda—though in a new, inclusive, and dynamic form. Like his influential *False Promises*, *How Class Works* is both intellectually exciting and morally challenging.”—Barbara Ehrenreich “In *How Class Works* Aronowitz

argues for the enduring vitality of the concept of social class as a way of understanding social relations. This is a significant contribution to social theory, an argument certain to be widely considered, debated, and tested.”—George Lipsitz, author of *American Studies in a Moment of Danger* “An intellectually captivating book on a topic that remains as timely and significant as ever.”—Howard Kimeldorf, University of Michigan
