This volume explores the significations and developments of the Salsa

consciente movement, a Latino musico-poetic and political discourse that exploded in the 1970s but then dwindled in momentum into the early 1990s. This movement is largely linked to the development of Nuyolatino popular music brought about in part by the mass Latino migration to New York City beginning in the 1950s and the subsequent social movements that were tied to the shifting political landscapes. Defined by its lyrical content alongside specific sonic markers and political and social issues facing U.S. Latinos and Latin Americans, Salsa consciente evokes the overarching cultural-nationalist idea of Latinidad (Latin-ness). Through the analysis of over 120 different Salsa songs from lyrical and musical perspectives that span a period of over sixty years, the author makes the argument that the urban Latino identity expressed in Salsa consciente was constructed largely from diasporic, deterritorialized, and at times imagined cultural memory, and furthermore

proposes that the Latino/Latin American identity is in part based on African and Indigenous experience, especially as it relates to Spanish colonialism. A unique study on the intersection of Salsa and Latino and Latin American identity, this volume will be especially interesting to scholars of ethnic studies and musicology alike.

Joaquin Murrieta. In the California gold camps of the 1850s, his very name struck terror into the hearts of miners. A bounty was put on his head and a new law-enforcement agency created just to capture or kill him. Joaquin was a lover, a leader, and a legend. While terrorizing white miners, he earned respect and devotion from the many Mexicans and Latin Americans in the gold fields. Although he tried to live an honest, hardworking life, the racism and intolerance he encountered altered his course. Forced into a life of crime, he struck back, forming a band of outlaws and then an army of patriots, with the intent of driving the Americans from the land that had so recently been Mexican territory. The historical epic novel *Blood and Gold: The Legend of Joaquin Murrieta*, by Jeffrey J. Mariotte and Peter Murrieta, is the definitive account of the life and legend of the "Robin Hood of the El Dorado"--the first fictional treatment of these events that benefits from memories handed down through

generations of the Murrieta family. Dallas's Little Mexico HarperCollins 'Malala is an inspiration to girls and women all over the world.' - J.K. He's one of America's most recognizable and acclaimed actors—a star on Broadway, an Oscar nominee for *The Aviator*, and the only person to ever win Emmys for acting, writing, and directing, during his eleven years on *M\*A\*S\*H*. Now Alan Alda has written a memoir as elegant, funny, and affecting as his greatest performances. "My mother didn't try to stab my father until I was six," begins Alda's irresistible story. The

son of a popular actor and a loving but mentally ill mother, he spent his early childhood backstage in the erotic and comic world of burlesque and went on, after early struggles, to achieve extraordinary success in his profession. *Yet Never Have Your Dog Stuffed* is not a memoir of show-business ups and downs. It is a moving and funny story of a boy growing into a man who then realizes he has only just begun to grow. It is the story of turning points in Alda's life, events that would make him what he is—if only he could survive them. From the moment as a boy when his dead dog is returned from the taxidermist's shop with a hideous expression on his face, and he learns that death can't be undone, to the decades-long effort to find compassion for the mother he lived with but never knew, to his acceptance of his father, both personally and professionally, Alda learns the hard way that change, uncertainty, and transformation are what life is made of, and true happiness is found in embracing them. *Never Have Your Dog Stuffed*, filled with curiosity about nature, good humor, and honesty, is the crowning achievement of an actor, author, and director, but surprisingly, it is the story of a life more filled with turbulence and laughter than any Alda has ever played on the stage or screen.

"Indeed, the essence of Camp is its love of the unnatural: of artifice and exaggeration." —Susan Sontag, 1964

Although an elusive concept, "camp" can be found in most forms of artistic expression, revealing itself to be a complex aesthetic that challenges the status quo. As an expression of the playful dynamics between high art and popular culture, fashion both embraces and flaunts such camp modes as irony,

humor, parody, pastiche, artifice, theatricality, and exaggeration. Drawing from Susan Sontag's seminal 1964 essay "Notes on 'Camp'," this multifaceted publication presents the sartorial manifestations of the camp sensibility while contributing new theoretical and conceptual insights to the camp canon through texts and images. Stunning new photography by Johnny Dufort highlights works by exceptional fashion designers including Thom Browne, John Galliano, Jean Paul Gaultier, Marc Jacobs, Karl Lagerfeld, Alessandro Michele, Franco Moschino, Yves Saint Laurent, Jeremy Scott, Anna Sui, Gianni Versace, and Vivienne Westwood.

**Mindful Drinking** HarperCollins

"An incisive, elegantly written, new book about America's unique role in the world." --Tom Friedman, *The New York Times* A brilliant and visionary argument for America's role as an enforcer of peace and order throughout the world--and what is likely to happen if we withdraw and focus our attention inward. Recent years have brought deeply disturbing developments around the globe. American sentiment seems to be leaning increasingly toward withdrawal in the face of such disarray. In this powerful, urgent essay, Robert Kagan elucidates the reasons why American withdrawal would be the worst possible response, based as it is on a fundamental and dangerous misreading of the world. Like a jungle that keeps growing back after being cut down, the world has always been full of dangerous actors who, left unchecked, possess the desire and ability to make things worse. Kagan makes clear how the "realist" impulse to recognize our limitations and focus on our failures misunderstands the essential role America has played for decades in keeping the world's worst

instability in check. A true realism, he argues, is based on the understanding that the historical norm has always been toward chaos--that the jungle will grow back, if we let it.

En las últimas dos décadas hemos visto una transformación radical en la industria mediática. Pasamos de la noción planetaria de mercado a través de la concentración mediática de las grandes networks a la digitalización de contenidos y su distribución a través de todos los canales y plataformas posibles. Los medios apelaron a los gobiernos locales por una desregulación y una autorregulación para garantizar que sus fusiones y acciones transnacionales pudieran operar de una manera más efectiva. La conformación de networks fue la vía rápida para lograr la convergencia tecnológica, la convergencia cultural y de consumidores. Así fuimos testigos de la hibridación corporativa y de géneros: edutainment, informerciales, infotainment, politainment, advertorials, advergames, newsgame... La comunicación se hizo convergente, híbrida, desregulada y digital. Con la aparición de las redes socio digitales la industria se reorganizó impactando no sólo los modos de producción, sino también de almacenamiento, distribución, consumo y socialización. A la competencia entre los monopolios públicos y privados se sumó la participación de las audiencias en los modos de producción; vivimos en ese momento el esplendor de la era de la participación.

The Emmy Award-winning legal journalist and co-host of *The View* Sunny

Hostin chronicles her journey from growing up in a South Bronx housing project to becoming an assistant U.S. attorney and journalist in this powerful memoir that offers an intimate and unique look at identity, intolerance, and injustice. "What are you?" has followed Sunny Hostin from the beginning of her story, as she grew up half Puerto Rican and half African-American raised by teenage parents in the South Bronx. Escaping poverty and the turbulence of her early life through hard work, a bit of luck and earning academic scholarships to college and law school, Sunny immersed herself in the workings of the criminal justice system. In Washington, D.C., Sunny became a federal prosecutor, soon parlaying her wealth of knowledge of the legal system into a successful career as a legal journalist. Today, an inescapable voice from the top echelons of news and entertainment, Sunny uses her platform to advocate for social justice and give a voice to the marginalized. In her signature no-holds-barred, straight-up style, Sunny opens up and shares her intimate struggles with fertility and personal turmoil, and reflects on the high-stakes cases and stories she worked on as a prosecutor and during her time at CNN, Fox News, ABC and *The View*. Timely, poignant, and moving, *I Am These Truths* is the story of a woman living between two worlds, and learning to bridge them together to fight for what's right.

**The Jungle Grows Back** Metropolitan Museum of Art

An inspiring, timely, and conversation-starting memoir from the barrier-breaking and Emmy Award-winning journalist Ilia Calderón—the first Afro-Latina to anchor a high-profile newscast for a major Hispanic broadcast network in the United States—about following your dreams, overcoming prejudice, and embracing your identity. As a child, Ilia Calderón felt like a typical girl from Colombia. In Chocó, the Afro-Latino province where she grew up, your skin could be any shade and you'd still be considered blood. Race was a non-issue, and Ilia didn't think much about it—until she left her community to attend high school and college in Medellín. For the first time, she became familiar with horrifying racial slurs thrown at her both inside and outside of the classroom. From that point on, she resolved to

become “deaf” to racism, determined to overcome it in every way she could, even when she was told time and time again that prominent castings weren't “for people like you.” When a twist of fate presented her the opportunity of a lifetime at Telemundo in Miami, she was excited to start a new life, and identity, in the United States, where racial boundaries, she believed, had long since dissolved and equality was the rule. Instead, in her new life as an American, she faced a new type of racial discrimination, as an immigrant women of color speaking to the increasingly marginalized Latinx community in Spanish. Now, Ilia draws back the curtain on the ups and downs of her remarkable life and career. From personal inner struggles to professional issues—such as being directly threatened by a Ku Klux Klan member after an interview—she discusses how she built a new identity in the United States in the midst of racially charged violence and political polarization. Along the way, she'll show how she's overcome fear and confronted hate head on, and the inspirational philosophy that has always propelled her forward.
