## DOYLE BRIANA

*Gaza Under Hamas* 85 Broads

Hamas is a Palestinian Islamist military and sociopolitical movement that grew out of the Muslim Brotherhood. The U.S., Israel, the EU, and Canada consider Hamas a terrorist org. This report provides background info. on Hamas, or the Islamic Resistance Movement, and U.S. policy towards it. It also includes info. and analysis on: (1) the threats Hamas currently poses to U.S. interests; (2) how Hamas compares with other Middle East terrorist groups; (3) Hamas's ideology and policies; (4) its leadership and org., and (5) its sources of assistance. Finally, the report discusses various legislative and oversight options related to foreign aid strategies, financial sanctions, and regional and international political approaches. A print on demand report.

**Hamas Contained** Nova Snova

Hezbollah and Hamas are players in Middle Eastern politics and have a growing involvement in global events. Despite their different beginnings, they share a common denominator in Israel. This title offers an analysis of their histories and political missions that moves beyond reductionist portrayals of the organizations' military operations.

*The Rise and Fall of Human Rights* Phaidon Press

The New York Times–bestselling author “has focused his internationally recognized expertise and clarity of vision on . . . this evolving terrorist tactic” (Benjamin Netanyahu). At a time when Israel is under persistent attack—on the battlefield, by international organizations, and in the court of public opinion—Alan Dershowitz presents a powerful case for Israel’s just war against terrorism. In the spirit of his international bestseller, *The Case for Israel*, Dershowitz shows why Israel’s struggle against Hamas is a fight not only to protect its own citizens, but for all democracies. The nation-state of the Jewish people is providing a model for all who are threatened by terrorist groups—such as ISIS, al-Qaeda, and Boko Haram. Having himself been in one of the Hamas terror tunnels, Dershowitz explains why Israel had no choice but to send in ground troops to protect its civilians against Hamas death squads. Dershowitz wrote this book to warn the world that unless Hamas’s strategy of building terror tunnels and firing rockets from behind human shields is denounced and stopped—by the international community, the media, the academy, and good people of all religions, ethnicities, and nationalities—it will be coming soon “to a theater near you.” Covering all the hot-button issues—from the BDS movement, to the rise of anti-Semitism, to the charge of war crimes, to the prospects of peace—*Terror Tunnels: The Case for Israel’s Just War Against Hamas* is a must-read for all who care about Israel, peace in the Mideast, human rights, and fairness.

*Terror Tunnels* Yale University Press

When the radical Islamist group Hamas was elected to lead Palestine in 2006, the Western world was shocked. How had the majority of Palestinians come to support an extremist organization and how would the group’s new political power affect the larger Israel/Palestine conflict? Italian journalist and historian Paola Caridi offers a clear-eyed account of how the conditions in this war-torn region led to the rise of Hamas and an unbiased look at the complex feelings that Palestinians have toward getting behind a government that supports violent resistance. By breaking from the sensationalist journalism surrounding the elections, Caridi is able to tell the story of a movement caught between the desire to resist its oppressor and the need to provide support for a refugee people. Caridi, informed by years of on-the-ground research and interviews with residents of Gaza and leaders of Hamas, covers the history of Gaza from its golden age as a port city to the formal birth and slow militarization of Hamas. This English-language translation brings the reader to present-day Palestine by offering a never-before-seen chapter on Operation Cast Lead, the shocking WikiLeaks disclosures, and the Cairo Revolution. Hamas paints a picture, with intelligence, dexterity, and heart, of a people trapped in the most historic of political battles and reveals the strange complexities behind the controversy by explaining one of the key players in the search for peace and justice that runs through the central crisis of the Middle East today.

*Rise of ISIS* Foundation for Defense of Democracies

Hamas is designated a terrorist organization by Israel, the EU, the USA and the UN. It has made itself notorious for its violent radicalism and uncompromising rejection of the Jewish state. So after its victory in the 2006 elections the world was watching. How would Hamas govern? Could an Islamist group without any experience of power - and with an unwavering ideology - manage to deal with day-to-day realities on the ground? Bjorn Brenner investigates what happened after the elections and puts the spotlight on the people over whom Hamas rules, rather than on its ideas.

Lodging with Palestinian families and experiencing their daily encounters with Hamas, he offers an intimate perspective of the group as seen through local eyes. The book is based on hard-to-secure interviews with a wide range of key political and security figures in the Hamas administration, as well as with military commanders and members of the feared Qassam Brigades. Brenner has also sought out those that Hamas identifies as local trouble makers: the extreme Salafi-jihadis and members of the now more quiescent mainstream Fatah party led by Mahmoud Abbas. The book provides a new interpretation of one of the most powerful forces in the Israel-Palestine arena, arguing that the Gazan Islamists carry a potential to be much more flexible and pragmatic than anticipated - if they would think they stand to gain from it. Gaza under Hamas investigates the key challenges to Hamas's authority and reveals why and in what ways ideology comes second to power consolidation.

*Gaza Conflict 2021* Oxford University Press

Hamas's overwhelming electoral victory in January 2006 transformed politics in the Middle East and shocked the world. Hamas was able to seize control of the entire Gaza Strip in June 2007, despite its status as a terrorist organization in Israel, the U.S., and the E.U. Azzam Tamimi's longtime relationships and extensive interviews with Hamas's leading members allow him to create a more intimate portrait of Hamas in its own words. This book is a history of Hamas from its origins among the Muslim Brotherhood to the present.

*Hamas* Cornell University Press

*The Rise and Fall of Human Rights* provides a groundbreaking ethnographic investigation of the Palestinian human rights world—its NGOs, activists, and "victims," as well as their politics, training, and discourse—since 1979. Though human rights activity began as a means of struggle against the Israeli occupation, in failing to end the Israeli occupation, protect basic human rights, or establish an accountable Palestinian government, the human rights industry has become the object of cynicism for many Palestinians. But far from indicating apathy, such cynicism generates a productive critique of domestic politics and Western interventionism. This book illuminates the successes and failures of Palestinians' varied engagements with human rights in their quest for independence.

*Rise and Kill First* CreateSpace

The May 2021 conflict between Israel and the terrorist group Hamas generated headlines around the world. However, much of the reporting ignored the history, funding, political dynamics, and other key components of the story. Hamas initiates conflict every few years. But the reporting rarely improves. Social media has only further clouded the picture. Hamas is rarely held responsible for its use of "human shields," blindly firing rockets at civilian areas in Israel, or diverting aid that should benefit the people of Gaza. The Islamic Republic of Iran, a state sponsor of terrorism, has been the primary patron of Hamas since the group's inception in the late 1980s. Hamas has received additional assistance over the years from Qatar, Turkey and Malaysia. These countries are fomenting conflict, while others, such as Egypt, the United Arab Emirates and Bahrain, have tried to minimize it. Gaza is therefore ground zero in a struggle for the future stability of the Middle East. The Biden administration has important choices to make. Its intent to re-enter the Iran nuclear deal could have significant consequences, given that sanctions relief to Iran will likely yield a financial boon for Hamas, along with other Iranian proxies. The Biden administration must also come to terms with "The Squad," a small but loud faction of the Democratic Party that seeks to undermine the US-Israel relationship.

*The Second Partition of Palestine* Univ of California Press

Argues that the extremist Sunni jihadist group ISIS presents a great danger to the United States and the world, looking at the origin of the group, its objectives, and its unlawful terrorist strategies.

*Brokers of Deceit* Routledge

The volume traces the evolution of Palestine-Israel conflict through several historically-informed and roughly chronological, yet overlapping, investigations examining, inter alia: the effects of the First World War and the efforts of the Zionist movement culminating in the establishment of the State of Israel and the expulsion of over 700,000 Palestinians from the territories therein in 1947-48; missed opportunities for peace from 1967 to 1990 by reference to official policy documents; the revitalisation of Palestinian nationalism through the PLO after the 1967 war and the establishment of the Palestinian Authority in 1994; the competing rise and evolution of Islamic nationalism in Palestine, predominantly embodied by the Islamic Resistance Movement, Hamas; attempts at Palestinian institution-building contextualised by the profound influence of international donors and Israel; and the ongoing evolution of the relationship between Hamas and Israel. The final chapter canvases some of the rapidly evolving issues that have arisen over the last few years, including upheavals caused by the election of the Trump administration in the United States, and the periodic and ongoing conflicts between Israel and Hamas in Gaza. The volume will be of interest to both scholars and the general public wishing to understand the historical and present drivers of the conflict in the Holy Land.

**Son of Hamas** Interlink Books

This book offers a new understanding of the nature of power-seeking insurgent groups by empirically examining the use of violence by Hamas in the Palestinian-Israeli Conflict. Though Hamas has learned to ride the tides of popular support, it remains suspended between its quest to achieve the values of its ardent supporters (reclamation of land through force) and the desire to grow popular support. This tension is reflected in how and when the group exercises violent resistance. The theoretical framework applied in this volume provides a simple construct to understand the dynamics that result in use and non-use of violence under changing environmental conditions by Hamas, but could be applied more broadly to other power-seeking insurgent groups, including ISIL. The book weaves together the dynamics between violent actions and internal and external influences on Hamas, including: expressed values of the group, Palestinian popular support measures, leaders’ personalities and innovation (weapons and tactics), Israeli influence and targeted killings, peace processes and conflicts in Gaza, Syria, Iraq and Egypt. With newly assembled datasets on Hamas’ violent acts and public statements, Israeli Targeted Killings, historical measures of popular support and extensive field interviews, the book offers a fresh perspective on insurgent group violence by demonstrating under what conditions the group exercises violence or refrains from doing so. This book will be of much interest to both policy makers and students of the Arab-Israeli conflict, political violence, Middle Eastern politics, security studies and international relations in general.

**War in 140 Characters** Simon and Schuster

Breaking through glass ceilings in the workplace is dangerous business. There is now an easier (and safer) way for women to rise and succeed

professionally. The Glass Elevator: A Guide to Leadership Presence for Women on the Rise shares the 9 critical skills that will enhance your ability to engage, connect, and influence in the workplace. Have you been holding yourself back by: - Not speaking up at meetings when you have value to add? - Failing to promote yourself to seniors in the workplace? - Shying away from challenges because you lack confidence? - Neglecting your networking inside and outside the company? - Living in a state of overwhelm at home and work? The author - one of New York's leading Executive Coaches - will teach you how to stop retreating and start ascending, employing the same expertise she uses to help her executive clients rise to the top. With Ground Floor Quizzes, Elevator Workouts, and Power Profiles of women leaders, this engaging book helps you master the must-have skills that will propel you upward. Pursue your professional aspirations one floor at a time by riding The Glass Elevator.

[The Glass Elevator](#) DIANE Publishing

A free open access ebook is available upon publication. Learn more at [www.luminosoa.org](http://www.luminosoa.org). The quest for an inclusive and independent state has been at the center of the Palestinian national struggle for a very long time. This book critically explores the meaning of Palestinian statehood and the challenges that face alternative models to it. Giving prominence to a young set of diverse Palestinian scholars, this groundbreaking book shows how notions of citizenship, sovereignty, and nationhood are being rethought within the broader context of decolonization. Bringing forth critical and multifaceted engagements with what modern Palestinian self-determination entails, *Rethinking Statehood* sets the terms of debate for the future of Palestine beyond partition.

*Hezbollah and Hamas* HarperCollins

"The novel showcases the humanity, tragedy, and complexity of life in the West Bank. . . . The characters' interwoven lives will stay with you long after the book's denouement." —Entertainment Weekly "Sacks is an extraordinarily gifted writer whose intelligence, compassion and skill on both the sentence and tension level rise to meet her ambition. She keeps us constantly on edge. . . . City of a Thousand Gates makes a convincing case for a literature of multiplicity, polyphonic and clamorous, abuzz with challenges and contradictions, with no clear answers but a promise to stay alert to the world, in all its peril and vitality." —Washington Post Brave and bold, this gorgeously written novel introduces a large cast of characters from various backgrounds in a setting where violence is routine and where survival is defined by boundaries, walls, and checkpoints that force people to live and love within and across them. Hamid, a college student, has entered Israeli territory illegally for work. Rushing past soldiers, he bumps into Vera, a German journalist headed to Jerusalem to cover the story of Salem, a Palestinian boy beaten into a coma by a group of revenge-seeking Israeli teenagers. On her way to the hospital, Vera runs in front of a car that barely avoids hitting her. The driver is Ido, a new father traveling with his American wife and their baby. Ido is distracted by thoughts of a young Jewish girl murdered by a terrorist who infiltrated her settlement. Ori, a nineteen-year-old soldier from a nearby settlement, is guarding the checkpoint between Bethlehem and Jerusalem through which Samar—Hamid's professor—must pass. These multiple strands open this magnificent and haunting novel of present-day Israel and Palestine, following each of these diverse characters as they try to protect what they love. Their interwoven stories reveal complicated, painful truths about life in this conflicted land steeped in hope, love, hatred, terror, and blood on both sides. City of a Thousand Gates brilliantly evokes the universal drives that motivate these individuals to think and act as they do—desires for security, for freedom, for dignity, for the future of one's children, for land that each of us, no matter who or where we are, recognize and share.

*The Rise of Hamas in Palestine* Bloomsbury Publishing

This book examines the factors and issues responsible for the intra-Palestinian conflict that has undermined the strength and vitality of the struggle for liberation against the state of Israel. It explores how the ideological incompatibility and competition for political primacy account for the Hamas-Fatah conflict, entailing the risk of partition of Palestine even before it takes shape as an independent, sovereign entity. It analyzes the developments since the signing of the September 1993 Oslo Accord and discusses themes such as the background of Palestinian politics; the role of Fatah; the rise of Hamas as Fatah's political rival; the Hamas-Fatah struggle for power; and the role played by the international community, including by the US and the European Union. The study deals with the various facets of territorial and political challenges faced by the rival Palestinian actions; the failure of the reconciliation efforts by Egypt and Yemen; the stalled peace process in the West Bank and Gaza Strip; the emergence of the Islamic resistance movement and secular nationalist party; and the political and ideological shifts in Palestinian politics. Comprehensive and topical, this book will be useful to scholars and researchers of West Asian studies, peace and conflict studies, politics and international relations, foreign policy, political studies, area studies and strategic and defence studies.

*Hamas vs. Fatah* Rosetta Books

In *Decolonizing Palestine*, Somdeep Sen rejects the notion that liberation from colonialization exists as a singular moment in history when the colonizer is ousted by the colonized. Instead, he considers the case of the Palestinian struggle for liberation from its settler colonial condition as a complex psychological and empirical mix of the colonial and the postcolonial. Specifically, he examines the two seemingly contradictory, yet coexistent, anticolonial and postcolonial modes of politics adopted by Hamas following the organization's unexpected victory in the 2006 Palestinian Legislative Council election. Despite the expectations of experts, Hamas has persisted as both an armed resistance to Israeli settler colonial rule and as a governing body. Based on ethnographic material collected in the Gaza Strip, the West Bank, Israel, and Egypt, *Decolonizing Palestine* argues that the puzzle Hamas presents is not rooted in predicting the timing or process of its abandonment of either role. The challenge instead lies in explaining how and why it maintains both, and what this implies for the study of liberation movements and postcolonial studies more generally.

*A High Price* Tyndale House Publishers, Inc.

Winner of the 2014 Lionel Trilling Book Award An examination of the failure of the United States as a broker in the Palestinian-Israeli peace process, through three key historical moments For more than seven decades the conflict between Israel and the Palestinian people has raged on with no end

in sight, and for much of that time, the United States has been involved as a mediator in the conflict. In this book, acclaimed historian Rashid Khalidi zeroes in on the United States's role as the purported impartial broker in this failed peace process. Khalidi closely analyzes three historical moments that illuminate how the United States' involvement has, in fact, thwarted progress toward peace between Israel and Palestine. The first moment he investigates is the "Reagan Plan" of 1982, when Israeli prime minister Menachem Begin refused to accept the Reagan administration's proposal to reframe the Camp David Accords more impartially. The second moment covers the period after the Madrid Peace Conference, from 1991 to 1993, during which negotiations between Israel and Palestine were brokered by the United States until the signing of the secretly negotiated Oslo accords. Finally, Khalidi takes on President Barack Obama's retreat from plans to insist on halting the settlements in the West Bank. Through in-depth research into and keen analysis of these three moments, as well as his own firsthand experience as an advisor to the Palestinian delegation at the 1991 pre-Oslo negotiations in Washington, DC, Khalidi reveals how the United States and Israel have actively colluded to prevent a Palestinian state and resolve the situation in Israel's favor. Brokers of Deceit bares the truth about why peace in the Middle East has been impossible to achieve: for decades, US policymakers have masqueraded as unbiased agents working to bring the two sides together, when, in fact, they have been the agents of continuing injustice, effectively preventing the difficult but essential steps needed to achieve peace in the region. From the Hardcover edition.

*Hamas* Routledge

NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as "arguably [Israel's] best investigative reporter"—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."—John le Carré

*Rethinking Statehood in Palestine* Georgetown University Press

Son of Hamas is now available with an all-new chapter about events since the book's release such as the revelation of Mosab's Israeli intelligence handler's true identity, and Homeland Security's effort to deport the author. Since he was a small boy, Mosab Hassan Yousef has had an inside view of the deadly terrorist group Hamas. The oldest son of Sheikh Hassan Yousef, a founding member of Hamas and its most popular leader, young Mosab assisted his father for years in his political activities while being groomed to assume his legacy, politics, status . . . and power. But everything changed when Mosab turned away from terror and violence, and embraced instead the teachings of another famous Middle East leader. In *Son of Hamas*, Mosab reveals new information about the world's most dangerous terrorist organization and unveils the truth about his own role, his agonizing separation from family and homeland, the dangerous decision to make his newfound faith public, and his belief that the Christian mandate to "love your enemies" is the only way to peace in the Middle East.

*Hamas in Politics* John Wiley & Sons

"Meticulously researched . . . This is the definitive chronicle of the Middle East crisis during the Clinton years and in the post-9/11 era" (Publishers Weekly). "Providing a fly-on-the-wall vantage of the rising diplomatic panic that sent shudders through world capitals," *Kill Khalid* unfolds as a masterpiece of investigative journalism (Toronto Star). In 1997, the Israeli intelligence agency Mossad poisoned Hamas leader Khalid Mishal in broad daylight on the streets of Amman, Jordan. As the little-known Palestinian leader slipped into a coma, the Mossad agents' escape was bungled and the episode quickly spiraled into a diplomatic crisis. A series of high-stakes negotiations followed, which ultimately saved Mishal and set the stage for his phenomenal political ascendancy. In *Kill Khalid*, acclaimed reporter Paul McGeough reconstructs the history of Hamas through exclusive interviews with key players across the Middle East and in Washington, including unprecedented access to Mishal himself, who remains to this day one of the most powerful and enigmatic figures in the region. A "sobering reminder of how little has been achieved during 60 years of Israeli efforts in Palestine," *Kill Khalid* tracks Hamas's political fortunes across a decade of suicide bombings, political infighting, and increasing public support, culminating in the battle for Gaza in 2007 and the current-day political stalemate (Kirkus Reviews, starred review). "A pacey, riveting, and controversial book that has all the compulsion of a Le Carré novel." —John F. Burns, The New York Times "[A] gem of leave-no-stone-unturned reporting." —Foreign Affairs
