Guide to U.S. Foreign Policy US Naval Institute Press

An up-to-date and indispensable guide for film history buffs of all kind, this book surveys more than 500 major films based on true stories and historical subject matter. When a film is described as "based on a true story" or "inspired by true events," exactly how "true" is it? Which "factual" elements of the story were distorted for dramatic purposes, and what was added or omitted? Inspired by True Events: An Illustrated Guide to More Than 500 History-Based Films, Second Edition concisely surveys a wide range of major films, docudramas, biopics, and documentaries based on real events, addressing subject areas including military history and war, political figures, sports, and art. This book provides an up-to-date and indispensable guide for all film history buffs, students and scholars of history, and fans of the cinema. Clearly organized to facilitate quick location of specific films and topic areas Provides near-equal emphasis on both the films themselves and the historical events or persons on which they were based Presents carefully researched and highly informative coverage on a wide range of films that address military history, politics, sports, art, business and economics, and crime Offers pointed ideological assessments often avoided by more conventional treatments

In a tour de force of historical reportage, Timothy Egan's National Book Award-winning story rescues an iconic chapter of American history from the shadows. The dust storms that terrorized the High Plains in the darkest years of the Depression were like nothing ever seen before or since. Following a dozen families and their communities through the rise and fall of the region, Timothy Egan tells of their desperate attempts to carry on through blinding black dust blizzards, crop failure, and the death of loved ones. Brilliantly capturing the terrifying drama of catastrophe, he does equal justice to the human characters who become his heroes, "the stoic, long-suffering men and women whose lives he opens up with urgency and respect" (New York Times). In an era that promises ever-greater natural disasters, *The Worst Hard Time* is "arguably the best nonfiction book yet" (Austin Statesman Journal) on the greatest environmental disaster ever to be visited upon our land and a powerful reminder about the dangers of trifling with nature. This e-book includes a sample chapter of THE IMMORTAL IRISHMAN.

A survey of Washington, D.C., area collections, organizations, and agencies, this Scholars' Guide describes scholarly resources for peace studies and international security studies. Among other topics, coverage includes disarmament, environmental issues, international law, military history, and peace theory and research. Four hundred twenty-one institutions are covered, out of more than 750 surveyed in the course of the project. Collections include libraries, archives, art and museum collections, map, recording, photo, and film collections, and data banks. Organizations include research centers, information offices, university programs, government agencies, and associations. For each, directory information is given, along with a description of relevant resources and activities in terms of size, content, and organization of collections; programs; and products (published and unpublished, classified and unclassified). Scholars' Guide to Washington, D.C., for Peace and International Security Studies is the fifteenth in the series of Scholars' Guides edited by Zdenek V. David, librarian at the Woodrow Wilson International Center for Scholars in Washington, D.C. It was prepared in collaboration with the United States Institute of Peace.

American History - Teacher Guide ABC-CLIO

The war in Vietnam was a bitter and unpopular conflict for the American soldiers and people back home. It was also a war where the media played a big role. Both French colonial rule and the American intervention in Vietnam failed, but why? Find out inside! Discover a timeline telling the story of the conflict and explore the battles, technology and tactics of combat. Imagine you're in the humid jungles of Vietnam, the Vietcong ready to ambush your squad any minute and booby traps lay hidden across the ground and you're only a teenager. That was the experience for many

Americans in the sixties.

On October 17, 1965, Navy LTJG Porter Halyburton was shot down over North Vietnam on his 76th mission and listed as killed in action. One-and-a-half years later he was found to be alive and a prisoner of war. Halyburton was held captive for more than seven years. *Reflections on Captivity*, is a collection of fifty short stories about this young naval officer's experiences as a POW in North Vietnam. This book recounts difficult times but focuses more on the positive aspects --the humor, creativity, friendships, courage, and leadership of an amazing group of Americans and how they helped each other survive and even thrive. These vignettes demonstrate how the human mind, body, and spirit can adapt and find meaning in life in the most challenging circumstances. There are powerful lessons learned from this complex experience that continue to guide the author's life to this day. Despite hardship, suffering, and long separation, Halyburton strongly believes one's quality of life is determined more by choices made than by circumstances, and the most liberating choice we can make is to forgive. *Reflections on Captivity* furthers the reader's understanding about the nature of captivity, race relations, human relations, aspects of the air war against North Vietnam, and highlights the importance of leadership, ethics, and devotion to duty in difficult times. it can adapt and find meaning in life in the most challenging circumstances. More than 58,000 American troops and military personnel died in the humid jungles and muddy rivers of Vietnam during the 20-year conflict called the Vietnam War. Why? What were they fighting for? And how could the world's most powerful and technologically advanced military be defeated by a small, poverty-stricken country? These questions have haunted the U.S. government, the military, and the American public for nearly a half century. In *The Vietnam War*, kids ages 12 to 15 explore the global conditions and history that gave rise to the Vietnam War, the reasons why the United States became increasingly embroiled in the conflict, and the varied causes of its shocking defeat. As readers learn about how the fear of the spread of communism spurred the United States to enter a war that was erupting on the other side of the world, they find themselves immersed in the mood and mindset of the Vietnam Era. Through links to online primary sources, including speeches, letters, photos, and songs, readers become familiar with the reality of combat life for young American soldiers, the frustration of military advisors as they failed to subdue the Viet Cong, and the empty promises made by U.S. presidents to soothe an uneasy public. The Vietnam War also pays close attention to the development of a massive antiwar movement and counterculture that divided the country into "hawks" and "doves." In-depth essential questions help middle schoolers analyze primary sources and develop their own evidence-supported views on a range of issues. The Vietnam War also fosters critical thinking skills through projects such as creating antiwar and pro-war demonstration slogans, writing letters from the perspective of a U.S. soldier and a south Vietnamese citizen, and building arguments for and against the media's coverage of the war. Additional learning

materials include engaging illustrations, maps, a glossary, a bibliography, and resources for further independent learning. The Vietnam War is one book in a set of four that explore great events of the twentieth century. Other titles in this set include Globalization: Why We Care About Faraway Events; World War II: From the Rise of the Nazi Party to the Dropping of the Atomic Bomb; and The Space Race: How the Cold War Put Humans on the Moon.

Simple History: Vietnam War ABC-CLIO

"Should be in the hands of every history teacher in the country."— Howard Zinn James Loewen has revised *Teaching What Really Happened*, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and the historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: An up-to-date assessment of the potential and pitfalls of U.S. and world history education. Information to help teachers expect, and get, good performance from students of all racial, ethnic, and socioeconomic backgrounds. Strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography. Ideas from teachers across the country who are empowering students by teaching what really happened. Specific chapters dedicated to five content topics usually taught poorly in today's schools.
