Why Your Best Is Good Enough Revell

Have a new husband by Friday? Is that even possible? Dr. Kevin Leman says it is. The New York Times bestselling author and self-help guru shows even the most frustrated wife how she can have a new husband by Friday. Leman reminds any wife that if what she's doing to get better behavior out of her husband isn't working now, it never will. So it's time for a change. That means it's time to change her own patterns of behavior. Here's how Leman suggests she handle it day to day: Monday: Secrets Revealed: Cracking the Male Code Yes, you're different species, but you can work together in harmony. Tuesday: Creatures from Another Planet . . . or Creatures of Habit? To understand men, you have to track 'em to their den. Wednesday: Think about What

You Want to Say, Then Divide It by Ten How to talk so your guy will really listen . . . and listen so your guy will really talk.

Thursday: Think of Him as a Seal Waiting for a Three-Pound Fish Why making love to your man is a key to who he is and how satisfied he'll be, and what's in it for you. Friday: It Takes a Real Woman to Make a Man Feel like a Real Man How to open your man's heart, revolutionize your love life, and turn him into the knight you've always dreamed of.

Born to Win Da Capo Lifelong Books

Birth order has a powerful effect on children's emotional development, on their self-esteem, and on their sense of well-being. The youngest child, the firstborn, the middleborn, twins, and the only child all have specific birth order issues that, if not atted to early on, can impair their functioning and their interpersonal relations at home and at school, and can follow them into adulthood. Parental birth order, too, plays an important role, as do such other factors as gender and family size. To

understand these birth order blues, the author, an expert in parent-child relationships, first raises parents' awareness of the impact of birth order upon children. She then shows how to identify their children's birth order problems, often disguised by behaviors such as underachievement or aggression, and suggests how they can resolve these issues and prevent negative behavioral patterns from developing.

Summary of Dr. Kevin Leman's The Birth Order Book Baker Books

Do not forget my teaching, but keep my commands in your heart, for they will prolong your life many years and bring you prosperity. Let love and faithfulness never leave you." These and other seemingly simple lessons were hard-won for a hardheaded young man who was more "wise guy" than "wise" early in life.

Now, internationally known psychologist and New York Times bestselling author Dr. Kevin Leman shares the biblical wisdom that has shaped him into the successful, joy-filled person he is today. With his trademark wit and humorous stories from his personal life, Dr. Leman shows readers how to jump-start or revitalize their lives both spiritually and practically with words from one of the wisest men of all time. (Hint: It's not him.) Dr. Leman offers hope, courage, and a fresh perspective on living a great life, all in a compact, readable package. This lively and inspiring book makes the perfect gift for professionals, graduates, and anyone who could benefit from simple truths for living well.

My Adopted Child, There's No One Like You Revell

There are many factors affecting a child's personality and the adult they become, yet the least understood but most emphatic influence on personality is birth order. Why is it that children in a family can share the same gene pool, a similar socio-economic

environment and experience similar parenting styles yet have fundamentally different personalities, interests and even different careers as adults? Birth order! The implications for parents, teachers and adults involved with children are many. This book also provides answers to all your questions about the personality and behaviour of your colleagues, life partner, friends and siblings. And perhaps explains some of your own ambitions and quirks. Addressing multiple births, special-needs children, genetic engineering, blended families, gender balance, single children and birth-order balance in the workplace, parenting expert and father of three Michael Grose challenges parents to raise each child differently according to his or her birth order.

Birth Order and You Beach Read Press

"What do Angela Merkel, Hillary Rodham Clinton, Christine Lagarde, Oprah Winfrey, Sheryl Sandberg, JK Rowling and Beyoncé have in common?" was the headline in the English newspaper The Observer in 2014. "Other than riding high in Forbes list of the world's most powerful women," journalist Tracy McVeigh wrote in answer to her own question, "they are also all firstborn children in their families. Firstborn children really do excel." So what does it mean to be an eldest daughter? Firstborns Lisette Schuitemaker and Wies Enthoven set out to discover the big five qualities that characterize all eldest daughters to some degree. Eldest daughters are responsible, dutiful, thoughtful, expeditious and caring. Firstborns are more intelligent than their siblings, more proficient verbally and more motivated to perform. Yet at the same time they seriously doubt that they are good enough. Being an eldest daughter can have certain advantages, but the overbearing sense of responsibility often gets in the way.

Parents may worry about their 'difficult' eldest girl who wants to be perfect in everything she does whilst her siblings may not always understand her. "The Eldest Daughter Effect" shows how firstborn girls become who they are and offers insights that can give them more freedom to move. And parents will gain a better understanding of their firstborn children and can support them more fully on their way.

Sheet Music The Rosen Publishing Group, Inc

Finding and keeping the love of your life.

The Birth Order Book Baker Books

Power. Privilege. Paparazzi. Princess. Pregnancy. Birth Order is a gripping modern tale about an ancient tradition. Angela Francis is a London obstetrician/gynecologist to the wealthy and powerful. Her star patient, Clementine, Princess of Wales, is having twins. Clementine is happy to be having both a boy and a girl, and is thrilled that the girl is positioned to deliver first, making her daughter the future Queen of England. But when Angela makes a brief trip to the United States, Clementine unexpectedly goes into labor and is delivered by Angela's partner. He performs a cesarean section and delivers the boy first - ensuring a male heir to the throne. Angela is devastated and determined to find out what happened during the delivery, and more importantly - why. Can she get to the truth before members of the Privy Council for the Preservation of the Monarchy get to her? Fast-paced and edgy, Birth Order is a thriller that explores the tensions between a more modernized British Monarchy and the ambitions of 21st century courtesans who would do anything to maintain the status quo.

The Way of the Wise Tyndale House Publishers, Inc.

Discusses the role of birth order in the characteristics of children and adults, exploring how the order in which a person was born ties into marriage, stepfamilies, vocation, and the business world. The First Born Advantage Springer Science & Business Media Discusses what birth order means, the significance of being born in a certain family position, and ways that families can avoid birth order problems.

The Nature of Birth Order Baker Books

Arguing that birth order plays a powerful role in shaping one's beliefs, careers, and choice of marital partner, explains how to tap birth-order insights to understand personal tendencies and overcome self-limiting obstacles.

The Eldest Daughter Effect Adams Media Corporation

Are you an oldest, middle, youngest or only child? What effect has your birth order had on your life? In this classic work, Karl König attempts to explain the various characteristics of first-, second- and third-born people, without losing sight of the tremendous individuality of the human being. Just as our environment shapes our language, social behaviour and mannerisms, so our place in the family also determines how we encounter life. This book is a fascinating handbook for parents, teachers and carers. Over the years it has become a definitive reference on the subject of child development.

Birth Order Dell Publishing Company

Describes the affects birth order have on a relationship, covering such topics as birth order personalities, what birth orders are compatible as couples, and how to avoid and resolve disagreements.

Counsel Press

The Birth Order Book Revell

The Birth Order Effect for Couples Revell

Between each birth, the family undergoes a reshaping. The experiences of a first child or an only child are very different from those of a youngest child with three siblings. This book explains how birth order affects the type of person you are, the type of spouse you choose, and the type of employer or employee you make.

True Love Dates Rowman & Littlefield

Creating a happy, lifelong marriage is about much more than physical compatibility. It's about a lifestyle of 24-7 intimacy that bonds couples in a mutually satisfying relationship. In *The Intimate Connection*, bestselling marriage expert Dr. Kevin Leman explores key secrets to the love life couples crave. He helps readers - understand each other's needs, backgrounds, and personalities (and how those factors influence every marital interaction) - talk so their spouse really listens - turn negative game-playing into positive behaviors that help couples grow closer - create deep, long-lasting intimacy that's divorce-proof. Whether couples are new to marriage or have been married a long time, Dr. Leman's time-tested strategies will create the kind of exciting intimacy, mutual respect, and fulfilling communication that will keep husbands and wives in each other's arms for a lifetime.

The Secret Power of Middle Children Simon and Schuster
Most individual differences in personality, including those that underlie the propensity to rebel, arise within the family. There is a central problem: Why do some scientists, but not others, readily

accept radical ideas? Siblings raised together are almost as different in their personalities as people from different families. Sulloway claims that the influence of birth order, like that of gender, can be traced with clear and dramatic consequences. Explores a variety of influences, besides birth order, that affect personality. Considers the role of social influences, especially social attitudes and social class. The family is one of the foremost engines of change.

The Birth Order Factor Revell

This study appears at a time when a decisive turn is due in the research on personality development. After many years of stagnation and misguided research in this field, this book should lead to a thorough revision and a better understanding of current views on the factors which have an influence on personality. Let us consider the unsatisfactory aspects of the recent developments in personality studies. At the beginning of this century, the revolutionary insight gained ground that personality is susceptible to various influences, in particular to those resulting from human interaction. This insight swept away many of the old scholastic concepts and gained special importance in the fields of pedagogics and psychotherapy. However, in the wake of every great discovery we find inherent dangers. For years, various claims and creeds on the malleability of personality have been put forward as if they were proven facts. Lay literature, too, was permeated with wrong and distorted information on factors which might endanger child development.
