Malana Cream: Chauvinist Pigs & Third Wave Feminism Black Inc.

In the social upheavals of the 1960s and 1970s, a series of stock characters emerged to define and bolster white masculinity. Alongside such caricatures as "the Playboy" and "the Redneck" came a new creation: "the Male Chauvinist Pig." Coined by second-wave feminists as an insult, the Male Chauvinist Pig was largely defined by an anti-feminism that manifested in boorish sexist jokes. But the epithet backfired: being a sexist pig quickly transformed into a badge of honor

worn proudly by misogynists, and, in time, it would come to define a strain of right-wing politics. Historian Julie Willett tracks the ways in which the sexist pig was sanitized by racism, popularized by consumer culture, weaponized to demean feminists, and politicized to mobilize libertine sexists to adopt reactionary politics. Mapping out a trajectory that links the sexist buffoonery of Bobby Riggs in the 1970s, the popularity of Rush Limbaugh's screeds against "Feminazis" in the 1990s, and the present day misogyny underpinning Trumpism, Willett makes a case for the potency of this seemingly laughable cultural symbol, showing what can happen when we neglect or trivialize the political power of humor.

*Raquel* Simon & Schuster

"Strips porn of its culture-war claptrap . . . Pornified may stand as a Kinsey Report for our time."—San Francisco Chronicle Porn in America is everywhere—not just in cybersex and Playboy but in popular video games, advice columns, and reality television shows, and on the bestseller lists. Even more striking, as porn has become affordable, accessible, and anonymous, it has become increasingly acceptable—and a big part of the personal lives of many men and women. In this controversial and critically acclaimed book, Pamela Paul argues that as porn becomes more pervasive, it is destroying our marriages and families as well as distorting our children's ideas of sex and

sexuality. Based on more than one hundred interviews and a nationally representative poll, *Pornified* exposes how porn has infiltrated our lives, from the wife agonizing over the late-night hours her husband spends on porn Web sites to the parents stunned to learn their twelve-year-old son has seen a hardcore porn film. *Pornified* is an insightful, shocking, and important investigation into the costs and consequences of pornography for our families and our culture.

*Female Chauvinist Pigs* UNC Press Books  
 “If you’ve never read it, read it now.”—Arianna Huffington, O, *The Oprah Magazine* Landmark, groundbreaking, classic—these adjectives barely do justice to the pioneering vision and lasting impact of *The Feminine Mystique*. Published in 1963, it gave a pitch-perfect description of “the problem that has no name”: the insidious beliefs and institutions that undermined women’s confidence in their intellectual capabilities and kept them in the home. Writing in a time when the average woman first married in her teens and 60 percent of women students dropped out of college to marry, Betty Friedan captured the frustrations and

thwarted ambitions of a generation and showed women how they could reclaim their lives. Part social chronicle, part manifesto, *The Feminine Mystique* is filled with fascinating anecdotes and interviews as well as insights that continue to inspire. This 50th-anniversary edition features an afterword by best-selling author Anna Quindlen as well as a new introduction by Gail Collins.

**One Dimensional Woman** University of Chicago Press

Women today are inundated with conflicting messages from the mass media: they must either be strong leaders in complete command or sex kittens obsessed with finding and pleasing a man. In *The Rise Of Enlightened Sexism*, Susan J. Douglas, one of America's most entertaining and insightful cultural critics, takes readers on a spirited journey through the television programs, popular songs, movies, and news coverage of recent years, telling a story that is nothing less than the cultural biography of a new generation of American women. Revisiting cultural touchstones from *Buffy the Vampire Slayer* to *Survivor* to *Desperate Housewives*, Douglas uses wit and wisdom

to expose these images of women as mere fantasies of female power, assuring women and girls that the battle for equality has been won, so there's nothing wrong with resurrecting sexist stereotypes—all in good fun, of course. She shows that these portrayals not only distract us from the real-world challenges facing women today but also drive a wedge between baby-boom women and their "millennial" daughters. In seeking to bridge this generation gap, Douglas makes the case for casting aside these retrograde messages, showing us how to decode the mixed messages that restrict the ambitions of women of all ages. And what makes *The Rise Of Enlightened Sexism* such a pleasure to read is Douglas's unique voice, as she blends humor with insight and offers an empathetic and sisterly guide to the images so many American women love and hate with equal measure.

**The Feminine Mystique (50th Anniversary Edition)** UNSW Press

A roadmap to sex and gender for the twenty-first century, using Lady Gaga as a symbol for a new kind of feminism Why are so many women single, so many men

resisting marriage, and so many gays and lesbians having babies? In *Gaga Feminism: Sex, Gender, and the End of Normal*, J. Jack Halberstam answers these questions while attempting to make sense of the tectonic cultural shifts that have transformed gender and sexual politics in the last few decades. This colorful landscape is populated by symbols and phenomena as varied as pregnant men, late-life lesbians, SpongeBob SquarePants, and queer families. So how do we understand the dissonance between these real lived experiences and the heteronormative narratives that dominate popular media? We can embrace the chaos! With equal parts edge and wit, Halberstam reveals how these symbolic ruptures open a critical space to embrace new ways of conceptualizing sex, love, and marriage. Using Lady Gaga as a symbol for a new era, Halberstam deftly unpacks what the pop superstar symbolizes, to whom and why. The result is a provocative manifesto of creative mayhem, a roadmap to sex and gender for the twenty-first century, that holds Lady Gaga as an exemplar of a new kind of feminism that privileges gender and

sexual fluidity. Part handbook, part guidebook, and part sex manual, *Gaga Feminism* is the first book to take seriously the collapse of heterosexuality and find signposts in the wreckage to a new and different way of doing sex and gender. *Female Chauvinist Pigs* HarperCollins Sunday Times bestseller *Lessons to Live By*, without getting up with the lark Hannah Jackson (aka The Red Shepherdess) grew up in the Wirral, and hadn't set foot on a farm until she was 20-years-old. But she'd always loved animals and on a visit to the Lake District, she saw a lamb being born and had a light bulb moment - a burning desire to succeed as a farmer - and never looked back. In *Tales of a Shepherdess*, Hannah gives us a unique insight into farm life and the values it has taught her that we can use in our everyday lives to change ourselves and our world for the better - from connection, communication and community, to leadership, patience and resilience. Hannah will show us how becoming a lambing and farming contractor in a male-dominated and traditional world taught her grit and determination; how training her loyal sheepdog Fraser taught her to

trust; and how sometimes failure can teach us more about ourselves than success. Hannah's journey also teaches us how we should find what sets our hearts on fire and throw everything into it. Hannah's simple and universal wisdom, practical advice, and words of encouragement will inspire you to achieve your goals, follow your dreams and focus on what's really important in life.

Considers aspects of male-female relationships in America today to determine the motivations behind male behavior

*The Rules Do Not Apply* HarperCollins

Fifty years after the Equal Pay Act, why are women still living in a man's world? Debora L. Spar never thought of herself as a feminist. Raised after the tumult of the 1960s, she presumed the gender war was over. As one of the youngest female professors to be tenured at Harvard Business School and a mother of three, she swore to young women that they could have it all. "We thought we could just glide into the new era of equality, with babies, board seats, and husbands in tow," she writes. "We were wrong." Now she is

the president of Barnard College, arguably the most important all-women's college in the United States. And in *Wonder Women: Sex, Power, and the Quest for Perfection*—a fresh, wise, original book—she asks why, a half century after the publication of Betty Friedan's *The Feminine Mystique*, do women still feel stuck. In this groundbreaking and compulsively readable book, Spar explores how American women's lives have—and have not—changed over the past fifty years. Armed with reams of new research, she details how women struggled for power and instead got stuck in an endless quest for perfection. The challenges confronting women are more complex than ever, and they are challenges that come inherently and inevitably from being female. Spar is acutely aware that it's time to change course. Both deeply personal and statistically rich, *Wonder Women* is Spar's story and the story of our culture. It is cultural history at its best, and a road map for the future.

*The Best American Essays 2015* Macmillan  
If male chauvinist pigs of years past thought of women as pieces of meat, female chauvinist pigs today are doing

them one better, making sex objects of other women - and themselves. With a wink and a nudge, they are welcoming back strippers, porn stars and Playboy Bunnies as the heroes of post-feminist culture. In *Female Chauvinist Pigs*, Ariel Levy asks the question- what's in it for us women? Terrifically witty and wickedly intelligent, this book stands firmly in the tradition of Susan Faludi's *Backlash* and Naomi Wolf's *The Beauty Myth*.

*Sexy Feminism* UBC Press

“Sometimes, a child is born to a parent who can't be a parent, and, like a seedling in the shade, has to grow toward a distant sun. Ariel Leve's spare and powerful memoir will remind us that family isn't everything—kindness and nurturing are.”  
—Gloria Steinem  
Ariel Leve grew up in Manhattan with an eccentric mother she describes as “a poet, an artist, a selfappointed troublemaker and attention seeker.” Leve learned to become her own parent, taking care of herself and her mother's needs. There would be uncontrolled, impulsive rages followed with denial, disavowed responsibility, and then extreme outpourings of affection. How does a child learn to feel safe in this

topsyturvy world of conditional love? Leve captures the chaos and lasting impact of a child's life under siege and explores how the coping mechanisms she developed to survive later incapacitated her as an adult. There were material comforts, but no emotional safety, except for summer visits to her father's home in South East Asia—an escape that was terminated after he attempted to gain custody. Following the death of a loving caretaker, a succession of replacements raised Leve—relationships which resulted in intense attachment and loss. It was not until decades later, when Leve moved to other side of the world, that she could begin to emancipate herself from the past. In a relationship with a man who has children, caring for them yields a clarity of what was missing. In telling her haunting story, Leve seeks to understand the effects of chronic psychological maltreatment on a child's developing brain, and to discover how to build a life for herself that she never dreamed possible: An unabbreviated life.  
*Girls Gone Skank* Usborne Publishing Ltd  
Instead of advancing women's social and professional empowerment, popular culture trends appear to be backsliding

into the blatant sexual exploitation of women and girls at younger and younger ages. This study investigates the effects of mass marketed sexual images and cultural trends on the behaviors and attitudes of young girls and describes many ways in which young girls are increasingly taught to go to outrageous lengths in seeking male attention. Topics include the powerful effects of cultural phenomena such as revealing fashions, plastic surgery, and beauty pageants in influencing teen and preteen girls to willingly participate in and promote their own sexualization. These chapters also explore other cultural factors contributing to this early sexualization of young girls, including absentee parenting and material overindulgence. Later chapters focus on the sexual representations of females in the mass entertainment media, focusing specifically on how popular magazines, television programs, films, and the Internet prey upon, promote, and reinforce young girls' physical and sexual insecurities.

*Wonder Women* Sarah Crichton Books  
In this timely volume, contributors from various disciplines analyze reaction and

resistance to feminism in several areas of law and policy ♦ child custody, child poverty, sexual harassment, and sexual assault ♦ and in a number of institutional sites, such as courts, legislatures, families, the mainstream media, and the academy. Collectively, their studies paint a complicated, often contradictory, picture of feminism, law, and social change, offering feminists and activists empirically grounded knowledge to develop legal and political strategies for change.

*How to Start a Revolution* Routledge  
All Amber wants is a little bit of love. Her mum has never been the caring type, even before she moved to California, got remarried and had a personality transplant. But Amber's hoping that spending the summer with her can change all that. And then there's Kyle, the most American person Amber's ever met. She can't help liking him. But can he really be interested in her? Even with best friends Evie and Lottie's advice, Amber's finding love is hard. Is it worth the fight? "I'm a big Holly Bourne fan and this is my favourite yet. She writes with such humour and great honesty, with wonderfully relatable characters. It's also refreshing to

see feminism highlighted in such a positive and relevant way for teenagers." - Fiona Noble, *The Bookseller* "Bourne talks about feminism so openly and truthfully in her books and if you ever doubted the intelligence, ability or passion of teenage girls read her books and you never will again." - Muchbooks reader review on Guardian Children's Books "Written with humour and warmth, Amber's story perfectly captures the emotional rollercoaster that is love: embracing all its joy and pain, whether it be for family, friends or a gorgeous boy. A really satisfying page turner." - BookTrust "Emotive and thought provoking this searingly honest book deals with the biggest life lesson of all - nobody's perfect." - South Wales Daily Post "Holly Bourne truly is the Queen of YA!" - Humaira Kauser, age 17, for LoveReading4Kids "Holly Bourne is hugely popular with the young adult audience. The second instalment in her Normal series tells Amber's story of first love, friendship and addiction." - The Sunday Express "Holly Bourne's new novel demonstrates that with the right female friends, and a decent supply of cheesy

snacks, a girl can get through anything... Well-written and thoughtful, this has a thoroughly authentic twenty-first century teen voice and lightens serious issues with humour." - LoveReading4Kids "When I received this book I let out a squeal... I really love this series." - Lucy the Reader "Hysterical" - Mslexia "The story is equal parts hilarious and heart-wrenching... I cannot get over how many times I snorted out loud whilst reading this book. You'll have to read it to see for yourself" - Fable & Table "[Holly Bourne's] writing style keeps me hooked, makes me feel things and genuinely makes me think hard about important issues. I cannot recommend her novels highly enough and I am on a mission to read them all!" - Adventures of a Teenage Bookworm

**The Left Hand of Darkness** Simon and Schuster

Teen Vogue award-winning columnist Lauren Duca shares a "fun, pithy, and intelligent" (Booklist) guide for challenging the status quo in a much-needed reminder that young people are the ones who will change the world. Journalist Lauren Duca has become an exciting and authoritative voice on the experience of millennials in

today's society. Dan Rather agrees, saying "we need fresh, intelligent, and creative voices—like Lauren's—now as much—perhaps more—than ever before." Now, she explores the post-Trump political awakening and lays the groundwork for a re-democratizing moment as it might be built out of the untapped potential of young people. Duca investigates and explains the issues at the root of our ailing political system and reimagines what an equitable democracy would look like. It begins with young people getting involved. This includes people like Alexandria Ocasio-Cortez, the youngest woman ever to be elected to Congress; David and Lauren Hogg, two survivors of the Parkland, Florida shooting who went on to become advocates for gun control; Amanda Litman, who founded the nonprofit organization Run for Something, to assist progressive young people in down ballot elections; and many more. Called "the millennial feminist warrior queen of social media" by Ariel Levy and "a national newsmaker" by The New York Times, Duca combines extensive research and first-person reporting to track her generation's shift from political alienation

to political participation. Throughout, she also drays on her own story as a young woman catapulted to the front lines of the political conversation (all while figuring out how to deal with her Trump-supporting parents).

*How Hard Can Love Be?* Random House  
A deluxe hardcover edition of the queen of science fiction's trailblazing novel about a planet full of genderless beings—part of Penguin Galaxy, a collectible series of six sci-fi/fantasy classics, featuring a series introduction by Neil Gaiman Winner of the AIGA + Design Observer 50 Books | 50 Covers competition A groundbreaking work of science fiction, *The Left Hand of Darkness* tells the story of a lone human emissary's mission to Winter, an unknown alien world whose inhabitants can choose—and change—their gender. His goal is to facilitate Winter's inclusion in a growing intergalactic civilization. But to do so he must bridge the gulf between his own views and those of the completely dissimilar culture that he encounters. Exploring questions of psychology, society, and human emotion in an alien world, *The Left Hand of Darkness* stands as a landmark achievement in the annals of

science fiction. Penguin Galaxy Six of our greatest masterworks of science fiction and fantasy, in dazzling collector-worthy hardcover editions, and featuring a series introduction by #1 New York Times bestselling author Neil Gaiman, Penguin Galaxy represents a constellation of achievement in visionary fiction, lighting the way toward our knowledge of the universe, and of ourselves. From historical legends to mythic futures, monuments of world-building to mind-bending dystopias, these touchstones of human invention and storytelling ingenuity have transported millions of readers to distant realms, and will continue for generations to chart the frontiers of the imagination. *The Once and Future King* by T. H. White *Stranger in a Strange Land* by Robert A. Heinlein *Dune* by Frank Herbert *2001: A Space Odyssey* by Arthur C. Clarke *The Left Hand of Darkness* by Ursula K. Le Guin *Neuromancer* by William Gibson For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across

genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

*The Pornification of America* Springer A group biography of renowned crime novelist Dorothy L. Sayers and the Oxford women who stood at the vanguard of equal rights Dorothy L. Sayers is now famous for her Lord Peter Wimsey and Harriet Vane detective series, but she was equally well known during her life for an essay asking "Are Women Human?" Women's rights were expanding rapidly during Sayers's lifetime; she and her friends were some of the first women to receive degrees from Oxford. Yet, as historian Mo Moulton reveals, it was clear from the many professional and personal obstacles they faced that society was not ready to concede that women were indeed fully human. Dubbing themselves the Mutual Admiration Society, Sayers and her classmates remained lifelong friends and collaborators as they fought for a truly democratic culture that acknowledged their equal humanity. A celebration of

feminism and female friendship, *The Mutual Admiration Society* offers crucial insight into Dorothy L. Sayers and her world.

*90s Bitch* Berkley

When Ariel Levy left for a reporting trip to Mongolia in 2012, she was pregnant, married, financially secure, and successful on her own terms. A month later, none of that was true.

*Female Chauvinist Pigs* McFarland

"This Beautiful Life is a gripping, potent and blisteringly well-written story of family, dilemma, and consequence. . . . I read this book with white-knuckled urgency, and I finished it in tears. Helen Schulman is an absolutely brilliant novelist." —Elizabeth Gilbert, author of *Eat, Pray, Love* The events of a single night shatter one family's sense of security and identity in this provocative and deeply affecting domestic drama from Helen Schulman, the acclaimed author of *A Day at the Beach* and *Out of Time*. In the tradition of Lionel Shriver, Sue Miller, and Laura Moriarty, Schulman crafts a brilliantly observed portrait of parenting and modern life, cunningly exploring our most deeply-held convictions and revealing the enduring

strengths that emerge in the face of crisis. *Women on Screen* Melville House  
 A revolutionary classic of feminist cinema criticism, Molly Haskell's *From Reverence to Rape* remains as insightful, searing, and relevant as it was the day it was first published. Ranging across time and genres from the golden age of Hollywood to films of the late twentieth century, Haskell analyzes images of women in movies, the relationship between these images and the status of women in society, the stars who fit these images or defied them, and the attitudes of their directors. This new edition features both a new foreword by New York Times film critic Manohla Dargis and a new introduction from the author that discusses the book's reception and the evolution of her views.

**The Purity Myth** Simon and Schuster  
 The fascinating true story of the characters in Hulu's "Mrs. America" and a broader portrait of the two women's movements that spurred an enduring rift between liberals and conservatives. "The many admirers of 'Mrs. America' . . . will find great satisfaction in [Divided We Stand] . . . a clear, compelling and deeply insightful volume." —The Washington Post  
 One of Smithsonian Magazine's Ten Best History Books of the Year In the early 1970s, an ascendant women's rights movement enjoyed strong support from both political parties and considerable success, but was soon challenged by a conservative women's movement formed in opposition. Tensions between the two would explode in 1977 at the

congressionally funded National Women's Conference in Houston, Texas. As Bella Abzug, Gloria Steinem, and other feminists endorsed hot-button issues such as abortion rights, the ERA, and gay rights, Phyllis Schlafly and Lottie Beth Hobbs rallied with conservative women to protest federally funded feminism and launch a pro-family movement. *Divided We Stand* reveals how crucial women and women's issues have been in the shaping of today's political culture. After the National Women's Conference, Democrats continued to back women's rights in cooperation with a more diverse feminist movement while the GOP abandoned its previous support for women's rights and defined itself as the party of family values, irrevocably affecting the course of American politics.
