How should we share the truth about the environmental crisis? At a moment when even the most basic facts about ecology and the climate face contestation and contempt, environmental advocates are at an impasse. Many have turned to social media and digital technologies to shift the tide. But what if their strategy is not only flawed, but dangerous? The Truth about Nature follows environmental actors as they turn to the internet to save nature. It documents how conservation efforts are

transformed through the political economy of platforms and the algorithmic feeds that have been instrumental to the rise of post-truth politics. Developing a novel account of post-truth as an expression of power under platform capitalism, Bram Büscher shows how environmental actors attempt to mediate between structural forms of platform power and the contingent histories and contexts of particular environmental issues. Bringing efforts at wildlife protection in Southern Africa into dialogue with a sweeping analysis of truth and power in the twenty-first century, Büscher makes the case for a new environmental politics that radically reignites the art of speaking truth to power.

As Auden wrote to Byron, here Thompson writes to Auden. It's a poem, a letter, an anachronism, and a parody. It's an irreverent and original venture into the world of the Audenesque, and a homage to one of the twentieth-century's greatest poets.

They say there have been eight worlds before ours. Eight times the people of this Earth, over vast millennia, built their civilizations. They reached heights we cannot even imagine now: they spoke to the stars, reshaped the creatures of the world, and mastered form and essence. They built cities and machines that have since crumbled to dust, leaving only their vast outlines and barest remnants. This is the Ninth World. The people of the prior worlds are gone scattered, disappeared, or transcended. But their works remain, in the places and devices that still contain some germ of function. The ignorant call these magic, but the wise know that these are our legacy. They are our future. They are the... "Very funny and unexpected, a material response to our times, plush as velvet."

-Rachel Cusk "A wickedly funny and emotionally expansive novel about all the bewildering ways we seek solace from the people and things that surround us." - Jenny Offill David Leavitt returns with his signature "coolly elegant prose" (O, The Oprah Magazine) to deliver a comedy of

manners for the Trump era. It is the Saturday after the 2016 presidential election, and in a plush weekend house in Connecticut, an intimate group of friends, New Yorkers all, has gathered to recover from what they consider the greatest political catastrophe of their lives. They have just sat down to tea when their hostess, Eva Lindquist, proposes a dare. Who among them would be willing to ask Siri how to assassinate Donald Trump? Liberal and like-minded editors, writers, a decorator, a theater producer, and one financial guy, Eva's husband, Bruce-the friends have come to the countryside in the hope of restoring the bubble in which they have grown used to living. Yet with the exception of one brash and obnoxious book editor, none is willing to accept Eva's challenge. Shelter in Place is a novel about house and home, furniture and rooms, safety and freedom and the invidious ways in which political upheaval can undermine even the most seemingly impregnable foundations. Eva is the novel's polestar, a woman who moves through her days accompanied by a roving, carefully curated salon. She's a generous hostess and more than a bit of a control freak,

whose obsession with decorating allows Leavitt to treat us to a slyly comic look at the habitués and fetishes of the so-called shelter industry. Yet when, in her avidity to secure shelter for herself, she persuades Bruce to buy a grand if dilapidated apartment in Venice, she unwittingly sets off the chain of events that will propel him, for the first time, to venture outside the bubble and embark on a wholly unexpected love affair. A comic portrait of the months immediately following the 2016 election, *Shelter in Place* is also a meditation on the unreliable appetites-for love, for power, for freedom-by which both our public and private lives are shaped.

The central concern of these eight studies and essays is the understanding and critique of culture at the shifty boundaries between the Modern and the Postmodern epochs. The author contends that what needs to be addressed is the very abyss, the "spacetime" between the Modern and the Postmodern worldviews, as well as the tension between aesthetics and ethics, critical discourse and the creative arts, in an effort to rethink multireferential processes of signification. The keystone of the book is Carravetta's notion of Diaphoristics, a theory of interpretation as dialogue. Diaphora, or difference, refers to the ancient quarrel between poetry and

philosophy and signifies the movement between asymmetrical or heterogeneous forms of discourse that have, both historically and speculatively, borne the transfer of meaning from one semantic/hermeneutic field to another. The author focuses on the necessary risk and duplicity of criticism and develops nonagonistic models based on figuration and rhetorical dynamics. In two other chapters, the author steps back to reassess, in terms of the diaphora, the diverging notions of Postmodernity by the continental philosophers Lyotard and Vattimo. The collection ends with an essay on the long-overdue conversation between Vico and Heidegger.

Since publication over ten years ago, *The Translator's Invisibility* has provoked debate and controversy within the field of translation and become a classic text. Providing a fascinating account of the history of translation from the seventeenth century to the present day, Venuti shows how fluency prevailed over other translation strategies to shape the canon of foreign literatures in English and investigates the cultural consequences of the receptor values which were simultaneously inscribed and masked in foreign texts during this period. The author locates alternative translation theories and practices in British, American and European cultures which aim to communicate linguistic and cultural differences instead of removing them. In this second edition of his work, Venuti: clarifies and further develops key terms and arguments responds to critical commentary on his argument incorporates new case studies that include: an eighteenth century translation of a French novel by a working class woman; Richard Burton's controversial translation of the *Arabian Nights*; modernist poetry translation; translations of Dostoevsky by

the bestselling translators Richard Pevear and Larissa Volokhonsky; and translated crime fiction updates data on the current state of translation, including publishing statistics and translators' rates. *The Translator's Invisibility* will be essential reading for students of translation studies at all levels. Lawrence Venuti is Professor of English at Temple University, Philadelphia. He is a translation theorist and historian as well as a translator and his recent publications include: *The Scandals of Translation: Towards an Ethics of Difference* and *The Translation Studies Reader*, both published by Routledge. The Renaissance Imagination

Argentinian Literature

The Poet and the King, described by the New York Review of Books as "the finest and most perceptive of all the innumerable accounts of La Fontaine," is being offered for the first time in an English translation. La Fontaine, whose works are still memorized by French schoolchildren, is regarded by Fumaroli, and countless others, as the greatest French lyric poet of the seventeenth century. La Fontaine is best known, however, for his fables and Contes. Marc Fumaroli's grand study is almost as much

about Louis XIV as it is about La Fontaine. He provides a detailed analysis of the absolutist politics and attempts by the king and his ministers to enforce an official cultural style. Fumaroli's work is a meditation on the plight of the artist under such a ruler during the imposition of a tyrannical, centralized political regime. Of particular interest to Fumaroli is Nicolas Fouquet, whose fall from power is the central event of the book. Fouquet, La Fontaine's patron, was arrested and imprisoned by order of Louis XIV on false charges of embezzlement and treason. For La Fontaine, the arrest was a disaster. Fouquet had generously supported and protected La Fontaine, who remained loyal to him for decades, helping in his defense and writing pleas for pardon. Many of Fouquet's associates were arrested. Others, including La Fontaine, prudently left town. During the reign of Louis XIV, the basic role of literature in the eyes of the court was that of an official propaganda machine. The royal cultural policy supported only tragedy and the heroic ode, and demanded works that praised the king. In the years that followed Fouquet's arrest, La Fontaine had to rely

on support from groups unconnected with the government, including Jansenists, Protestants, and the libertine, homosexual circle of the Duc de Vendôme. Fumaroli reads history with an eye on the modern world. His La Fontaine and his Fouquet, his world of free culture in opposition to state power, are models for the liberal vision of the possible role of culture in modern society. The Poet and the King offers not only a captivating history of one of France's greatest poets, but also carries the message that great literature and art can be created in spite of repressive cultural and political regimes.

Euroscepticism has become a political challenge of imposing size. The belief that the EU would continue, inexorably, to increase its responsibilities, its membership, and its credibility with the electorates of Europe seems like a pipedream. Almost every major European country now has a political party (whether of the left or right) that is openly opposed to the EU's institutions and core policies. However, a political phenomenon on this scale did not spring up, mushroom-like, overnight. Sentiments, attitudes and

political standpoints against the European Union have deep roots in the national histories of the various member states. This book assembles a group of scholars from across Europe to investigate the long-term origins and causes of Euroscepticism in an apposite range of EU countries. Contributors are: Gabriele D'Ottavio, Kira Gartzou-Katsouyanni, Mark Gilbert, Adéla Gjuričová, Simona Guerra, Thorsten Borring Olesen, Daniele Pasquinucci, Emmanuelle Reungoat, Paul Taggart, Antonio Varsori, and Hans Vollaard.
